(3) The court may endorse upon the summons an order directing the person or persons having the physical custody or control of the youth to bring the youth to the hearing.

**Section 26.** Section 41-5-521, MCA, is amended to read:

**"41-5-521. Adjudicatory hearing.** (1) Prior to any adjudicatory hearing, the court shall determine whether the youth admits or denies the offenses alleged in the petition. If the youth denies all offenses alleged in the petition, the youth or the youth's parent, guardian, or attorney may demand a jury trial on the contested offenses. In the absence of a demand, a jury trial is waived. If the youth denies some offenses and admits others, the contested offenses may be dismissed in the discretion of the youth court judge. The adjudicatory hearing must be set immediately and accorded a preferential priority.

(2) An adjudicatory hearing must be held to determine whether the contested offenses are supported by proof beyond a reasonable doubt in cases involving a youth alleged to be delinquent or in need of supervision. If the hearing is before a jury, the jury's function is to determine whether the youth committed the

(3) An adjudicatory hearing must be recorded verbatim by whatever means the court considers appropriate.

(4) The youth charged in a petition must be present at the hearing and, if brought from detention to the hearing, may not appear clothed in institutional clothing.

(6) If, on the basis of a valid admission by a youth of the allegations of the petition or after the hearing required by this section, a youth is found to be a delinquent youth or a youth in need of supervision, the court shall schedule a dispositional hearing under this chapter.

(7) When a jury trial is required in a case, it may be held before a jury selected as provided in Title 25, chapter 7, part 2, and in Rule 47, M.R.Civ.P."

**Section 27.** Section 41-5-522, MCA, is amended to read:

**"41-5-522. Dispositional hearing.** (1) As soon as practicable after a youth is found to be a delinquent youth or a youth in need of supervision, the court shall conduct a dispositional hearing. The dispositional hearing may involve a determination of the financial ability of the youth's parents or guardians to pay a contribution for the cost of care, commitment, and treatment of the youth as required in ~~41-5-523~~ *[section 35].*

(2) Before conducting the dispositional hearing, the court shall direct that a social summary or predisposition report be made in writing by a probation officer concerning the youth, the youth's family, the youth's environment, and other matters relevant to the need for care or rehabilitation or disposition of the case. The youth court may have the youth examined, and the results of the examination must be made available to the court as part of the social summary or predisposition report. The court may order the examination of a parent or guardian whose ability to care for or supervise a youth is at issue before the court. The results of the examination must be included in the social summary or predisposition report. The youth or the youth's parents, guardian, or counsel has the right to subpoena all persons who have prepared any portion of the social summary or predisposition report and has the right to cross-examine the parties at the dispositional hearing.

(3) Defense counsel must be furnished with a copy of the social summary or predisposition report and psychological report prior to the dispositional hearing.

(5) If the court finds that it is in the best interest of the youth, the youth or the youth's parents or guardian may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation.

~~(6) In determining whether restitution, as authorized by 41-5-523, is appropriate in a particular case, the following factors may be considered in addition to any other evidence:~~

~~(a) age of the youth;~~

~~(b) ability of the youth to pay;~~

~~(c) ability of the parents, legal guardian, or those that contributed to the youth's delinquency or need for supervision to pay;~~

~~(d) amount of damage to the victim; and~~

~~(e) legal remedies of the victim. However, the ability of the victim or the victim's insurer to stand any loss may not be considered in any case.~~"

~~(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility if the judge finds that the placement is necessary for the protection of the public. Once a youth is committed to the department for placement in a state youth correctional facility, the department is responsible for determining an appropriate date of release into an appropriate placement.~~

~~(g)~~*(4)* order restitution by the youth or the youth's parents *or guardians, subject to the provisions of [section 37]*;

Only the department may, pursuant to subsection (1)(f), place a youth in a residential treatment facility.~~;

~~(n)~~*(11) subject to the provisions of [section 31],* commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102~~. ~~(b) A youth may not be held in a state youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. ~~(c) A youth may not be placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.~~

~~(3) A youth placed in a state youth correctional facility or other facility or program operated by the department or who signs an aftercare agreement under 52-5-126 must be supervised by the department. A youth who is placed in any other placement by the department, the youth court, or the youth court's juvenile probation officer must be supervised by the probation officer of the youth court having jurisdiction over the youth under 41-5-205 whether or not the youth is committed to the department. ~~(c) submitting an application to a facility in which the youth may be placed; and~~

~~(d) case management of the youth.~~

~~(4) The youth court may order a youth to receive a medical or psychological evaluation at any time prior to final disposition if the youth waives the youth's constitutional rights in the manner provided for in 41-5-303. ~~(b) A court ordered exception from contributions under this section must be in writing and be included in the order. An exception from the immediate income withholding requirement may be granted if the court finds there is:~~

~~(i) good cause not to require immediate income withholding; or~~

~~(ii) an alternative arrangement between the department and the person who is ordered to pay contributions.~~

~~(c) A finding of good cause not to require immediate income withholding must, at a minimum, be based upon:~~

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 1 through 3] give the public employees' retirement board authority to adopt rules to implement the provisions of the bill.

It is the intent of the legislature to guarantee a minimum level of annual benefit increases for retired members and their contingent annuitants or survivors under each of the statewide public employee retirement systems. The legislature also intends to fund this guaranteed annual benefit adjustment (GABA) in the most cost-effective manner possible.

Because the GABA is intended to address the erosion of retirement benefits caused by inflation as cost-effectively as possible, it is the intent of the legislature that the guaranteed annual 1.5% minimum adjustment not begin until after the original benefit has been paid for at least 36 months.

Because it is most cost-effective to reduce current unfunded liabilities as well as to avoid future unfunded liabilities and to fund new benefits as they accrue, the bill provides that the GABA be substituted for other benefits in cases in which the GABA is as valuable or more valuable to members. The resulting actuarial savings will reduce the additional funding required for the GABA.

In the public employees', sheriffs', and game wardens' retirement systems, all members will automatically be covered by the GABA provided for in this bill instead of the current postretirement adjustments based on investment earnings.

In the highway patrol officers', municipal police officers', firefighters' unified, and judges' retirement systems, in which the substitution of the GABA in place of other benefits is not a clear benefit enhancement for all current members, it

is the intent of the legislature that the members be provided with a thorough analysis of the benefits to be substituted so that members may individually and irrevocably elect whether to be covered under the provisions of this bill. However, it is not the intent of the legislature that the retirement board or its administrative staff be required to recommend a specific or best choice to individual members.

It is the intent of the legislature that all future members of these systems be covered by the GABA in place of certain other benefits.

*Be it enacted by the Legislature of the State of Montana:*

(3) A continuation statement may be filed by the secured party within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any continuation statement must be signed by the secured party, identify the original statement by file number, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with 30-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective, after which it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to the lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if the filing officer has retained a microfilm or other photographic record or a record produced according to rules adopted by the secretary of state~~,~~ or, in other cases after 1 year after the lapse, upon approval by the local government records destruction subcommittee provided for in 2-6-403. The filing officer shall arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if the filing officer

physically destroys the financing statements of a period more than 5 years past, those ~~which~~ *that* have been continued by a continuation statement or ~~which~~ *that* are still effective under subsection (6) ~~shall~~ *must* be retained.

(4) Except as provided in subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing. The filing officer shall hold the statement or a microfilm or other photographic copy or a copy produced according to rules adopted by the secretary of state for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fees for filing, indexing, and stamping a copy furnished by the filing party to show the date and place of filing must be set pursuant to subsection (12).

(6) If the debtor is a transmitting utility and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage that is effective as a fixture filing under 30-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5) or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagers in a mortgage of the real estate described and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if the secured party were the mortgagee under the financing statement or, if indexing is by description, in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) When a financing or continuation statement filed by a financial institution covers farm products or accounts, livestock, general intangibles arising from or relating to the sale of farm products by a farmer, crops growing or to be grown, or equipment used in farming operations, the fee for filing must be established by the secretary of state in an amount commensurate with the costs of establishing and operating the computerized access system described in subsection (9).

(9) Within 1 working day of receipt of a financing or continuation statement, the secretary of state shall record the information contained in the statement on a centralized computer system that the secretary of state shall establish. The computer system must allow access to financing statement information by any type of communications ~~which~~ *that* conform to standards used by the state central computer. The system must have safeguards to allow only access to UCC data and to prevent alteration, addition, or deletion of the UCC data. The computer must be accessible whenever the state computer system is available. A perfected security interest is not created until the financing statement information is recorded on the system. A printout of information from the system is prima facie evidence of the existence or nonexistence of the filing of a financing statement. The secretary of state shall maintain adequate errors and omissions liability coverage to protect against input errors causing loss to a secured party.

HeinOnline -- 1997 vol. II 1365 1997

(10) The secretary of state shall, upon request of a clerk and recorder, mail a certified copy of a financing statement, continuation statement, assignment, amendment, or termination covering collateral described in subsection (8) to the clerk and recorder in the county of the principal debtor's residence. The secretary of state shall mail the requested copies at least once each week. This subsection does not require the secretary of state to mail a copy of any document ~~which~~ *that* does not specifically indicate the county of the principal debtor's residence on its face.

(11) Financing statement information in the computer system constitutes public writings within the meaning of 2-6-101, but the information may not be used to compile mailing lists.

(12) The secretary of state, with advice from the county clerk and recorders, shall by administrative rule establish fees as required by this part. The fees must be commensurate with the costs of processing the documents. The secretary of state shall maintain records sufficient to support the amounts of the fees established under this subsection. The secretary of state shall deposit all fees in the enterprise fund in the state treasury. The secretary of state shall disseminate the uniform fee schedule to the county clerk and recorders for their use."

AN ACT PROVIDING FOR THE EFFECT OF A RELEASE OR COVENANT NOT TO SUE; REVISING THE PRINCIPLES GOVERNING LIABILITY AND THE DETERMINATION OF LIABILITY WHEN MULTIPLE PERSONS ARE AT FAULT; AMENDING SECTIONS 27-1-702 AND 27-1-703, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, the Montana Supreme Court, in Plumb v. District Court, 927 P.2d 1011, 53 St. Rep. 1187 (1996), recently declared unconstitutional portions of Montana's comparative negligence statute because it failed to provide an opportunity for a nonparty to defend oneself, and it required the plaintiff to act in a dual capacity by requiring that the plaintiff represent nonparties; and

WHEREAS, the Montana Supreme Court also recognized in Plumb that parties who settle represent the single exception for fair apportionment of liability under third-party practice rules; and

WHEREAS, the Montana Supreme Court has recognized that the Legislature may alter tort causes of action to promote legitimate state interests; and

WHEREAS, the Legislature helieves that the policy of the stato is that claimants, defendants, and other potentially liable persons should he held responsible to the extent of individual fault; and

WHEREAS, the Legislature has retained joint and several liability, hut modified it hecause of that policy; and

WHEREAS, the current system of modified joint and several liahility must permit a consideration of the fault attrihutahle to parties who settle or are released for the modified system to be operative; and

WHEREAS, the Legislature believes that a claimant who enters into a settlement or covenant not to sue does so because the claimant has made a considered judgment that the agreement is in the claimant's best intorests; and

WHEREAS, the Legislature intends that the liahility of persons who settle or are released and who may share in the responsihility for a tort cause of action be considered by the trier of fact and apportioned a percentage of damages according to their negligence; and

WHEREAS, the Legislature believes that the percent credit rule, rather than the dollar credit rule, more accurately reflects the basis for comparative negligence, which apportions liability according to the porcentage of individual negligence.

THEREFORE, the Legislature finds it appropriate to pass legislation addressing the concerns raised by the Montana Supreme Court and to accomplish the Legislature's objectives of allocating liability on the hasis of individual negligence, encouraging fair settlements that accurately reflect potential liahility, and permitting the allocation of a percentage of liability to persons who settle or are released and are found to be partially or wholly responsible.

*Be it enacted by the Legislature of the State of Montana:*

**Scction 1. Release — covenant not to sue.** A release or covenant not to sue given to one of two or more porsons liable in tort for the same injury, death, damage, or loss:

(1) does not discharge any other tortfeasor from liability for that tortfeasor's several pro rata share of liability for the injury, death, damage, or loss unless the release or covenant not to sue provides otherwise;

(2) reduces the aggregate claim against the other tortfeasors to the extent of any percentage of fault attributed hy the trier of fact under 27-1-703(6) to the tortfeasor to whom the release or covenant is given;

(3) discbarges the tortfeasor to whom it is given from all liability for contribution.

**Section 2.** Section 27-1-702, MCA, is amended to read:

**"27-1-702. Comparative negligencc — cxtcnt to which contributory negligence bars recovery in action for damages.** Contributory negligence ~~shall~~ *does* not bar recovery in an action by ~~any~~ *a* person or ~~his~~ *the person's* legal

representative to recover damages for negligence resulting in death or injury to *the* person or property if ~~such~~ *the contributory* negligence was not greater than the negligence of the person or the combined negligence of all persons against whom recovery is sought, but any damages allowed ~~shall~~ *must* be diminished in the propertion to the ~~amount~~ *percentage* of negligence attributable te the person recovering."

**Section 3.** Section 27-1-703, MCA, is amended to read:

"**27-1-703. Multiple defendants — determination of liability.** (1) Except as provided in subsections (2) and (3), ~~whenever~~ *if* the negligence of a party ~~in any~~ *to an* action is an issue, each party against whom recovery may be allowed is jointly and severally liahle for the amount that may be awarded to the claimant but has the right of contribution from any other person whose negligence may have contributed as a proximate cause to the injury complained of.

(2) A party whose negligence is determined to be 50% or less of the combined negligence of all persons described in subsection (4) is severally liable only and is responsible only for the ~~amount~~ *percentage* of negligence attributable to that party, except as provided in subsection (3). The remaining parties are jointly and severally liable for the total less the ~~amount~~ *percentage* attributahle to the claimant *and to any person with whom the claimant has settled or who the plaintiff has released from liability.*

(3) A party may be jointly liable for all damages caused by the negligence of another if both acted in concert in contributing to the claimant's damages or if one party acted as an agent of the other.

(4) On motion of ~~any~~ *a* party against whom a claim is asserted for negligence resulting in death or injury to person or property, any other person whose negligence may have contributed as a proximate cause to the injury complained of may he joined as an additional party to the action. For purposes of determining the percentage of liability attributable to each party whose action contributed to the injury complained of, the trier of fact shall consider the negligenco of the claimant, injured person, defendants, and third-party defendants. The liability of ~~nonparties, including~~ persons released from liability by the claimant ~~and persons immune from liability to~~ *and persons with whom* the claimant~~,~~ *has settled* must also be considered hy the trier of fact, as provided in subsection (6). The trier of fact shall apportion the percentage of negligence of all persons listed in this subsection. ~~Contribution must be proportional to the liability of the parties against whom recovery is allowed.~~ Nothing contained in this section makes any party indispensable pursuant to Rule 19, Montana Rules of Civil Procedure.

(5) If for any reason all or part of the contribution from a party liable for contribution cannot be obtained, each of the other parties shall contribute a propertional part of the unpaid portion of the noncontributing party's share and may obtain judgment in a pending or subsequent action for contribution from the noncontributing party. A party found to be 50% or less negligent for the injury complained of is liable for contribution under this section only up to the percentage of negligence attributed to that party.

(6) (a) In an action based on negligence, a defendant may assert as a defense that the damages of the claimant were caused in full or in part by a ~~nonparty,~~

HeinOnline -- 1997 vol. II 1376 1997

~~which may be referred to as a nonparty defense~~ *person with whom the claimant has settled or who the claimant has released from liability.*

(b) In determining the percentage of liability attributable to persons who are parties to the action, the trier of fact shall consider the negligence of ~~nonparties, including~~ persons released from liability by the claimant ~~and persons immune from liability to the claimant, if a nonparty defense is properly asserted in accordance with this subsection (6)~~ *or with whom the claimant has settled.* A finding of negligence of a ~~nonparty~~ *person with whom the claimant has settled or who has been released from liability by the claimant* is not a presumptive or conclusive finding as to that ~~nonparty~~ *person* for purposes of a prior or subsequent action involving that ~~nonparty~~ *person.*

*(c) Except for persons who have settled with or have been released by the claimant, comparison of fault with any of the following persons is prohibited:*

*(i) a person who is immune from liability to the claimant;*

*(ii) a person who is not subject to the jurisdiction of the court; or*

*(iii) any other person who could have been, but was not, named as a third party.*

*(d) A release of settlement entered into by a claimant constitutes an assumption of the liability, if any, allocated to the settled or released person. The claim of the releasing or settling claimant against other persons is reduced by the percentage of the released or settled person's equitable share of the obligation, as determined under subsection (4).*

~~(c)~~*(e)* ~~The burden of proof as to a nonparty's liability is on the defendant or defendants who affirmatively plead the nonparty defense, but this subsection (6) does not relieve the claimant of the burden of proving that negligence on the part of the defendant or defendants contributed as a proximate cause to the injury of the claimant or alter other proof requirements.~~ *A defendant who alleges that a person released by the claimant or with whom the claimant has settled is at fault in the matter has the burden of proving:*

*(i) the negligence of the person who the claimant has released or with whom the claimant has settled;*

*(ii) any standard of care applicable to the person who the claimant released or with whom the claimant settled; and*

*(iii) that the negligence of the person whom the claimant has released or with whom the claimant has settled was a contributing cause under the law applicable to the matter.*

~~(d)~~*(f)* A ~~nonparty defense must be~~ *defendant alleging that a settled or released person is at fault in the matter shall* affirmatively ~~pleaded as a part of~~ *plead the settlement or release as a defense in* the answer. A defendant who gains actual knowledge of a ~~nonparty defense~~ *settled or released person* after the filing of that defendant's answer may plead the defense *of settlement or release* with reasonable promptness, as determined by the trial court, in a manner that is consistont with:

(i) giving tbe defendant a reasonable opportunity to discover the existence of a ~~nonparty defense~~ *settled or released person*;

*(ii) giving the settled or released person an opportunity to intervene in the action to defend against claims affirmatively asserted, including the opportunity to be represented by an attorney, present a defense, participate in discovery, cross-examine witnesses, and appear as a witness of either party; and*

~~(ii)~~*(iii)* giving the claimant a reasonable opportunity to defend against ~~a nonparty~~ *the* defense~~; and~~

~~(iii) giving the claimant a reasonable opportunity, if appropriate, to add the nonparty as an additional defendant to the action before the expiration of the period of limitation applicable to the claim. However, this subsection (iii) does not extend the period of limitation or revive the action if the period of limitation has expired.~~

~~(c)~~*(g)* If a defendant ~~asserts a nonparty defense~~ *alleges that a settled or released person is at fault in the matter,* the defendant shall notify each ~~nonparty~~ *person* who the defendant alleges caused the claimant's injuries, in whole or in part. Notification must be made by mailing the defendant's answer to each ~~nonparty~~ *settled or released person* at the ~~nonparty's~~ *person's* last-known address by certified mail, return receipt requested."

**Section 4. Applicability.** [This act] applies to causes of action that arise on or after [the effective date of this act].

**Section 5. Nonseverability.** It is the intent of the legislature that each part of [this act] is essentially dependent upon every other part, and if one part is held unconstitutional or invalid, all other parts are invalid.

AN ACT CLARIFYING THE CLASSIFICATION OF FOREST LAND FOR PROPERTY TAX PURPOSES; CLARIFYING THE PROPERTY TAX RATE APPLIED TO FOREST LAND; REVISING THE DEFINITIONS OF "FOREST LAND" AND "FOREST PRODUCTIVITY VALUE"; AMENDING SECTIONS 15-6-143, 15-44-102, AND 15-44-103, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 15-6-143, MCA, is amended to read:

**"15-6-143. Class ten property — description — taxable percentage — alternative classification.** (1) Class ten property includes all forest lands as defined in 15-44-102.

(2) Class ten property is taxed at ~~the percentage rate "P"~~ *0.79%* of its forest productivity value.

~~(3) For taxable years beginning January 1, 1994, and thereafter, the taxable percentage rate "P" applicable to class ten property is 4%/B, where B is the certified statewide percentage increase to be determined by the department of revenue as provided in subsection (4). The taxable percentage rate "P" must be rounded downward to the nearest 0.01% and must be calculated by the department before July 1, 1994.~~

~~(4) (a) Prior to July 1, 1994, the department shall determine the certified statewide percentage increase for class ten property using the formula B = X/Y, where:~~

~~(i) X is the appraised value, as of January 1, 1994, of all property in the state, excluding use changes occurring during the preceding year, classified under class ten as class ten is described in this section; and~~

~~(ii) Y is the appraised value, as of January 1, 1993, of all property in the state that would be classified under class ten as class ten is described in this section as this section reads in 1993.~~

~~(b) B must be rounded downward to the nearest 0.0001%.~~"

**Section 2.** Section 15-44-102, MCA, is amended to read:

"**15-44-102. Definitions.** For the purposes of this part, unless the context requires otherwise, the following definitions apply:

(1) "Culmination of mean annual increment" means the point of optimum net wood production on an acre of forest land.

(2) "Cultivated Christmas trees" means Christmas trees that are grown on land prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled for the exclusive purpose of raising Christmas trees.

(3) "Department" means the department of revenue.

(4) "Forest" means forest land and the timber on the land.

(5) "Forest land" means contiguous land of 15 acres or more in one ownership that is capable of producing timber that can be harvested in commercial quantity and is producing timber unless the trees have been removed by man through harvest, including clearcuts, or by natural disaster, including but not limited to fire. Forest land includes land:

(a) that has not been converted to another use; ~~or~~ *and*

(b) ~~that has a dedicated use that is evidenced by a statement of intent by the owner for the eventual harvest of timber~~ *on which the annual net wood production equals or exceeds 25 cubic feet an acre at the culmination of mean annual increment.*

(6) "Forest productivity value" means the value of forest land for assessment purposes, which value is determined only on the basis of its ~~ability~~ *potential* to produce timber, other forest products, and associated agricultural products through an income approach provided for in 15-44-103.

(7) "Harvest" means an activity related to the cutting or removal of timber for use or sale as a forest product.

(8) "Landowner" means an individual, corporation, association, company, firm, joint venture, syndicate, or trust.

(9) "Mean annual net wood production" means the average net usable volume of wood *that* 1 acre of forest land will grow in 1 year under average current and actual forest conditions and under current and reasonable management practices for each forest valuation zone established under 15-44-103.

(10) "Stumpage value" means the amount that timber would sell for under an arm's-length transaction made in the ordinary course of business, expressed in terms of dollars per unit of measure.

(11) "Timber" means all wood growth on privately owned land, mature or immature, alive or dead, standing or down, that is capable of furnishing raw material used in the manufacture of lumber or other forest products. The term does not include cultivated Christmas trees."

HeinOnline -- 1997 vol. II 1387 1997

**Section 3.** Section 15-44-103, MCA, is amended to read:

**"15-44-103. Legislative intent — value of forest lands — valuation zones.** (1) In order to encourage landowners of private forest lands to retain and improve their holdings of forest lands, to promote better forest practices, and to encourage the investment of capital in reforestation, forest lands must be classified and assessed under the provisions of this section.

(2) The forest productivity value of forest land must be determined by:

(a) capitalizing the value of the mean annual net wood production at the culmination of mean annual increment plus other agriculture-related income, if any; less

(b) annualized expenses, including but not limited to the establishment, protection, maintenance, improvement, and management of the crop over the rotation period.

(3) To determine the forest productivity value of forest lands, the department shall:

(a) divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) establish a uniform system of forest land classification that takes into consideration the productive capacity of the site to grow forest products and furnish other associated agricultural uses.

(4) In computing the forest land valuation schedules for each forest valuation zone to take effect on January 1, 1994, the department shall determine the productive capacity value of all forest lands in each forest valuation zone using the formula V = I/R, where:

(a) V is the per-acre forest productivity value of the forest land;

(b) I is the per-acre net income of forest lands in each valuation zone and is determined by the department using the formula I = (M x SV) + AI - C, where:

(i) I is the per-acre net income;

(ii) M is the mean annual net wood production;

(iii) SV is the stumpage value;

(iv) AI is the per-acre agriculture-related income; and

(v) C is the per-unit cost of the forest product and agricultural product produced, if any; and

(c) R is the capitalization rate determined by the department as provided in subsection (6).

(5) Net income must:

(a) be calculated for each year of a base period, which is the most recent 5-year period for which data is available;

HeinOnline -- 1997 vol. II 1388 1997

(b) be based on a rolling average of stumpage value of timber harvested within the forest valuation zone and on the associated production cost data for the base period from sources considered appropriate by the department; and

(c) include agriculture-related net income for the same time period as the period used to determine average stumpage values.

(6) The capitalization rate must be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the ~~federal land bank~~ *Northwest farm credit serviees, agricultural credit* association of Spokane, Washington, plus the effective tax rate.

(7) The effective tax rate must be calculated for each year of the base period by dividing the total estimated tax due on forest lands subject to the provisions of this section by the total forest value of those lands.

(8) For the purposes of this section, if forest service sales are used in the determination of stumpage values, the department shall take into account purchaser road credits.

(9) In determining the forest productivity value of forest lands and in computing the forest land valuation schedules, the department shall use information and data provided by the university of Montana-Missoula."

AN ACT CREATING A VIATICAL SETTLEMENT ACT; PROVIDING FOR LICENSURE OF VIATICAL SETTLEMENT PROVIDERS AND BROKERS; PROVIDING FOR REGULATION BY THE INSURANCE COMMISSIONER; PROVIDING AUTHORITY TO PROMULGATE RULES; PROVIDING MINIMAL REQUIREMENTS FOR VIATICAL SETTLEMENT CONTRACTS; PROVIDING FOR EXAMINATION OF LICENSEES AND LICENSE APPLICANTS; PROVIDING FOR DISCLOSURE OF INFORMATION; PROVIDING FOR CONDITIONS PRECEDENT TO VIATICAL SETTLEMENT CONTRACTS; PROVIDING FOR CONFIDENTIALITY; AND PROVIDING REQUIREMENTS FOR PAYMENT PURSUANT TO VIATICAL SETTLEMENT CONTRACTS.

viatical settlement contracts, for evaluating reasonableness of payments under viatical settlement contracts, and for determining the forms necessary to effectively administer the bill. The rules adopted should be consistent with any regulations adopted under Public Law 104-191, H.R. 3103. [Section 15] also requires the commissioner to adopt rules that establish fees that are commensurate with those required under 33-22-708.

# CHAPTER NO. 300

[SB 134]

AN ACT EXEMPTING A HOSPITAL DISTRICT FROM PROPERTY TAX LIMITATION LAW IF AUTHORIZED BY THE ELECTORATE OF THE DISTRICT; LIMITING THE NUMBER OF MILLS THAT MAY BE LEVIED BY AN EXEMPTED HOSPITAL DISTRICT; AND AMENDING SECTION 15-10-412, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not prohibit a further increase in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements.

HeinOnline -- 1997 vol. II 1400 1997

(4) The limitation on the amount of taxes levied does not prohibit a further increase in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in class four is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in ~~revenues~~ *revenue* resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) except as provided in subsection (8)(a), the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but the mills levied may not exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

HeinOnline -- 1997 vol. II 1401 1997

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) (a) Except as provided in subsection (8)(b), if a taxing unit has levied additional mills under subsection (7)(a) to compensate for a decrease in taxable valuation, it may continue to levy additional mills to equal the revenue from property taxes for the 1986 tax year when the taxing unit's taxable valuation is greater than 95% but less than 100% of the taxing unit's taxable valuation in tax year 1986.

(b) When the taxable valuation of a taxing unit that levied additional mills under subsection (7)(a) or (8)(a) is equal to or greater than the taxing unit's taxable valuation in tax year 1986, it may not levy additional mills to compensate for a subsequent decrease in taxable valuation unless the conditions of subsection (7)(a) are satisfied.

(9) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categeries, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(l) elementary and high school districts; and

(m) voted poor fund levies authorized under 53-2-322.

(10) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(12) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(13) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402.

WHEREAS, it is the policy of the State of Montana to:

(1) marshal, preserve, and protect marital estate assets and liabilities that exist at the date of separation in order to avoid dissipations of the marital estate before distribution;

(2) ensure fair and sufficient child and spousal support awards; and

(3) achieve an equitable division of marital estate assets and liabilities on the dissolution or nullity of marriage or legal separation of the parties, as provided under Montana law; and

WHEREAS, sound public policy further favors the reduction of the adversarial nature of marital dissolution and the attendant costs by fostering full disclosure and cooperative discovery; and

WHEREAS, in order to promote this public policy, a full and accurate disclosure of all assets and liabilities in which one or both parties have or may have an interest must be made in the early stages of a proceeding for dissolution of marriage or legal separation of the parties, regardless of the characterization as joint or separate, together with a disclosure of all income and expenses of the parties; and

WHEREAS, each party has a continuing duty to update and augment material changes to that disclosure so that at the time that the parties enter into an agreement for the resolution of any of these issues or at the time of trial on these issues, each party will have as full and complete knowledge of the relevant underlying facts as is reasonably possible under the circumstances of the case without the need of formal discovery requests pursuant to the Montana Rules of Civil Procedure.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Definitions.** As used in [sections 1 through 8], the following definitions apply:

The parties may, by written stipulation or by oral stipulation made in open court, agree to change the time for exchange of preliminary declarations of disclosure.

(2) The preliminary declaration of disclosure may not be filed with the court, except on the court's order.

(3) The preliminary declaration of disclosure must set forth with sufficient particularity, which a person of reasonable and ordinary intelligence can ascertain, all of the following:

(5) Along with the preliminary declaration of disclosure, each party shall provide the other party with a completed income and expense declaration unless an income and expense declaration has already been provided and is current and valid.

(6) In addition to any other civil or criminal remedy available under law for the commission of perjury, the court may set aside the judgment, or part of the judgment, if the court discovers that a party has committed perjury in the preliminary declaration of disclosure.

HeinOnline -- 1997 vol. II 1490 1997

**Section 3. Final declaration of disclosure — failure to disclose current income and expense declaration — penalty.** (1) (a) Each party shall serve on the other party a final declaration of disclosure and a current income and expense declaration, executed under penalty of perjury:

(c) amounts of all obligations that are contended to be marital obligations or for which it is contended that the marital estate has liability; and

(3) Along with the final declaration of disclosure, each party shall serve on the other party an updated income and expense declaration unless a current income and expense declaration is on file.

(4) The failure of a party to disclose an asset or liability on the final declaration of disclosure is presumed to be grounds for the court, without taking into account the equitable division of the marital estate, to award the undisclosed asset to the opposing party or the undisclosed liability to the noncomplying party.

(5) In addition to any other civil or criminal remedy available under law for the commission of perjury, the court may set aside the judgment, or part of the judgment, if the court discovers, within 5 years from the date of entry of judgment, that a party has committed perjury in the final declaration of disclosure.

**Section 4. (a) a motion to compel a further response;

(b) a motion for an order preventing the noncomplying party from presenting evidence on issues that should have been covered in the declaration of disclosure.

(3) If a party fails to comply with any provision of [sections 1 through 8], the court shall, in addition to any other remedy provided by law, order the noncomplying party to pay to the complying party any reasonable attorney fees or costs incurred, or both, unless the court finds that the noncomplying party acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

**Section 6. Liquidation — transfer of marital estate assets to avoid encumbrance, devaluation, or market or investment risk — authority of court.** (1) Except as provided in subsection (2), at any time during the proceedings, the court may, upon application of a party and for good cause and after consideration of the relative nature, scope, and extent of the marital estate, order the liquidation or transfer of title of marital estate assets to avoid unreasonable encumbrance, devaluation, or market or investment risk.

(2) The court may not grant an application under subsection (1) unless the appropriate declaration of disclosure has been served on the opposing party by the moving party as provided in [sections 2 through 4].

**Section 7. Default judgments — disclosures.** In the case of a default judgment, a petitioner may waive the final disclosure requirements of [sections 3 and 4]. However, the petitioner shall comply with the preliminary declaration of disclosure requirements of [section 2].

**Section 8. Attorney work product privilege — protective orders — Montana Rules of Civil Procedure.** A disclosure required by [sections 2 through 4] does not abrogate the attorney work product privilege or the formal discovery procedures provided by the Montana Rules of Civil Procedure or does not impede the power of the court to issue protective orders.

**Section 9.** Section 40-4-201, MCA, is amended to read:

**"40-4-201. Separation agreement.** (1) To promote amicable settlement of disputes between parties to a marriage attendant upon their separation or the dissolution of their marriage, the parties may enter into a written separation agreement containing provisions for disposition of any property owned by either of them, maintenance of either of them, and support, custody, and visitation of their children.

(3) If the court finds the separation agreement unconscionable, it may request tbe parties to submit a revised separation agreement or may make orders for the disposition of property, maintenance, and support.

(4) If the court finds that the separation agreement is not unconscionable as to disposition of property or maintenance and not unsatisfactory as to support:

(2) (a) ~~Whenever~~ *Except as provided in [sections 1 through 8], whenever* the decree proposed for modification does not contain provisions relating to maintenance or support, modification under subsection (1) may only be made within 2 years of the date of the decree.

(ii) provide or maintain a health benefit plan or individual health insurance coverage for the child; or

(iii) eliminate any credit for a medical support obligation when it has been permitted or used as a credit in the determination of the child support obligation.

(3) The provisions as to property disposition may not be revoked or modified by a court, except:

(4) Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(5) Provisions for the support of a child are terminated by emancipation of the child or the child's graduation from high school if the child is enrolled in high school, whichever occurs later, but in no event later than the child's 19th birthday, unless the termination date is extended or knowingly waived by written agreement or by an express provision of the decree. [SB 212]

AN ACT REQUIRING A JURY AWARD OF PUNITIVE DAMAGES TO BE UNANIMOUS AS TO LIABILITY AND AMOUNT; AMENDING SECTION 27-1-221, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 27-1-221, MCA, is amended to read:

**"27-1-221. Punitive damages — liability — proof — award.** (1) Subject to the provisions of 27-1-220 and this section, reasonable punitive damages may be awarded when the defendant has been found guilty of actual fraud or actual malice.

(2) A defendant is guilty of actual malice if ~~he~~ *the defendant* has knowledge of facts or intentionally disregards facts that create a high probability of injury to the plaintiff and:

(a) deliberately proceeds to act in conscious or intentional disregard of the high probability of injury to the plaintiff; or

(h) deliberately proceeds to act with indifference to the high probability of injury to the plaintiff.

(3) A defendant is guilty of actual fraud if ~~he~~ *the defendant*:

(a) makes a representation with knowledge of its falsity; or

(b) conceals a material fact with the purpose of depriving the plaintiff of property or legal rights or otherwise causing injury.

(4) Actual fraud exists only when the plaintiff has a right to rely upon the representation of the defendant and suffers injury as a result of that reliance. The contract definitions of fraud expressed in Title 28, chapter 2, do not apply to proof of actual fraud under this section.

(5) All elements of the claim for punitive damages must be proved by clear and convincing evidence. Clear and convincing evidence means evidence in which there is no serious or substantial doubt about the correctness of the conclusions drawn from the evidence. It is more than a preponderance of evidence but less than beyond a reasonable doubt.

(6) Liability for punitive damages must be determined by the trier of fact, whether judge or jury. *An award of punitive damages must be unanimous as to liability and amount.*

(7) (a) Evidence regarding a defendant's financial affairs, financial condition, and net worth is not admissible in a trial to determine whether a defendant is liable for punitive damages. When the jury returns a verdict finding a defendant liable for punitive damages, the amount of punitive damages must then be determined by the jury in an immediate, separate proceeding and be submitted to the judge for review as provided in subsection (7)(c). In the separate proceeding

HeinOnline -- 1997 vol. II 1501 1997

to determine the amount of punitive damages to be awarded, the defendant's financial affairs, financial condition, and net worth must be considered.

(b) When an award of punitive damages is made by the judge, ~~he~~ *the judge* shall clearly state ~~his~~ *the* reasons for making the award in findings of fact and conclusions of law, demonstrating consideration of each of the following matters:

(i) the nature and reprehensibility of the defendant's wrongdoing;

(ii) the extent of the defendant's wrongdoing;

(iii) the intent of the defendant in committing the wrong;

(iv) the profitability of the defendant's wrongdoing, if applicable;

(v) the amount of actual damages awarded by the jury;

(vi) the defendant's net worth;

(vii) previous awards of punitive or exemplary damages against the defendant based upon the same wrongful act;

(viii) potential or prior criminal sanctions against the defendant based upon the same wrongful act; and

(ix) any other circumstances that may operate to increase or reduce, without wholly defeating, punitive damages.

(c) The judge sball review a jury award of punitive damages, giving consideration to each of the matters listed in subsection (7)(b). If after review the judge determines that the jury award of punitive damages should be increased or decreased, ~~he~~ *the judge* may do so. The judge shall clearly state ~~his~~ *the* reasons for increasing, decreasing, or not increasing or decreasing the punitive damages award of the jury in findings of fact and conclusions of law, demonstrating consideration of each of the factors listed in subsection (7)(b).

(8) ~~Nothing in this~~ *This* section is *not* intended to alter the Montana Rules of Civil Procedure governing discovery of a defendant's financial affairs, financial condition, and net worth."

**Section 2. Applicability.** [This act] applies to causes of action that arise after [the effective date of this act].

**Section 3. Effective date.** [This act] is effective on passage and approval.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Expedited review.** (1) The department shall issue a certification decision within 180 days from the date on which an application is considered complete for a facility that:

(a) is unlikely to result in significant adverse environmental impacts based on the criteria listed in [section 2]; or

(b) is presently in existence and proposed for upgrade, reconstruction, or relocation and is unlikely to result in significant impacts pursuant to [section 2].

(2) A facility that qualifies for expedited review is exempt from undergoing an alternative siting study, except as provided in 75-1-201.

**Section 2. Criteria for identifying proposed facilities that qualify for expedited review.** (1) In order for a facility to qualify for expedited review under [section 1], the department shall make a significance determination of the impacts associated with a proposed facility. This determination is the basis of the department's decision concerning whether the proposed facility qualifies for expedited review.

(2) The department shall consider the following criteria in determining the significance of each impact that the proposed facility has on the quality of the human environment:

(a) the severity, duration, geographic extent, and frequency of occurrence of the impact;

(b) (i) the probability that the impact will occur if the proposed action occurs; or

(ii) reasonable assurance in keeping with the potential severity of an impact that the impact will not occur;

(c) growth-inducing or growth-inhibiting aspects of the impact, including the relationship or contribution of the impact to cumulative impacts;

(d) the quantity and quality of each environmental resource or value that would be affected, including the uniqueness and fragility of those resources or values;

(e) the importance to the state and to society of each environmental resource or value that would be affected;

(f) any precedent that would be set as a result of an impact of the proposed action that would commit the department to future actions with significant impacts or to a decision in principle about future actions;

(g) potential conflict with local, state, or federal laws, requirements, or formal plans; and

(h) the degree to which the impacts on the human environment are likely to create a high level of public concern.

(3) An impact may be adverse, beneficial, or both. If none of the adverse effects of the impact are significant, expedited review is required.

**Section 3. Board review of department decisions.** A person aggrieved by the final decision of the department on an application for a certificato, the renewal of a certificate, or the issuance of an air or water quality decision, opinion, order, certification, or permit under this chapter may within 30 days appeal the decision to the board under the contested case procedures of Title 2, chapter 4, part 6.

**Section 4.** Section 75-20-102, MCA, is amended to read:

**"75-20-102. Policy and legislative findings.** (1) It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations, to protect the environmental life-support system from degradation and prevent unreasonahle depletion and degradation of natural resources, and to provide for administration and enforcement te attain these objectives.

(2) The legislature finds that the construction of additional power or energy conversion facilities may be necessary to meet the increasing need for electricity, energy, and other products and that these facilities have an effect on the environment, an impact on population concentration, and an effect on the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction, and operation of power and energy conversion facilities will *not* produce ~~minimal~~ *unacceptable* adverse effects on the environment and upen the citizens of this state by providing that a power or energy conversion facility may not be constructed or operated within this state without a certificate of environmental compatibility ~~and public need~~ acquired pursuant to this chapter.

*(3) The legislature also finds that it is the purpose of this chapter to:*

*(a) ensure protection of the state's environmental resources, including but not limited to air, water, animals, plants, and soils;*

*(b) ensure consideration of socioeconomic impacts;*

*(c) provide citizens with thc opportunity to participate in facility siting decisions; and*

*(d) establish a coordinated and efficient method for the processing of all authorizations required for regulated facilities under this chapter."*

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 85-2-316, MCA, is amended to read:

"**85-2-316. Reservation of waters.** (1) The state or any political subdivision or agency of the state or the United States or any agency of the United States may apply to the department to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for a length of time that the department designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its trihutaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

(3) Upon receiving a correct and complete application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided for in 85-2-309, the department shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, must be paid by the applicant. In addition, a reasonable proportion of the department's cost of preparing an environmental impact statement must be paid by the applicant uuless waived by the department upon a showing of good cause by the applicant.

HeinOnline -- 1997 vol. II 1523 1997

(4) (a) The department may not adopt an order reserving water unless the applicant establishes to the satisfaction of the department by a preponderance of evidence:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the department may not adopt an order reserving water for withdrawal and transport for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends te use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the department by a preponderance of evidence that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) The department sball limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams ~~can~~ *may* be allocated at the discretion of the department.

(7) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may issue the permit subject to terms and conditions that it considers necessary for the protection of tbe objectives of the reservation.

(8) (a) A person desiring to use water reserved to a conservation district for agricultural purposes shall make application for the use with the district, and the district, upon approval of the application, sball inform the department of the approved use and issue the applicant an authorization for the use. The department shall maintain records of all uses of water reserved to conservation districts and he responsihle, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of the applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time that the request was made. The department shall extend the time allowed to develop a plan identifying projects for using a district's reservation as long as the conservation district makes a good faith effort, within its staffing and budgot limitations, to develop a plan.

(b) Upon actual application of water to the proposed heneficial use, the authorized user shall notify the conservation district. The notification must contain a certified statement by a person with experience in the design, construction, or operation of project works for agricultural purposes describing how the reserved water was put to use. The department or the district may then inspect tlie appropriation to determine if it has been completed in substantial accordance with the authorization.

(9) Except as provided in 85-2-331, the priority of appropriation of a water reservation and the relative priority of the reservation to permits with a later priority of appropriation must be determined according to this subsection (9), as follows:

(a) A reservation under this section has a priority of appropriation dating from the filing with the department of a notice of intention to apply for a water reservation in a basin in which no otlier notice of intention to apply is currently pending. The notice of intention to apply must specify the basin in which the applicant is seeking a reservation.

(b) Upon receiving a notice of intention to apply for a water reservation, the department shall identify all potential water reservation applicants in the basin specified in the notice and notify each potential applicant of the opportunity to submit an application and to receive a reservation with the priority of appropriation as described in subsection (9)(a).

(c) To receive the priority of appropriation described in subsection (9)(a), the applicant shall submit a correct and complete water reservation application within 1 year after the filing of the notice of intention to apply. Upon a showing of good cause, the department may extend the time for preparing tlie application.

(d) The department may by order subordinate a water reservation to a permit *or a certificate for ground water development* issued pursuant to this part if:

HeinOnline -- 1997 vol. II 1525 1997

(i) the permit application *or the notice of completion of ground water development* was accepted by the department before the date of the order granting the reservation; ~~and~~

(ii) the effect of subordinating the reservation to one or more permits *or certificates for ground water development* does not interfere substantially with the purpose of the reservation*; and*

*(iii) in the case of a certificate for ground water development, the reservant consents to the subordination.*

(e) The department shall by order establish the relative priority of reservations approved under this section that have the same day of priority. A reservation may not adversely affect any rights in existence at that time.

(10) The department shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. When the objectives of the reservation are not being met, the department may extend, revoke, or modify the reservation. Any undeveloped water made available as a result of a revocation or modification under this subsection is available for appropriation by others pursuant to this part.

(11) The department may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate the reservation or portion of the reservation to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the department following notice and hearing if the department finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water may not adversely affect the priority date of the reservation, and the reservation retains its priority date despite reallocation to a different entity for a different use. The department may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(12) A reservant may not make a change in a reservation under this section, except as permitted under 85-2-402 and this subsection. If the department approves a change, the department shall give notice and require the reservant to establish that the criteria in subsection (4) will be met under the approved change.

(13) A reservation may be transferred to another entity qualified to hold a reservation under subsection (1). Only the entity holding the reservation may initiate a transfer. The transfer occurs upen the fillng of a water right transfer certificate with the department, together with an affidavit from the entity receiving the reservation establishing that the entity is a qualified reservant under subsection (1), that the entity agrees to comply with the requirements of this section and the conditions of the reservation, and that the entity can meet the objectives of the reservation as granted. If the transfer of a reservation involves a change in an appropriation right, the necessary approvals must be acquired pursuant to subsection (12).

(14) ~~Nothing in this~~ *This* section ~~vests~~ *does not vest* the department with the authority to alter a water right that is not a reservation.

HeinOnline -- 1997 vol. II 1526 1997

(15) The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other stato agencies and political subdivisions in applying for reservations under this section.

(16) Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

**Section 2.** Section 85-2-331, MCA, is amended to read:

"**85-2-331. Reservations within Missouri River basin and Little Missouri River basin.** (1) The state or an agency or political subdivision of the state or the United States or an agency of the United States that desires to apply for a reservation of water in the Missouri River basin or in the Little Missouri River basin shall file an application pursuant to 85-2-316 no later than:

(a) July 1, 1989, for reservation of water above Fort Peck dam; or

(b) July 1, 1991, for reservation of water below Fort Peck dam and in the Little Missouri River basin.

(2) Subject to legislative appropriation, the department shall provide technical and financial assistance to other state agencies and political subdivisions in applying for reservations within the Missouri River basin and the Little Missouri River basin.

(3) (a) The department shall make a final determination in accordance with 85-2-316 on all applications filed before July 1, 1989, for reservations of water in tbe Missouri River basin above Fort Peck dam.

(b) The department shall make a final determination in accordance with 85-2-316 on all applications filed before July 1, 1991, for reservations of water in the Missouri River basin below Fort Peck dam and in the Little Missouri River basin.

(c) The departmient shall determine which applications or portions of applications are considered to be above or below Fort Peck dam.

(4) Water reservations approved by the department under this section have a priority date of July 1, 1985, in tlie Missouri River basin and a priority date of July 1, 1989, in the Little Missouri River basin. If the department ~~issues~~ *issued* a permit under Title 85, chapter 2, part 3, prior to tlie granting of a reservation under this section, the department may subordinate the reservation to the permit if it finds that the subordination does not interfere substantially witli the purpose of any reservation. *If the department issued a certificate for ground water development under Title 85, chapter 2, part 3, prior to the granting of a reservation under this section, the department may subordinate the reservation to the certificate if it finds that the subordination does not interfere substantially with the purpose of any reservation and the reservant consents to the subordination.* The department shall by order establish the relative priority of applications approved under this section."

Alterations to a path of travel to an altered primary function area must be considered disproportionate if the cost exceeds 20% of the cost of the alterations to the primary function area. This subsection does not prohibit an expenditure to alter a path of travel that exceeds 20% of the cost of the alterations to a primary function area.

(b) If the cost of altering a path of travel to an altered primary function area is disproportionate as provided in subsection (2)(a), the path of travel must be made accessible to the extent possible without incurring disproportionate costs. The alterations to the path of travel must be made by providing, in the following order or priority:

From the time of the certification of the pleadings and any orders to the clerk, the district court has the same jurisdiction over the action as if it had been commenced in district court.

(3) An action brought under 40-4-121 may be tried in the county in which either party resides or in which the physical abuse was committed.

(4) The right to petition for relief may not be denied because the plaintiff has vacated the residence or household to avoid abuse."

**Section 11.** Section 40-4-201, MCA, is amended to read:

**"40-4-201. Separation agreement.** (1) To promote amicable settlement of disputes between parties to a marriage attendant upon their separation or the dissolution of their marriage, the parties may enter into a written separation agreement containing provisions for disposition of any property owned by either of them, maintenance of either of them, and support, ~~custody~~ *parenting*, and ~~visitation of~~ *parental contact with* their children. *In cases in which children are involved, the separation agreement may contain a parenting plan as required in [section 20].*

(2) In a proceeding for dissolution of marriage or for legal separation, the terms of the separation agreement, except those providing for the support, ~~custody~~ *parenting*, and ~~visitation of~~ *parental contact with* children, are binding upon the court unless it finds, after considering the economic circumstances of the parties and any other relevant evidence produced by the parties, on their own motion or on request of the court, that the separation agreement is unconscionable.

HeinOnline -- 1997 vol. II 1574 1997

(3) If the court finds the separation agreement unconscionable, it may request *that* the parties ~~to~~ submit a revised separation agreement or *it* may make orders for the disposition of property, maintenance, and support.

(4) If the court finds that the separation agreement is not unconscionable as to disposition of property or maintenance and not unsatisfactory as to support:

(5) Terms of the agreement set forth in the decree are enforceable by all remedies available for enforcement of a judgment, including contempt, and are enforceable as contract terms.

(6) Except for terms concerning the suppert, ~~custody~~ *parenting*, or ~~visitation of~~ *parental contact with the* children, the decree may expressly preclude or limit modification of terms set forth in the decree if *provided for in* the separation agreement ~~so provides~~. Otberwise, terms of a separation agreement set forth in the decree are automatically modified by modification of the decree."

**Seetion 12.** Section 40-4-204, MCA, is amended to read:

**"40-4-204. Child support — orders to address health insurance — withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child suppert, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the ~~custodial parent~~ *parents*;

(c) the standard of living that the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and the child's educational and medical needs;

(e) ~~the financial resources and needs of the noncustodial parent;~~

~~(f)~~ the age of the child;

~~(g)~~*(f)* the cost of day care for the child;

~~(h)~~*(g)* any ~~custody arrangement~~ *parenting plan* that is ordered or decided upon; and

~~(i)~~*(h)* the needs of any person, other than the child, whom either parent is legally obligated to suppert.

HeinOnline -- 1997 vol. II 1575 1997

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or *that it* is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for that finding. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(4) Each temporary or final district court judgment, decree, or order establishing a child support obligation under this title and each modification of a final order for child support must include a medical support order as provided for in Title 40, chapter 5, part 8.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period. When an order is annualized and withheld on a weekly or biweekly basis under this section, the support withheld from the obligor may be retained by the obligee when it exceeds

HeinOnline -- 1997 vol. II 1576 1997

the obligor's monthly support obligation if the excess support is a result of annualized withholding.

(6) For the purposes of income withholding under subsection (5), each district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the parent obligated to pay support to inform the court and, if the department of public health and human services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(7) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of public health and human services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order.

(8) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support *obligation* to be paid, *without need for further court order:*

*(i) to the person with whom the child resides by legal order;*

*(ii) if the person with whom the child legally resides voluntarily or involuntarily relinquishes physical care and control of the child to another person, organization, or agency, to the person, organization, or agency to whom physical custody has been relinquished;*

*(iii) if any other person, organization, or agency is entitled by law, assignment, or similar reason to receive or collect the child support obligation, to the person, organization, or agency having the right to receive or collect the payment; or*

*(iv) to the court for the benefit of the minor child* ~~to:~~

~~(i) the legal custodian of the minor child;~~

~~(ii) (A) any other person, organization, or agency having legal physical custody of the minor child under a legal assignment of rights; or~~

~~(B) the court for the benefit of the minor child;~~

~~(iii) any other person or agency designated as caretaker of the minor child by agreement of the legal custodian; or~~

~~(iv) any assignee or other person, organization, or agency authorized to receive or collect child support~~.

(b) A judgment, decree, or order that omits the provision required by subsection (8)(a) is subject to the requirements of subsection (8)(a) without need

for an amendment to the judgment, decree, or order or for any further action by the court."

**Section 13.** Section 40-4-205, MCA, is amended to read:

**"40-4-205. ~~Representation of child~~ *Guardian ad litem.*** (1) The court may appoint a guardian ad litem to represent the interests of a minor dependent child with respect to the child's support, ~~custody~~ *parenting*, and ~~visitation~~ *parental contact*. The guardian ad litem may be an attorney. The county attorney, a deputy county attorney, if any, or the department of public health and human services or any of its staff may not be appointed for this purpose.

(2) The guardian ad litem has the following general duties:

(a) to conduct investigations that the guardian ad litem considers necessary to ascertain the facts related to the child's support, ~~custody~~ *parenting*, and ~~visitation~~ *parental contact*;

(b) to interview or observe the child who is the subject of the proceeding;

(c) to make written reports to the court concerning the child's support, ~~custody~~ *parenting*, and ~~visitation~~ *parental contact*;

(d) to appear and participate in all proceedings to the degree necessary to adequately represent the child and make recommendations to the court concerning the child's support, ~~custody~~ *parenting*, and ~~visitation~~ *parental contact*; and

(e) to perform other duties as directed by the court.

(3) The guardian ad litem has access to court, medical, psychological, law enforcement, social services, and school records pertaining to the child and the child's siblings and parents or ~~custodians~~ *caretakers*.

(4) The court shall enter an order for costs and fees in favor of the child's guardian ad litem. The order must be made against either or both parents, except that if the responsible party is indigent, the costs must be waived."

**Section 14.** Section 40-4-211, MCA, is amended to read:

**"40-4-211. ~~Child custody jurisdiction~~ *Jurisdiction* — commencement of *parenting* proceedings.** (1) A court of this state competent to decide ~~child custody~~ *parenting* matters has jurisdiction to make a ~~child custody~~ *parenting* determination by initial or ~~modification~~ *amended* decree if:

(a) this state:

(i) is the home state of the child at the time of commencement of the proceedings; or

(ii) had been the child's home state within 6 months before commencement of the ~~proceeding~~ *proceedings* and the child is absent from this state because of ~~his~~ *the child's* removal or retention by ~~a~~ *any* person ~~claiming his custody or for other reason~~ and a parent or person acting as parent continues to live in this state; or

(b) it is in the best interest of the child that a court of this state assume jurisdiction because:

(i) the child and ~~his~~ *the* parents or the child and at least one contestant have a significant connection with this state; and

(ii) there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships; or

(c) the child is physically present in this state and:

(i) has been abandoned; or

(ii) it is necessary in an emergency to protect ~~him~~ *the child* because ~~he~~ *the child* has been subjected to or threatened with mistreatment or abuse or is neglected or dependent; or

(d) (i) no other state has jurisdiction under prerequisites substantially in accordance with subsection (1)(a), (1)(b), or (1)(c) or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine ~~custody of~~ *parenting of* the child; and

(ii) it is in ~~his~~ *the child's* best interest that the court assume jurisdiction.

(2) Except under subsections (1)(c) and (1)(d), physical presence in this state of the child or of the child and one of the contestants is not alone sufficient to confer jurisdiction on a court of this state to make a ~~child custody~~ *parenting* determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction te determine ~~his custody~~ *parenting of the child.*

(4) A ~~child custody~~ *parenting plan* proceeding is commenced in the district court:

(a) by a parent, by filing a petition:

(i) for dissolution or legal separation; or

(ii) for ~~custody of the child~~ *parenting* in the county in which ~~he~~ *the child* is permanently resident or found; or

(b) by a person other than a parent, by filing a petition for ~~custody of the child~~ *parenting* in the county in which ~~he~~ *the child* is permanently resident or found, but only if ~~he~~ *the child* is not ~~in the physical custody of~~ *physically residing with* one of ~~his~~ *the child's* parents.

(5) Notice of a ~~child custody~~ *parenting* proceeding ~~shall~~ *must* be given to the child's parent, guardian, ~~custodian~~ *caretaker*, those persons ~~having physical custody of~~ *with whom* the child *is physically residing*, and all other contestants, who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties."

**Section 15.** Section 40-4-212, MCA, is amended to read:

**"40-4-212. Best ~~interest~~ *interest* of child.** (1) The court shall determine ~~custody~~ *the parenting plan* in accordance with the best ~~interest~~ *interest* of the

HeinOnline -- 1997 vol. II 1579 1997

child. The court shall consider all relevant *parenting* factors, ~~including~~ *which may include* but *are* not limited to:

(a) the wishes of the child's parent or parents ~~as to custody~~;

(b) the wishes of the child ~~as to a custodian~~;

(c) the interaction and interrelationship of the child with the child's parent or parents and siblings and with any other person who ~~may~~ significantly ~~affect~~ *affects* the child's best interest;

(d) the child's adjustment to home, school, and community;

(e) the mental and physical health of all individuals involved;

(f) physical abuse or threat of physical abuse by one parent against the other parent or the child; ~~and~~

(g) chemical dependency, as defined in 53-24-103, or chemical abuse on the part of either parent;

*(h) continuity and stability of care;*

*(i) developmental needs of the child;*

*(j) whether a parent has knowingly failed to pay birth-related costs that the parent is able to pay, which is considered to be not in the child's best interests;*

*(k) whether a parent has knowingly failed to financially support a child that the parent is able to support, which is considered to be not in the child's best interests;*

*(l) whether the child has frequent and continuing contact with both parents, which is considered to be in the child's best interests unless the court determines, after a hearing, that contact with a parent would be detrimental to the child's best interests. In making that determination, the court shall consider evidence of physical abuse or threat of physical abuse by one parent against the other parent or the child, including but not limited to whether a parent or other person residing in that parent's household has been convicted of any of the crimes enumerated in 40-4-219(8)(b).*

*(m) adverse effects on the child resulting from continuous and vexatious parenting plan amendment actions.*

(2) A de facto ~~custody~~ *parenting* arrangement, in the absence of a prior ~~custody~~ *parenting* decree, does not require the child's parent or parents to prove the factors set forth in 40-4-219.

(3) The following are rebuttable presumptions and apply unless contrary to the best interest of the child:

(a) ~~Custody should be granted to the parent who has provided most of the primary care during the child's life.~~

~~(b)~~ A ~~custody~~ *parenting plan* action brought by a parent within 6 months after a child support action against that parent is vexatious.

HeinOnline -- 1997 vol. II 1580 1997

*(b) A motion to amend a final parenting plan pursuant to 40-4-219 is vexatious if a parent seeks to amend a final parenting plan without making a good faith effort to comply with the provisions of the parenting plan or with dispute resolution provisions of the final parenting plan.*

~~(4) The following are rebuttable presumptions:~~

~~(a) A knowing failure to pay birth-related costs that the person is able to pay is not in the best interest of the child.~~

**Section 19. Final parenting plan — purpose and objectives.** The objectives of a final parenting plan are to:

(1) protect the best interest of the child, consistent with 40-4-212;

(2) provide for the physical care of the child;

(3) maintain the child's emotional stability and minimize the child's exposure to parental conflict;

(4) provide for the child's changing needs as the child grows and matures, in a way that minimizes the need for future amendment to the final parenting plan;

(5) set forth the authority and responsibilities of each parent with respect to the child, consistent with the criteria in [section 20]; and

(6) encourage the parents, when appropriate under [section 20], to meet their responsibilities to their minor children through agreements in the parenting plan rather than through judicial intervention.

**Section 20. Final parenting plan criteria.** (1) In every dissolution proceeding, proceeding for declaration of invalidity of marriage, parenting plan proceeding, or legal separation proceeding that involves a child, each parent or both parents jointly shall submit to the court, in geod faith, a proposed final plan for parenting the child, which may include the allocation of parenting functions. A final parenting plan must be incorporated into any final decree or amended decree, including cases of dissolution by default. As used in this section, parenting functions means those aspects of the parent-child relationship in which the parent makes decisions and performs functions necessary for the care and growth of the child, which may include:

(a) maintaining a loving, stable, consistent, and nurturing relationship with the child;

(b) attending to the daily needs of the child such as feeding, physical care, development, and grooming, suporvision, spiritual growth and development, health care, day care, and engaging in other activities that are appropriate to the developmental level of the child and that are within the social and economic circumstances of the particular family;

(c) attending to adequate education for the child, including remedial or other education essential to the best interest of the child;

(d) ensuring the interactions and interrelationship of the child with the child's parents and siblings and with any other porson who significantly affects the child's best interest; and

(e) exercising appropriato judgment regarding the child's welfare, consistent with the child's developmental level and the family's social and economic circumstances.

HeinOnline -- 1997 vol. II 1583 1997

(2) Based on the best interest of the child, a final parenting plan may include, at a minimum, provisions for:

(a) designation of a parent as custodian of the child, solely for the purposes of all other state and federal statutes that require a designation or determination of custody, but the designation may not affect either parent's rights and responsibilities under the parenting plan;

(b) designation of the legal residence of both parents and the child, except as provided in 40-4-217;

(c) a residential schedule specifying the periods of time during which the child will reside with each parent, including provisions for holidays, birthdays of family members, vacations, and other special occasions;

(d) finances to provide for the child's needs;

(e) any other factors affecting the physical and emotional health and well-being of the child;

(f) periodic review of the parenting plan when requested by either parent or the child or when circumstances arise that are foreseen by the parents as triggering a need for review, such as attainment by the child of a certain age or if a change in the child's residence is necessitated;

(g) sanctions that will apply if a parent fails to follow the terms of the parenting plan, including contempt of court;

(h) allocation of parental decisionmaking authority regarding the child's:

(i) education;

(ii) spiritual development; and

(iii) health care and physical growth;

(i) the method by which future disputes concerning the child will be resolved between the parents, other than court action; and

(j) the unique circumstances of the child or the family situation that the parents agree will facilitate a meaningful, ongoing relationship between the child and parents.

(3) The court may in its discretion order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding adoption of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency, or court action.

(4) Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent, and either parent may make emergency decisions affecting the child's safety or health. When mutual decisionmaking is designated in the parenting plan but cannot be achieved regarding a particular issue, the parents shall make a good faith effort to resolve the issue through any dispute resolution process provided for in the final parenting plan.

HeinOnline -- 1997 vol. II 1584 1997

(5) If a parent fails to comply with a provision of the parenting plan, the other parent's obligations under the parenting plan are not affected.

(6) The court shall order that the parenting plan be sealed except for access by the parents, guardian, or other person having custody of the child.

**Section 21.** Section 40-4-216, MCA, is amended to read:

**"40-4-216. Hearings.** (1) ~~Custody~~ *Parenting plan* proceedings shall receive priority in being set for hearing.

(2) The court may tax as costs the payment of necessary travel and other expenses incurred by any person whose presence at the hearing the court ~~deems~~ *considers* necessary to determine the best interest of the child.

(3) The court, without a jury, shall determine questions of law and fact. If it finds that a public hearing may be detrimental to the child's best interest, the court may exclude the public from a ~~custody~~ *parenting* hearing but may admit any person who has a direct and legitimate interest in the particular case or a legitimate educational or research interest in the work of the court.

(4) If the court finds it necessary that the record of any interview, report, investigation, or testimony in a ~~custody~~ *parenting* proceeding be kept secret to protect the child's welfare, the court may make an appropriate order sealing the record."

**"40-4-217. ~~Visitation~~ *Notice of intent to move.*** (1) ~~A parent who is not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger seriously the child's physical, mental, moral, or emotional health.~~

~~(3) The court may modify an order granting or denying visitation rights whenever modification would serve the best interest of the child; however, the court may not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral, or emotional health or unless the provisions of subsection (6) apply.~~

~~(4) As long as a noncustodial parent who has visitation rights under a decree or a custody agreement remains a resident of this state, a resident custodial parent shall, before changing the child's residence to another state and unless the noncustodial parent has given written consent, give written notice to the noncustodial parent, as provided in subsection (5).~~

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 5] requires the state auditor to adopt forms and rules to implement [sections 1 through 15]. A form or rule may not be adopted unless there is a determination that it is in the public interest or necessary and appropriate for the protection of consumers and consistent with the purpose of [sections 1 through 15].

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** [Sections 1 through 15] may be cited as the "Montana Living Trust Act".

**Section 2. Purpose.** The purpose of [sections 1 through 15] is to regulate the marketing and sale of living trusts in Montana and to provide civil remedies for fraudulent and deceptive sales practices.

**Section 3. Definitions.** As used in [sections 1 through 15], unless the context requires otherwise, the following definitions apply:

(1) (a) "Living trust" means either an irrevocable or a revocable inter vivos trust.

(b) The term does not include an account with a POD designation, as defined in 72-6-201.

(2) "Offer" or "offer to sell" includes an attempt or offer to dispose of a living trust for value or a solicitation of an offer to buy a living trust for value.

HeinOnline -- 1997 vol. II 1615 1997

(4) "Sale" includes each contract of sale, contract to sell, or disposition of a living trust for value.

**Section 4. Licensure — exemption.** (1) A porson may not offer or sell a living trust in this state unless the person:

(a) is registered as an investment adviser or investment adviser representative under 30-10-201; and

(b) has applied for and been granted a license under this section.

(2) Subsection (1) does not apply to the preparation, acceptance, or discussion of a living trust for an individual client, when the preparation of the living trust is based upon the client's particular financial circumstance, by:

(a) an attorney licensed to practice law in this state;

(b) an employee of a state or national bank with trust powers or a trust corporation; or

(c) a person on behalf of an educational, charitable, or religious institution, when done in conjunction with an attorney licensed to practice law in this state.

(3) In any proceeding under [sections 1 through 15], the burden of proving that a person preparing a living trust is excluded from the license requirement is on the person claiming the exclusion.

(4) A person may apply for a license to offer and sell living trusts by filing an application in the form that the state auditor prescribes and paying the fee required in subsection (5).

(5) The state auditor shall issue a license to offer or sell a living trust to a person who:

(a) is registered as an investment adviser or investment adviser representative under 30-10-201;

(b) correctly files an application for the license with the state auditor; and

(c) pays an application fee in the same amount as the amount paid by the person for original registration as an investment adviser or investment adviser representative.

(6) The state auditor may issue an order denying, suspending, or revoking tbe effectiveness of any pending application or approved license if any provision of [sections 1 through 15] or any rule, order, or condition imposed by [sections 1 through 15] has been willfully violated in counection with the offer or sale of a living trust by a person involved in the assembling, drafting, executing, offering, or selling of the living trust.

(7) The license is effective until December 31 following issuance of the license or until another date that the state auditor establishes by rule unless the license is suspended or revoked.

(8) A person may renew a license annually, prior to the termination date of the license, if the person:

HeinOnline -- 1997 vol. II 1616 1997

(a) is registered as an investment adviser or investment adviser representative under 30-10-201; and

(b) pays a renewal fee in the same amount as the amount paid by the person for annual renewal as an investment adviser or investment adviser representative.

**Section 5. Administration.** (1) The administration of the provisions of [sections 1 through 15] is under the general supervision and control of the state auditor. The state auditor shall adopt forms and rules necessary to implement [sections 1 through 15].

(2) A document is filed when it is received by the state auditor. The state auditor shall keep a register of all applications for licenses to offer and sell living trusts in this state. The register must he open for puhlic inspection. The information contained in or filed with an application must be made available to the public.

(3) Upon request and at a reasonable charge, the state auditor shall furnish to any person photostatic or other copies, certified under the seal of office if requested, of any entry in the register or any document filed with the state auditor that is a matter of public record. In any proceeding or prosecution under [sections 1 through 15], a certified copy is prima facie evidence of the contents of the entry or document certified.

(4) A person who has received a license to offer and sell living trusts in this state shall make and keep accounts and other records as required by the state auditor. The records are subject at any time to reasonable periodic, special, or other examination, within or outside this state, by representatives of the state auditor if necessary to protect the public interest or for the protection of consumers.

**Section 6. Scope.** [Sections 1 through 15] apply to any person who sells or offers to sell a living trust in this stato or when an offer to buy a living trust is made and accepted in this state. An offer to sell or buy is made in this state, whether or not either party is then present in this state, if the offer either originates in this state or is directed by the offeror to this state and is received at the place to which it is directed or at any post office in this state in the case of a mailed offer.

**Section 7. Fines and fees — deposit to general fund.** All fines and fees received by the state auditor pursuant to [sections 1 through 15] must be deposited in the general fund. If, in any year, the fines and fees do not cover the cost of administering [sections 1 through 15], the state auditor may increase the fees by rule to the extent necessary to cover the expected costs of administering [sections 1 through 15] for the following year.

**Section 8. Consent to service of process — manner of service.** (1) An applicant under [sections 1 through 15] shall file with the state auditor, in the form the state auditor prescribes, an irrevocable consent appointing the state auditor as the applicant's agent for the purpose of receiving service of any lawful process in any noncriminal suit, action, or proceeding against the applicant or the applicant's successor, executor, or administrator that arises under [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1

HeinOnline -- 1997 vol. II 1617 1997

through 15]. Service on the state auditor has the same force and validity as if served personally on the applicant or the applicant's successor, executor, or administrator.

(2) Service may be made by leaving a copy of the process in the office of the state auditor, but service is not effective unless:

(a) the plaintiff sends notice of the service and a copy of the process by certified mail to the defendant or respondent at the defendant's or respondent's last address on file with the state auditor; and

(b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or at a later date as the court allows.

**Section 9. Fraudulent and other prohibited practices.** (1) It is unlawful for a person, in connection with the offer or sale of any living trust, directly or indirectly, in, into, or from this state, to:

(a) employ any device, scheme, or artifice to defraud;

(b) make any untrue statement of a material fact;

(c) fail to state a material fact necessary to render any statement made not misleading; or

(d) engage in any other act, practice, or course of business that operates or would operate as a fraud or deceit upon any person.

(2) It is unlawful for a person to sell a living trust to a person for whom a living trust is not suitable.

**Section 10. Misleading filings.** It is unlawful for a person to knowingly make or cause to be made a materially false or misleading statement in any document filed with the state auditor or in any proceeding under [sections 1 through 15].

**Section 11. Unlawful representation concerning approval of application.** The fact that an application for a license to offer or sell living trusts has been filed or approved in this state does not constitute a finding by the state auditor that any document filed under [sections 1 through 15] is true, complete, and not misleading. The state auditor's approval of an application for a license to offer or sell a living trust may not be construed as a determination of the merits of any transaction or a recommendation of any person or transaction. It is unlawful to make or cause to be made to any prospective purchaser, customer, or client any representation inconsistent with this section.

**Section 12. Investigations and subpoenas.** (1) The state auditor may:

(a) issue subpoenas, compel testimony, and conduct hearings as provided in Title 2, chapter 4, parts 1 and 6;

(b) make public or private investigations or examinations within or outside this state that the state auditor considers necessary to:

HeinOnline -- 1997 vol. II 1618 1997

(i) determine whether a license to sell or offer to sell living trusts should be granted, denied, or revoked;

(ii) determine whether a person has violated or is about to violate a provision of [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15]; or

(iii) aid in the enforcement of [sections 1 through 15] or in the prescribing of rules and forms under [sections 1 through 15];

(c) require or permit a person to file a statement in writing, under oath or otherwise as the state auditor may determine, relating to the facts and circumstances concerning a matter to be investigated; and

(d) publish information concerning a violation of [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15].

(2) A person is not excused from attending a hearing or from producing a document or record before the state auditor or in obedience to a subpoena of the state auditor or any officer designated by the state auditor or pursuant to any proceeding instituted by the state auditor on the ground that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate or subject the person to a penalty or forfeiture. This section does not prohibit the state auditor from granting immunity from prosecution for any transaction, matter, or thing concerning which a witness is compelled to testify if the state auditor determines, in the state auditor's discretion, that justice would be served. Immunity may not extend to prosecution or punishment for false statements given pursuant to the subpeena.

**Section 13. Injunctions and other remedies — limitations on actions — criminal sanctions.** (1) If it appears to the state auditor that a person has engaged or is about to engage in an act or practice constituting a violation of any provision of [sections 1 through 15], the state auditor may:

(a) issue an order directing the person to cease and desist from committing or continuing the act or practice until a hearing can be held pursuant to Title 2, chapter 4, part 6; or

(b) without issuing an order to cease and desist, bring an action in any court of competent jurisdiction to enjoin any acts or practices and to enforce compliance with [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15]. Upon a proper showing, a permanent or temporary injunction, restraining order, or writ of mandamus must be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The state auditor may not be required to post a bond.

(2) A final judgment or decree under subsection (1)(b) determining that a person has violated [sections 1 through 15] in an action brought by the state auditor for the violation, other than a consent judgment or decree entered before trial, is prima facie evidence against that person in any action maintained pursuant to [section 15].

(3) The state auditor may, after giving reasonable notice and an opportunity for a hearing pursuant to Title 2, chapter 4, part 6, impose a fine not to exceed $10,000 for each violation upon a person found to have engaged in an act or

HeinOnline -- 1997 vol. II 1619 1997

practice constituting a violation of any provision of [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15]. The fine is in addition to all other penalties imposed by the laws of this state and must be collected by the state auditor in the name of the state of Montana and deposited in the general fund. Imposition of any fine under this subsection is an order from which an appeal may be taken pursuant to Title 2, chapter 4, part 6. If a person fails to pay a fine referred to in this subsection, the amount of the fine is a lien upon all of the assets and property of the person in this state and may be recovered by suit by the state auditor and deposited in the general fund. Failure of the person to pay a fine also constitutes a forfeiture of the right to do business in this state under [sections 1 through 15].

(4) An administrative or civil action may not be maintained by the state auditor under this section to enforce a liability founded on a violation of [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15] unless it is brought within 2 years after discovery by the state auditor of the facts constituting the violation.

(5) Any person who purposely or knowingly violates any provision of [sections 1 through 15] or who purposely or knowingly violates any rule or order adopted or issued pursuant to [sections 1 through 15] shall upon conviction be fined not more than $10,000 or imprisoned for a term of not more than 10 years, or both. An indictment or information may not be returned under [sections 1 through 15] more than 8 years after the alleged violation. However, the time limitation period may be extended to allow commencement of a prosecution within 1 year after the date the state auditor or other prosecuting officer becomes aware of the violation on which the action is based.

(6) The state auditor may refer evidence concerning violations of [sections 1 through 15] or of any rule or order adopted or issued pursuant to [sections 1 through 15] to the attorney general or proper county attorney, who may, with or without the referral, institute the appropriate criminal proceedings under [sections 1 through 15].

(7) Nothing in [sections 1 through 15] limits the power of the state to punish a person for any conduct that constitutes a crime.

**Section 14. Judicial review of orders.** A person aggrieved by a final order of the state auditor may obtain judicial review of the order as provided in Title 2, chapter 4, part 7.

**Section 15. Civil liabilities — limitations on actions.** (1) A person who offers or sells a living trust in violation of [section 4] or offers or sells a living trust by means of fraud or misrepresentation is liable to the person buying the living trust, who may sue either at law or in equity to recover the consideration paid for the living trust, together with interest, at 10% a year from the date of payment, costs, and reasonable attorney fees.

(2) A person who directly or indirectly controls an offeror or seller who is liable under subsection (1) or a partner, officer, director, associate, or employee of the offeror or seller who participates or materially aids in the offer or sale is liable jointly and severally with the offeror or seller if the nonseller knew or in the exercise of reasonable care should have known of the violation. Contribution may be required among liable persons.

HeinOnline -- 1997 vol. II 1620 1997

(3) A person who has made or engaged in the performance of a contract in violation of any provision of [sections 1 through 15] or any rule or order adopted or issued pursuant to [sections 1 through 15] or who has acquired any purported right under the contract with knowledge of the violation may not hase any suit on the contract. Any condition, stipulation, or provision hinding a person acquiring a living trust to waive compliance with any provision of [sections 1 through 15] or any rule or order adopted pursuant to [sections 1 through 15] is void as against public policy and the public interest.

(4) (a) Except as provided in subsection (4)(b), an action may not be maintained under this section to enforce any liability founded on a violation of [section 4], fraud, or misrepresentation unless it is brought within 2 years after discovery of the violation or after the time the discovery should have been made by the exercise of reasonable diligence.

(b) An action may not be maintained under this section to enforce any liability unless it is brougbt within 5 years after the transaction on which the action is based.

**Section 16. Report to legislature.** The state auditor shall, as provided in 5-11-210, report to the 1999 regular session of the legislature on the implementation of [sections 1 through 15]. The report must include a detailed record of tbe types of complaints received, a summary of any fines impesed and received, and any other actions taken to enforce compliance with [sections 1 through 15].

**Section 17. Codification instruction.** [Sections 1 through 15] are intended to be codified as an integral part of Title 30, and the provisions of Title 30 apply to [sections 1 through 15].

STATEMENT OF INTENT

A statement of intent is required for this hill because rulemaking authority is granted to the public service commission.

[Section 3] authorizes the public service commission to adopt procedural rules relating to mediation and arbitration for interconnection proceedings.

Under the interim universal access provisions of [sections 20 through 26], the public service commission is to establish surcharge rates as provided in [section 25]. The surcharge rates must take into account different cost structures among telecommunications carriers, particularly the wireless and CATV industry. The retail revenue for tbese providers should be based on an equitable, per access line, revenue equivalent. The commission sball also set the surcharge rate to produce the ameunt of revenue necessary to fund tbe program. The formulation should consider any overlapping federal discounts. The commission sbould appoint an oversigbt group, consisting of users and industry participants, to meet quarterly with the commission to review revenue, discounts, and the administration of [sections 20 through 26]. The public service commission shall also establish a method for paying discount reimbursements in accordance with [section 25]. The public service commission sliall cooperate with the department of revenue in

HeinOnline -- 1997 vol. II 1622 1997

determining rates, administering offsets against any surcharges, and other matters necessary for the administration of [sections 20 through 26].

The department of revenue shall administer the collection of the surcharge by rule. Because of the limited duration of the program, it is contemplated that the rules and administration be minimal, flexible, and as unobtrusive as possible while ensuring that there are sufficient administrative powers to enable the implementation of [sections 20 through 26].

Under [section 13], the public service commission shall administer a contract with a third party that will manage the universal service fund for telecommunications services on a daily basis. The third party is responsible for the collection of contributions to the fund. The third party is also responsible for setting the amount of contribution based on total retail revenue of telecommunications carriers operating in Montana. The public service commission shall adopt procedural rules for the collection of the contributions. The public service commission shall also adopt rules allowing the third party to assess late fees and interest on late payments of contributions. The rules must set interest rates and ponalties for late payments.

[Section 14] authorizes the public service commission to adopt procedural rules relating to the collection of contributions to the universal service fund. [Section 14] authorizes the public service commission to adopt rules for the assessment of late fees and interest on contributions to the fund.

[Section 15] requires the public service commission to adopt rules establishing affordability benchmarks for local service.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Interconnection — construction and effect.** [Sections 1 through 19] do not grant any jurisdiction to the commission over telecommunications carriers except as expressly set forth in [sections 1 through 19], and [sections 1 through 19] may not be construed to limit or repeal exemptions from the commission's jurisdiction otherwise recognized by statute or law. Legislation may not be considered to suporsede or modify any provision of [sections 1 through 19] except to the extent that the legislation does so expressly.

**Section 2. Interconnection — jurisdiction.** In addition to the authority granted to the commission in 69-3-102 to supervise and regulato public utilities, the commission has authority, for the purposes of implementing [sections 1 through 9], over all telecommunications carriers.

**Section 3. Rulemaking authority.** The commission may adopt rules of procedure to implement [sections 6 through 10].

**Section 4. Duty to interconnect.** (1) The purpose of this section is to implement specific provisions of the federal Telecommunications Act of 1996, Public Law 104-104.

(2) (a) Each telecommunications carrier shall perform the duties enumerated in 47 U.S.C. 251(a).

(b) Each local exchange carrier shall perform the duties enumerated in 47 U.S.C. 251(b).

HeinOnline -- 1997 vol. II 1623 1997

(c) In addition to the duties provided for in subsection (2)(b), each incumbent local exchange carrier shall perform the duties enumerated in 47 U.S.C. 251(c).

(3) (a) Except under the circumstances set forth in subsection (4), the provisions of subsection (2)(c) do not apply to a rural telephone company until:

(i) the company has received a bona fide request for interconnection, services, or network elements; and

(ii) the commission determines under subsection (3)(b) that the request is not unduly economically burdensome, is technically feasible, and is consistent with 47 U.S.C. 254 (other than 47 U.S.C. 254(b)(7) and (c)(1)(D)).

(b) The party making a bona fide request of a rural telephone company for interconnection, services, or network elements shall submit a notice of its request to the commission. The commission shall conduct an inquiry for the purpose of determining whether to terminate the exemption provided by subsection (3)(a). Within 120 days after the commission receives notice of the request, the commission shall terminate the exemption if the request is not unduly economically burdensome, is technically feasible, and is consistent with 47 U.S.C. 254 (other than 47 U.S.C. 254(b)(7) and (c)(1)(D)). Upon termination of the exemption, the commission shall establish an implementation schedule for compliance with the request that is consistent in time and manner with the federal communications commission's regulations.

(4) The exemption provided by subsection (3)(a) does not apply with respect to a request from a cable operator providing video programming and seeking to provide any telecommunications service in the area in which the rural telephone company was providing video programming on February 8, 1996.

(5) (a) A local exchange carrier with fewer than 2% of the nation's subscriber lines, installed in the aggregate nationwide, may petition the commission for a suspension or modification of the application of a requirement of subsection (2)(b) or (2)(c) to telephone exchange service facilities specified in the petition. The commission shall grant the petition for the suspension or modification to the extent and for the duration that the commission determines:

(i) is necessary:

(A) to avoid a significant adverse economic impact on users of telecommunications services generally;

(B) to avoid imposing a requirement that is unduly economically burdensome; or

(C) to avoid imposing a requirement that is technically infeasible; and

(ii) is consistent with the public interest, convenience, and necessity.

(b) The commission shall act upon any petition filed under subsection (5)(a) within 180 days after receiving the petition. Pending action, the commission may suspend enforcement of the requirement to which the petition applies with respect to the petitioning carrier.

**Section 5. Voluntary negotiation of interconnection agreements.** Upon receiving a request for interconnection, services, or network elements

pursuant to [section 4], an incumbent local exchange carrier may negotiate and enter into a binding agreement with the requesting telecommunications carrier without regard to the duties set forth in [section 4(2)(b) or (2)(c)]. The agreement must include a detailed schedule of itemized charges for interconnection and each service or network element included in the agreement.

**Section 6. Mediation of interconnection agreements.** Upon the written request of any party negotiating an agreement for interconnection with another telecommunications carrier, the commission may designate a mediator, who may be a commission member, to mediate any differences arising in the course of the negotiation.

**Section 7. Arbitration of interconnection issues.** (1) The commission has the authority to arbitrate any open interconnection issues pursuant to 47 U.S.C. 252(b), as it existed on February 8, 1996, according to the duties in subsections (3) through (14) of this section. Except as expressly provided in this section, the provisions of the Montana Administrative Procedure Act do not apply to arbitrations conducted under the authority granted by this section.

(2) During the period from the 135th to the 160th day, inclusive, after the date on which an incumbent local exchange carrier receives a request for negotiation under [section 4], the carrier or any other party to the negotiation may petition the commission to arbitrate any open issues. A party that petitions the commission under this section shall, at the same time as it submits the petition, provide the commission all relevant documentation concerning the following:

(a) the unresolved issues;

(b) the position of each of the parties with respect to those issues; and

(c) any other issue discussed and resolved by the parties.

(3) A party petitioning the commission under this section shall provide a copy of the petition and any documentation to the other party or parties not later than the day on which the commission receives the petition.

(4) A nonpetitioning party to a negotiation under [section 4] may respond to the other party's petition and provide any additional information that it wishes within 25 days after the commission receives the petition.

(5) The commission shall limit its consideration to those issues set forth by the parties to the negotiation in the petition for arbitration and the response to the petition.

(6) The commission may appoint a hearings examiner for arbitration proceedings under this section. The hearings examiner shall file with the commission a proposed decision within the time set by order of the commission. A hearings examiner must be assigned with regard to the expertise required for the particular matter. On the filing by a party, in good faith, of a timely and sufficient affidavit of personal bias, lack of independence, disqualification by law, or other disqualification of a hearings examiner or on the hearings examiner's own motion, the commission shall determine the affidavit or motion as a part of the record in the case. The commission may disqualify the hearings examiner and appoint another hearings examiner. The affidavit must state the facts and the

HeinOnline -- 1997 vol. II 1625 1997

reasons for the belief that the hearings examiner should he disqualified and must be filed not less tban 10 days before tbe original date set for the hearing.

(7) Participation in the arbitration proceeding must be limited to the telecommunications carrier requesting the arbitration, the telecommunications carrier from which interconnection is being sought, and the Montana consumer counsel.

(8) Negotiations among the telecommunications carriers may continue, pending a final decision hy the arbitrator.

(9) Unless otherwise agreed to by the parties, the commission shall, within 10 days of the filing of a request for arbitration, conduct a conference with the parties for the purpose of establishing a schedule for the orderly and timely disposition of the arbitration. The schedule must include discovery deadlines and a hearing date.

(10) The hearing must be conducted pursuant to the Montana Rules of Evidence, and the parties are entitled to be heard, present evidence material to the issues, and cross-examine witnesses appearing at the hearing. Parties must be allowed to conduct discovery pursuant to the schedule determined by the arbitrator, and the discovery must be conducted pursuant to the Montana Rules of Civil Procedure.

(11) The commission may issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence relevant to the issues being arbitrated and may administer oaths. Subpoenas must be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action in district court. The commission shall regulate the course of the hearings and tbe need for filing briefs and may direct the parties to appear and confer to consider simplification of the issues by consent of the parties.

(12) The commission shall issue its final decision no later than 9 months after the request for negotiations on a petition issued under [section 4]. When the commission files its final decision or when the bearings examiner files the proposed decision with the commission, each party must be simultaneously given a copy delivered personally or by certified mail. The decision must:

(a) ensure the resolution of issues presented by the parties and ensure that the resolution meets the requirements of [section 4] and this section;

(b) establish rates for interconnection, services, or access to unbundled network elements pursuant to 47 U.S.C. 252(d); and

(c) provide a schedule for implementation of the terms and conditions of the decision by the parties.

(13) If the person who conducted the hearing becomes unavailable to the commission, the commission is not precluded from issuing a final decision based on the record if the demeanor of the witnesses is considered immaterial by all parties.

(14) Unless required for the disposition of ex parte matters authorized by law, the person or persons who are charged with the duty of rendering a decision or of making findings of fact and conclusions of law in an arbitration proceeding,

HeinOnline -- 1997 vol. II 1626 1997

after issuance of notice of hearing, may not communicate with any party or a party's representative in connection with any issue of fact or law in the case unless there is notice and opportunity for all parties to participate.

**Section 8. Approval of arbitration decision.** (1) If the commission has not approved or rejected in its entirety an agreement adopted by arbitration under [section 7(12)] within 30 days of submission by the parties, the agreement is considered approved.

(2) The commission may reject the agreement only if the commission finds that the agreement does not meet the requirements of 47 U.S.C. 251 and the regulations prescribed to implement that section by the federal communications commission or the standards set forth in 47 U.S.C. 252(d). Upon rejection of an agreement, the commission shall provide the parties with written findings as to any deficiencies.

**Section 9. Approval of interconnection agreements.** (1) Within 90 days of filing of an interconnection agreement adopted by negotiation of the parties to an agreement, the commission shall approve or reject the agreement, or the agreement is considered approved.

(2) The commission may reject an agreement filed under this section only if the commission finds that:

(a) the agreement or a portion of the agreement discriminates against a telecommunications carrier not a party to the agreement; or

(b) the implementation of the agreement or portion is not consistent with the public interest, convenience, and necessity.

(3) Upon rejecting an agreement filed under this section, the commission shall issue written findings detailing any deficiencies in the agreement.

**Section 10. Determination of eligible carrier status — universal service support.** (1) The commission is authorized to designate telecommunications carriers as eligible for federal universal service support, in accordance with 47 U.S.C. 214(e)(1) and 47 U.S.C. 254, and for any Montana universal service funds. This authorization applies to all telecommunications carriers notwithstanding the carrier's exemption from further regulation by the commission.

(2) Upon the petition of a telecommunications carrier, or upon its own motion, the commission shall designate a telecommunications carrier that meets the requirements of 47 U.S.C. 214(e)(1) as an eligible telecommunications carrier for a service area designated by the commission. In the case of an area served by a rural telephone company, the term "service area" means the company's "study area" for federal universal service support unless the federal communications commission establishes a different definition of service area for the company. The term "service area" for all other telecommunications carriers means a geographic area such as a census block or grid block as established by the commission for the purpose of determining federal universal service obligations and support mechanisms.

(3) Upon receiving a petition from a telecommunications carrier and consistent with the public interest, convenience, and necessity, the commission

HeinOnline -- 1997 vol. II 1627 1997

may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one telecommunications carrier for a service area, so long as each additional requesting telecommunications carrier meets the requirements of 47 U.S.C. 214(e)(1). Before designating an additional eligible telecommunications carrier for an area served hy a rural telephone company, the commission shall find that the designation is in the puhlic interest.

(4) If no telecommunications carrier will provide the services that are supported by universal service support mechanisms under 47 U.S.C. 254(c) to all or a part of an unserved community that requests service, the commission shall determine which telecommunications carrier is best able to provide the service to the requesting unserved community. Any telecommunications carrier ordered to provide service under this section shall meet the requirements of 47 U.S.C. 214(e)(1) and must be designated as an eligible telecommunications carrier for that community or the unserved portion of the community.

(5) The commission shall permit an eligible telecommunications carrier to relinquish its designation as an eligible carrier in any area served by more than one eligible telecommunications carrier. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the commission of the relinquishment. Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the commission shall require the remaining eligible telecommunications carrier to ensure that all customers served by the relinquishing carrier will continue to be served and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunications carrier. The commission shall establish a time, not to exceed 1 year after the commission approves relinquishment under this section, within which the purchase or construction must be completed.

**Section 11. Universal service policies.** The legislature finds that universally available telecommunications services are essential te the health, welfare, and economic well-being of the citizens of Montana. The federal Telecommunications Act of 1996, Public Law 104-104, requires a transition to local competition. Implicit subsidies have historically been used to further the puhlic policy of keeping local rates to customers in high-cost areas at affordable levels. The federal act and the transition to competition require that all subsidies used to keep local rates at affordable levels be explicit. Additionally, the federal act's universal service provisions establish a system of discounts for schools, libraries, and health care providers. Securing these discounts can be dependent on state actions. In order to preserve and advance the goal of universal service in the new competitive environment established by the federal act, the legislature finds that a new Montana universal service fund, supported by contributions from the telecommunications carriers operating in Montana, should be created that will:

(1) not duplicate the federal universal service fund mandated by the Telecommunications Act of 1996 but that will complement the federal fund hy providing additional funding as necessary to ensure universal service in the state of Montana;

HeinOnline -- 1997 vol. II 1628 1997

(2) he competitively and technologically neutral in both funding and distribution;

(3) provide a specific, predictable, and sufficient mechanism of support for high-cost areas; and

(4) allow for implementation of the federal support system for telecommunications services provided to schools, libraries, and health care providers.

**Section 12. Universal service fund cstablished — purpose.** (1) Pursuant to a determination of need, the commission shall establish and administer a fund to assist eligible telecommunications carriers in providing affordable telecommunications services in high-cost areas. The fund must provide support for the following services:

(a) voice grade access to the public switched network, including some usage;

(h) dual-tone multifrequency (DTMF or "touch tone") signaling or its equivalent;

(c) single-party service;

(d) access to emergency services, including access to 9-1-1, where available, and access to enhanced 9-1-1 when requested by a telecommunications carrier's local community and when the telecommunications carrier has technical capacity to provide it;

(e) access to operator services;

(f) access to interexchange services; and

(g) access to directory assistance.

(2) The fund must support only access to tlie services listed in suhsections (1)(d) through (1)(g) and not support the services themselves.

(3) The fund must be administered to ensure that its operation is competitively and technologically neutral.

**Section 13. Fund administrator.** (1) A fiscal agent and daily administrator must be selected to receive and distribute funds under [sections 11 through 15].

(2) The fiscal agent must be selected by tlie commission based upon a competitive bidding process after an opportunity for puhlic comment on the specific qualifications required of the fiscal agent. A telecommunications carrier is not eligible to be the fiscal agent. The duties of tbe fiscal agent must be determined by a contract consistent with [sections 11 through 15]. The contract term of the fiscal agent must expire December 31, 1999.

(3) The fiscal agent shall provide quarterly reports of fund activities to the commission and shall provide audits annually by a certified public accountant in a manner determined by and under the direction of the commission.

(4) The financial accounts of the fiscal agent must be available at reasonable times to any telecommunications carrier in the state and to the public. Tlie

HeinOnline -- 1997 vol. II 1629 1997

commission may investigate the accounts and practices of the fiscal agent and enter orders concerning the accounts and practices.

**Seetion 14. Contributions to fund.** (1) The fiscal agent shall collect contrihutions from all telecomniunications carriers on a quarterly basis, based on a July 1 to June 30 fiscal year. Initial contributions to the fund may only be collected for the 2-nionth period prior to the effective date of distributions froni the fund and must be calculated as follows:

(a) determine the total retail revenue for all telecommunications carriers for the immediately precedmg calendar year;

(b) determine the total funds needed for distributions in the next fiscal year as authorized pursuant to [section 15];

(c) compute a uniform percentage of the amount determined in subsection (1)(a) tbat will produce an amount equal to the fund total calculated in subsection (1)(h);

(d) adjust the percentage multiplier computed in subsection (1)(c) to recover or reimburse any fund shortfalls or excesses in the previous fiscal year; and

(e) send notice of the current uniforni percentage and appropriate remittance forms to each telecomniunications carrier at least 2 months prior to the effective date of the application of the percentage.

(2) The commission shall adopt procedural rules to govern collection of the contrihutions required by this section, as well as rules allowing the fiscal agent and daily administrator to assess late fees and interest on delinquent payments from telecommunications carriers. The fiscal agent is specifically authorized to enforce the contribution requirements of this section through suit in the district courts of Montana.

(3) Any reduction in telecommunications carrier access expenses because of the removal of implicit subsidies inlierent in teleconimunications carrier access rates must be passed through to Montana end-user customer retail rates.

**Seetion 15. Distributions from fund — calculation of costs.** (1) Suhject to the requirements of this section, payments from the fund inust be made by the fiscal agont to qualifying eligible teleconimunications carriers, on a monthly basis, pursuant to rules adopted by the conimission.

(2) Only eligible telecommunications carriers that offer the telecommunications services described in [section 12(1)] to all customers in a designated support area and that advertise the availability of the telecommunications services and the charges for the teleconimunications services using media of general distribution may receive support from the fund for the designated support area.

(3) Distributions must be calculated for the designated support areas estahlished by the conimission. In the case of an area served by a rural telephone company, the term "designated support area" nieans tne rural telephone company's Montana service area unless the rural telephone company voluntarily adopts a proxy model for the calculation of the rural telephone company's cost of telecommunications services under subsection (6). After adoption of a proxy

model, the rural telephone company's designated support area must be an area designated by the commission, which may be smaller than a wire center. The term designated support area for all other telecommunications carriers means a geographic area as established by the commission, which must be smaller than a wire center.

(4) Support for the services listed in [section 12(1)] must be calculated as the difference between the costs determined in each designated support area and the affordability benchmark in that support area. The commission shall adopt rules to determine affordability benchmarks.

(5) Except as provided in subsection (6), for rural telephone companies and other eligible telecommunications carriers offering services in a designated support area served by a rural telephone company, the average cost for each line must be calculated and submitted, based on the preceding calendar year, to the fiscal agent as follows:

(a) If an additional eligible telecommunications carrier has not been designated pursuant to [section 10(3)], the rural telephone company's total unseparated loop cost, as defined by federal separation rule methodology in effect on December 31, 1996, must be added to the switching costs, local transport costs, and customer operations costs assigned to the telecommunications services set forth in [section 12(1)], which must be calculated using the methodology set forth in federal communications commission jurisdictional separation rules in effect as of December 31 of each calendar year. This total cost must be reduced by any federal universal service support, interstate allocation of loop costs, and loop costs recovered through intrastate telecommunications carrier common line charges to long-distance companies.

(b) Upen the designation of an additional eligible telecommunications carrier pursuant to [section 10(3)] in a designated support area served by a rural telephone company, the additional eligible telecommunications carrier has access to the fund on the same basis as the rural telephone company. Upen the designation of the additional eligible telecommunications carrier, both the carrier and the rural telephone company must receive distributions from the fund based upon the rural telephone company's average cost for each line disaggregated to geographic areas smaller than a wire center. The support for each line for each geographic area must be based upon the rural telephone company's costs, as determined in subsection (5)(a), distributed to each of the geographic areas on the basis of relative distribution factors established by a cost proxy model adopted by the commission.

(6) Except as provided in subsection (5)(b), for companies that are not rural telephone companies and for rural telephone companies voluntarily electing to use a cost prexy medel, the average cost for each line in designated support areas must be calculated based on the cost proxy model adopted by the commission. This total per-line cost must be reduced by any federal universal service support, interstate allocation of loop costs, and loop costs recovered through intrastate telecommunications carrier common line charges to long-distance companies.

(7) In determining any proxy mechanism under this section, the commission shall use a model that:

(a) targets support to a geographic area smaller than a wire center;

HeinOnline -- 1997 vol. II 1631 1997

(h) uses acceptable outside plant design and costing principles;

(c) uses reasonable switch design and costing principles;

(d) includes a reasonable share of the joint and common costs of the telecommunications carrier;

(e) meets standards for documenting model logic and the sources of cost data input; and

(f) meets reasonableness tests to ensure that model outputs are representative of costs that can be reasonably expected in the construction of a network and that the network is capable of providing telecommunications services that meet the telecommunications services quality standards of the commission and federal regulators.

(8) An eligible telecommunications carrier providing telecommunications services through resale of another telecommunications carrier's telecommunications services or facilities may not receive support for those telecommunications services or facilities if the rates charged to an eligible telecommunications carrier by the other telecommunications carrier have been reduced by a contribution from universal service funds under this section.

(9) Costs of administering the fund must be paid from the fund.

**Section 16. Discounts for schools, libraries, and health care providers.** The commission is authorized to estahlish intrastate discounts to schools, libraries, and health care providers and to perform administrative functions necessary as a condition of federal universal service support if the discounts are recovered through the federal universal service fund.

**Section 17. Wholesale pricing standards.** (1) Except as provided in subsection (2), if the commission is requested by a telecommunications carrier to establish wholesale prices for services provided by a telecommunications carrier, the commission may not establish a wholesale price using a default proxy discount value to be applied to the applicable retail price. The commission shall establish wholesale prices using company-specific costs.

(2) This section does not apply to the prices, terms, and conditions of a final or interim arbitrated interconnection agreement, arhitration decision, or appeal from an agreement or decision if the request for arbitration was filed on or before March 1, 1997.

**Section 18. Pricing of individual network elements.** (1) Except as provided in subsection (4), if the commission is requested by a telecommunications carrier to establish the prices of the individual network elements used to provide telecommunications services, the commission shall set those prices at a just and reasonable level sufficient to recover the actual cost of providing those elements, including:

(a) a reasonable share of the joint and common costs so that the telecommunications carrier has a reasonable opportunity to recover these costs;

(b) depreciation costs that are based upon forward-looking asset lives consistent with asset lives of other telecommunications carriers and that reflect an amortization of any underdepreciated investment;

HeinOnline -- 1997 vol. II 1632 1997

(c) a reasonable share of the costs associated with fill factors, recognizing spare capacity required to fulfill eligible telecommunications carrier responsibilities; and

(d) a fair return on investments.

(2) The actual cost of providing the elements included in suhsections (1)(a) through (1)(d) must be determined without reference to a rate-of-return or other rate-based proceeding.

(3) If a telecommunications carrier uses average prices for services to end users without regard to the customer's location, the commission shall similarly establish an average cost and wholesale price for each individual network element sold to other telecommunications carriers. The commission may depart from average pricing for network elements only to the extent that the retail prices to end users of a telecommunications carrier have departed from average pricing.

(4) This section does not apply to the prices, terms, and conditions of a final or interim arhitrated interconnection agreement, arbitration decision, or appeal from an agreement or decision if the request for arbitration was filed on or before March 1, 1997.

**Section 19. Prohibited subsidies.** The commission may not subsidize the price of any telecommunications service, including wholesale prices or the prices of individual network elements, by reducing the prices to reflect an allocation or credit of revenue from the operations of an affiliated company of the carrier of telecommunications services, including a publishing affiliate.

**Section 20. Interim universal access program — purpose.** (1) There is an interim universal access program.

(2) The purpose of the interim universal access program is to further the geal of universal access to advanced telecommunications services in Montana by:

(a) increasing safety net coverage through wbich advanced telecommunications services would, at a minimum, he available through a library, school, or other specified type of public institution in every community in the state;

(b) encouraging innovation in communities to bring advanced services to Montana's rural areas; and

(c) assisting communities that have already succeeded in obtaining services when ongoing transport costs threaten the continued availability of these services.

**Section 21. Interim universal access program — definitions.** As used in [sections 20 though 27], the following definitions apply:

(1) "Administrator" means the public servico commission.

(2) "Advanced services" means high-speed (56 kbps and above), dedicated or switched, broadband telecommunications capability that enables users to originate and receive high-quality voice, data, graphics, and video telecommunications using any technology.

(6) "Tribal college" means a college recognized by the United States government as a tribal college.

**Section 22. Interim universal access program — public access points.** At a minimum, all public access points must provide the general public access to advanced telecommunications services that are not subscription-based. The access must be provided free of charge and at convenient hours on a walk-in basis. Public access points may offer subscription- based services, such as electronic mail, but are not required to administer these types of services.

**Section 23. Interim universal access program — funded services — application for services.** (1) The universal access program provides funding through discounts only for advanced services for use by public access points, schools, tribal colleges, libraries, and health care providers approved by the administrator.

(2) The first priority of the program is to provide funding for at least one public access point in each Montana community. Subject to available funding, the program shall also provide funding for advanced services to schools, tribal colleges, libraries, and health care providers.

(3) The administrator shall establish discount levels for services in each of the following categories:

(a) public access points;

The application must be accompanied by a resolution of support from the governing body of the appropriato city, county, or tribal governmnent in which the applicant is located.

**Section 24. (2) Except as provided in subsection (3), the advanced discount is equal to 50% of the best cost rate available to any business customer for an equivalent of one 56 kbps dedicated circuit to the nearest access point for the requested service. However, the cost to the eligible user may not exceed $100 a month.

(3) If funds from tbe interim universal access account are not sufficient to fully reimburse for discounts authorized in subsection (2), the amount of the discounts to each eligible user must be reduced proportionally.

(4) Even if best cost rates available to any business customer increase by more than 5%, the amount payable by an eligible user may not increase by more than 5% during tbe period from [the effective date of this section] to January 1, 2000.

(5) Subject to restrictions in federal law, if interstate universal access services are established by the federal communications commission, federal funding for universal access services must be used to reduce state funding for intrastate services.

**Section 25. Interim universal access program — funding — surcharge rate.** (1) (a) The interim universal access program is funded by a surcharge based on the retail revenue for all intrastate telecommunications services in the state. The surcharge must be determined by the administrator by rule. The surcbarge must be set and applied to all telecommunications carriers on a competitively neutral basis.

(b) The rate of the surcharge must be set to raise $250,000 during tlie fiscal year ending June 30, 1998, and $500,000 during the fiscal year ending June 30, 1999. The rate may be changed, by rule, as necessary.

(c) The payment of the surcharge is an explicit subsidy and may be shown as a separate line item on each carrier's retail telecommunications services bills.

HeinOnline -- 1997 vol. II 1635 1997

(d) The surcharge may be applied only to telecommunications services. Customer premise equipment is not considered a telecommunications service.

(2) The surcharge is payable quarterly to the department of revenue and deposited by the department in the interim universal access account established in [section 26]. The department may by rule:

(a) establish the form of a reporting statement to be filed by telecommunications carriers subject to the surcharge;

(b) set the date after the end of a fiscal quarter that the quarterly payment must be made;

(c) provide for recordkeeping by telecommunications providers subject to the surcharge; and

(d) provide methods to pay the surcharge, including offsets of surcharges owed against discounted services to be reimbursed, and to pay refunds of overpayment of the surcharge.

After payment of refunds, the balance of the account must be used for the purposes described in [section 24].

**Section 27. Commission to make recommendations on universal access and service.** The public service commission shall examine and make recommendations to the 56th legislature on universal access and service. The commission shall:

(1) review the impact on universal access and service in Montana of any federal universal service fund that results from current federal communications rulemaking under the federal Telecommunications Act of 1996; and

(2) evaluate the extent to which the federal universal service fund falls short of supporting legislatively defined universal access and service goals in Montana.

HeinOnline -- 1997 vol. II 1636 1997

(3) The commission may develop plans and propose legislation that would ensure the attainment of universal access and service goals in Montana.

(5) (a) A provider of regulated telecommunications service may offer, for a limited period of time, ~~either~~ rebates, *price* ~~or~~ reductions, or waivers of ~~installation~~ charges in conjunction with promotions, market trials, or other sales-related activities that are common business practices. Promotional pricing ~~of services that remain fully tariffed requires~~ *for services other than basic local exchange access to end users does not require* advance approval of the commission. *Informational price lists must be filed with the commission on or before the date that the promotion begins. Promotional offerings for basic local exchange access to end users and packaged services that include basic local exchange access to end users require advance approval of the commission. The commission shall approve, deny, or upon a showing of good cause set for hearing an application for a promotional discount within 30 days of the filing of the application. *Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 15-31-141, MCA, is amended to read:

**"15-31-141. Consolidated returns — computation and procedure — ~~prohibition on financial institutions~~.** (1) Corporations ~~which~~ *that* are affiliated may not file a consolidated return unless at least 80% of all classes of stock of each corporation involved is owned directly or indirectly by one or more members of the affiliated group.

(2) Corporations may not file a consolidated return unless the operation of the affiliated group constitutes a unitary business and, except for a unitary

business operation described in subsection (2)(b), permission to file a consolidated return is given by the department ~~of revenue~~. For purposes of this section, a "unitary business operation" means ene in which:

(a) the business operations conducted by the corporations in the affiliated greup are interrelated or interdependent to the extent that the net income of one corporation cannot reasonably be determined without reference to the operations conducted by the other corporations; or

(b) all of the corporations in the affiliated group ~~are incorporated and~~ operate exclusively in Montana, are not multistate corporations, and have filed a consolidated federal return for the tax year.

(3) The election to file a consolidated return is binding as long as the affiliated group continues to file a federal consolidated return.

(4) If the conditions of subsections (1) and (2) ~~of this section~~ are met, the department may require corporations to file a consolidated return when the department considers a consolidated return necessary.

(5) Any corporation liable to report under this chapter and owning or controlling, either directly or indirectly, at least 80% of all classes of stock of each corporation involved may be required to make a consolidated report showing the combined net income, ~~such~~ *the* assets of the corporation ~~as~~ *that* are required for the purposes of this chapter, and ~~such~~ *any* other information ~~as~~ *that* the department may require, but excluding intercorporate stockholdings and intercorporate accounts. ~~(6) (a) A majority of the corporation license tax collected from financial institutions is paid to local government areas in which each financial institution is located. However, consolidated returns for financial institutions do not reflect the true tax attributable to each local government. In addition, consolidated returns would permit financial institutions to offset income against losses of nonfinancial institutions, thereby distorting the true income of each financial organization.~~

~~(b) In accordance with subsection (6)(a), financial institutions are prohibited from filing consolidated returns under this section.~~

~~(7)~~*(6)* (a) When an affiliated group elects to file a consolidated return under the provisions of this section, a corporation of the affiliated group shall file a separate return for any portion of its taxable year in which its income is not included in the consolidated return of the group. STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 1 and 3] give the puhlic employees' retirement board authority to adopt administrative rules.

A fundamental purpose of the public employee retirement systems is to provide members with a federal income tax-deferred retirement plan. To qualify for federally deferred income tax status, each retirement plan must conform with the requirements of section 401 of the Internal Revenue Code, which may be amended from time to time.

It is the intent of the legislature that Montana statutory provisions in conflict with section 401 of the Internal Revenue Code and related federal regulations and that would result in a retirement plan being disqualified are ineffective or must be interpreted so that the retirement plans may retain tax-deferred status.

It is the further intent of the legislature to clarify when a member of a retirement system becomes a retiree. The retirement date is the date on which the member accepts the first benefit payment. An inactive member who has not met all eligibility requirements for retirement, including proper submission of a written application for retirement benefits, should not be considered a "retiree" during the period of time before the member actually began receiving benefit payments, even though the member may later receive payments retroactive to an earlier commencement date. Because retirees may not earn membership service or purchase service credits in the retirement systems and active and inactive members may not receive benefit adjustments granted to current retirees, it is imperative to the actuarial soundness of the systems to clarify the retirement date of each member.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Retaining qualified plan status — board rulemaking authority.** If a statutory provision affecting a retirement plan administered by the board conflicts with a qualification requirement in section 401 of the Internal

Revenue Code and consequent federal regulations, the provision is either ineffective or must be interpreted to conform with the federal qualification requirements and allow the system to retain tax-deferred status. The board may adopt rules to implement this section.

**Section 2. Absence due to injury or illness.** (1) Time, not to exceed 5 years, during which a member is absent because of an injury or illness is considered membership service if, within 1 year after the end of the absence, the injury or illness is determined to have arisen out of and in the course of the member's employment. However, the member may not earn service credits for the absence unless the member complies with subsections (2) through (4), in which case the absence is considered as time spent in service for both service credits and membership service.

(2) (a) A member absent because of an employment-related injury entitling the member to workers' compensation payments may, upon the member's return to service, contribute an amount equal to the contributions that the member would have made on the basis of the member's compensation at the commencement of the member's absence plus regular interest accruing from 1 year from the date after the member returns to covered service to the date the member contributes for the period of absence.

(b) Whenever a member elects to contribute under subsection (2)(a), the employer shall contribute employer contributions for the period of absence based on the salary as calculated in subsection (2)(a) and may pay interest on the employer's contribution calculated in the same manner as interest on the employee's contribution under subsection (2)(a). An employer electing to make an interest payment shall do so for all employees similarly situated. If the employer elects not to pay the interest costs, this amount must be paid by the employee.

(3) At some time after returning to covered service, a member shall file with the board a written notice of the member's intent to pay the contributions under subsection (2).

(4) Payment of the employee's contributions due because of the period of absence may be made in one sum at the time of filing the notice or on an installment basis before termination of covered service.

(5) A member loses the right to contribute for an absence under this section if all of the member's accumulated contributions are refunded pursuant to 19-2-602 or for the period of time during which benefits are received if the member retires during the absence.

**Section 3. Time of commencement of benefit.** (1) (a) The board shall grant a benefit to any member, or the member's statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated covered service, and filed the appropriate written application.

(b) A member may apply for retirement benefits before terminating covered service, but commencement of the benefits must be as provided in this section.

(2) (a) Except as provided in subsection (2)(b), the service retirement benefit may commence on the first day of the month following the eligible member's last

HeinOnline -- 1997 vol. II 1706 1997

day of membership service or, if requested by the inactive member in writing, on the first day of a later month following receipt of the written application.

(b) If an elected official's term of office expires before the 15th day of the month, the official may elect that service retirement benefits commence on the first day of the month following the official's last full month in office. An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating final average salary under the retirement system in the partial month ending the official's term, and compensation earned in that partial month is not subject to employer or employee contributions.

(3) The disability retirement benefit payable to a member must commence on the day following the member's termination from service.

(4) Monthly survivorship benefits must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

**Section 4.** Section 2-6-109, MCA, is amended to read:

**"2-6-109. Prohibition on distribution or sale of mailing lists — exceptions — penalty.** (1) Except as provided in subsections (3) through (8), in order to protect the privacy of those who deal with state and local government:

(a) an agency may not distribute or sell for use as a mailing list any list of persons without first securing the permission of those on the list; and

(6) This section does not apply to the right of access either by Montana law enforcement agencies or, by purchase or otherwise, of public records dealing with motor vehicle registration.

(3) The public body required to reinstate a person under subsection (2) may request a medical or psychological review as to the ability of the member to return to work as a member of the sheriff's department. If the board's findings are upheld, the public body shall pay the cost of the review."

**Section 27.** Section 19-7-708, MCA, is amended to read:

(2) A benefit recipient is ineligible to receive a postretirement adjustment under subsection (1) unless the monthly service, disability, or survivorship benefit has been paid for at least 24 consecutive months on or before June 30 in the year the adjustment is made."

**Section 28.** Section 19-7-801, MCA, is amended to read:

"**19-7-801. Membership in municipal police officers' retirement system prior to or following city-county consolidation — payment of benefits by two systems.** (1) A law enforcement officer who has not changed employment but who has, because of a city-county consolidation, been transferred either from a city police force to a county sheriff's department or from a county sheriff's department to a city police force as a law enforcement officer is eligible for a service retirement benefit if the officer's combined service in the sheriffs' retirement system and the municipal police officers' retirement system satisfies the minimum membership service requirement of the system to which the officer last made contributions. A member who has elected to continue membership in the public employees' retirement system under 19-7-301 may continue the election. However, credit for service in the public employees' retirement system that has not been transferred prior to January 1, 1979, may not be transferred.

HeinOnline -- 1997 vol. II 1722 1997

(2) Eligibility for and calculation of disability retirement, death benefits, and refund of contributions are governed by the provisions of the retirement system to which the officer last made contributions.

(3) The service retirement benefit of a member described in subsection (1) must be calculated separately for each system based on the service credited under each system. The calculation for the sheriffs' retirement system portion of the benefit must include the appropriate reduction in the retirement benefit for an optional retirement benefit elected under 19-7-1001. The final salary or final average salary for each calculation must be based on the highest compensation earned while a member of either system. Each system shall pay its proportionate share, based on the number of years of service credited, of the combined benefit. ~~The combined benefit may not exceed 60% of the member's final salary or final average salary.~~

(4) Upon the death of a retired member receiving a service retirement benefit under this section, the survivor or contingent annuitant and the continuing benefit must be determined separately for each system as follows:

(a) For the municipal police officers' retirement system portion of the benefit, the surviving spouse must receive a benefit equal to the municipal police officers' retirement system portion of the service retirement benefit as calculated at the time of the member's retirement. If the retired member leaves no surviving spouse or upon the death of the surviving spouse, the retired member's surviving dependent child, or children collectively if there are more than one, shall receive the same monthly benefits that a surviving spouse would receive for as long as the child or one of the children remains dependent as defined in 19-9-104. The benefits must be made to the child's appointed guardian for the child's use. If there is more than one dependent child, upon each child no longer qualifying as dependent under 19-9-104, the pro rata benefits to that child must cease and be paid to the remaining children until all the children are no longer dependent.

(b) For the sheriffs' retirement system portion of the benefit:

(i) the contingent annuitant must receive a continuing benefit as determined under 19-7-1001, if the retired member elected an optional retirement benefit; or

(ii) if the retired member did not elect an optional retirement benefit, any payment owed the retired member, including the excess, if any, of the retired member's accumulated contributions standing to the retired member's credit at the time of retirement less payments made to the retired member must be paid to the retired member's designated beneficiary."

The examination must be made by a physician or surgeon at the recipient's place of residence or at another place mutually agreed on, at the board's expense. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient can perform the essential elements of the position held by the recipient when the recipient retired. If the board determines that the recipient is not incapacitated, the recipient's disability retirement benefit must be canceled when the recipient is offered a position under subsection (3) *or when, if a position is available, the recipient cannot be reinstated under subsection (3) for reasons unrelated to the disability*. If the recipient refuses to submit to a medical examination, the recipient's disability retirement benefit must be canceled when the recipient is notified of the determination of the board.

(2) If the board determines that a recipient of a disability retirement benefit should no longer be subject to medical review, the board may grant a service retirement status to the recipient without recalculating the recipient's monthly benefit. The board shall notify the recipient in writing as to the change in status. If the recipient disagrees with the board's determination, the recipient may request the board to reconsider its action. The request for reconsideration must be made in writing within 60 days after receipt of the notice of the status change.

# CHAPTER NO. 373

[SB 332]

AN ACT REQUIRING SOLID WASTE MANAGEMENT FACILITIES LICENSED PRIMARILY AS WASTE TIRE DISPOSAL SITES TO PROVIDE FINANCIAL ASSURANCE TO GUARANTEE THE PROPER MANAGEMENT AND DISPOSAL OF WASTE TIRES; REQUIRING A STUDY OF ISSUES REGARDING WASTE TIRES; AMENDING SECTIONS 75-10-203 AND 75-10-204, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because it authorizes the department of environmental quality to adopt additional rules requiring that solid waste management systems that are licensed primarily for the management and disposal of waste tires provide financial assurance sufficient to cover the cost of transport, treatment, and disposal of the waste tires if the facility is not capable

HeinOnline -- 1997 vol. II 1735 1997

of proper management. It is the intent that the amount of financial assurance be adjusted as necessary if there are changing operational circumstances at the licensed facility and in the waste tire market. It is not the intent of the legislature to require licensing or financial assurance of retail facilities that store reusable tires for the purposes of recapping, retreading, or reuse as tires.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 75-10-203, MCA, is amended to read:

AN ACT GENERALLY REVISING THE LAWS RELATING TO THE IDENTIFICATION AND REGISTRATION OF SEXUAL AND VIOLENT OFFENDERS; PROVIDING FOR A SEXUALLY VIOLENT PREDATOR DESIGNATION; PROVIDING IMMUNITY FOR NEGLIGENCE; AMENDING SECTIONS 41-5-523, 44-6-101, 46-18-201, 46-23-501, 46-23-502, 46-23-503, 46-23-504, 46-23-505, 46-23-506, 46-23-507, AND 46-23-508, MCA; REPEALING SECTION 46-18-254, MCA; AND PROVIDING APPLICABILITY DATES.

WHEREAS, the Legislature finds that the danger of recidivism posed by sexual and violent offenders and the protection of the public from these offenders is of paramount concern to government and the people; and

WHEREAS, the Legislature further finds that law enforcement agencies' efforts to protect their communities, conduct investigations, and apprehend sexual and violent offenders is impaired by the lack of information about offenders who live within their jurisdictions; and

WHEREAS, the system of registering sexual and violent offenders provides law enforcement with information critical to preventing victimization and to resolving incidents of sexual or violent offenses promptly, including notification of the public when necessary to the continued protection of the community; and

WHEREAS, persons who have committed a sexual or violent offense have a reduced expectation of privacy because of the public's interest in safety; and

WHEREAS, the Legislature finds that releasing information about sexual or violent offenders to law enforcement agencies and, under certain circumstances,

HeinOnline -- 1997 vol. II 1742 1997

providing access to limited information about certain sexual offenders to the general public will further the primary governmental interest of protecting specific vulnerable groups and the public in general from potential harm.

THEREFORE, it is the policy of the State of Montana to assist local law enforcement agencies' efforts in protecting their communities by requiring that sexual or violent offenders register and to authorize the release of necessary and relevant information about sex offenders to the public.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance for rules adopted under [section 12] concerning the qualifications of sexual offender evaluators and concerning evaluations of sexual offenders. The legislature intends that sexual offender evaluators possess education and experience similar to the education and experience requirements of therapists certified by the Montana sex offender treatment association. The legislature further intends that rules for evaluating the risk of repeat offenses by sexual offenders include the following factors:

(1) whether the sexual offender has a mental abnormality;

(2) whether the sexual offender's conduct is repetitive and compulsive;

(3) whether drugs or alcohol played a part in the offense or offenses;

(4) whether the sexual offender served the maximum term for the offense or offenses;

(5) whether the offense or offenses involved a child;

(6) the age of the sexual offender at the commission of the offense or offenses;

(7) the relationship between the sexual offender and the victim or victims;

(8) whether the offense or offenses involved use of a weapon;

(9) the number, date, and nature of prior offenses;

(10) conditions of release that minimize risk of another offense, including whether the sexual offender is under supervision or receiving counseling and treatment;

(11) physical conditions that minimize the risk of another offense, such as advanced age or debilitating illness of the sexual offender;

(12) whether psychological or psychiatric profiles of the sexual offender indicate a risk of recidivism;

(13) the sexual offender's response to and participation in treatment;

(14) recent behavior of the sexual offender;

(15) recent threats or gestures by the sexual offender against persons; and

(16) a review of any victim impact statements.

**Section 1.** Section 41-5-523, MCA, is amended to read:

**"41-5-523. Disposition — sentence to correctional facility — commitment to department — placement and evaluation of youth — restrictions.** (1) If a youth is found to be a delinquent youth or a youth in need of supervision, the youth court may enter its judgment making one or more of the following dispositions:

(c) subject to subsections (1)(n)(i), (2)(a), (2)(b), and (6), sentence a youth to one of the state youth correctional facilities established under 52-5-101 and, as part of the sentence, deny the youth eligibility for release without the express approval of the sentencing judge until the youth reaches 18 years of age. A youth may not be sentenced to a state youth correctional facility unless the department informs the judge that space is available for the youth at that facility. The sentencing judge may not place limitations on the release unless recommended by the youth placement committee.

(d) require a youth found to be delinquent to register as a ~~sex~~ *sexual or violent* offender ~~pursuant to 46-18-254 and 46-23-506~~ *under 46-23-504*;

Before placement, the sentencing judge shall seek and consider placement recommendations from the youth placement committee. The judge may not place the youth in an in-state residence unless the department informs the judge that resources are available for placement of the youth at that residence.

(f) commit the youth to the department. In an order committing a youth to the department:

(i) the court shall determine whether continuation in the youth's own home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from the youth's home;

(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility if the judge finds that the placement is necessary for the protection of the public. The court may order the department to notify the court within 5 working days before the proposed release of a youth from a youth correctional facility. Once a youth is committed to the department for placement in a state youth correctional facility, the department is responsible for determining an appropriate date of release into an appropriate placement.

HeinOnline -- 1997 vol. II 1744 1997

(j) require the youth, the youth's parents or guardians, or the persons having legal custody of the youth to receive counseling services;

(k) require the medical and psychological evaluation of the youth, the youth's parents or guardians, or the persons having legal custody of the youth;

(l) require the parents, guardians, or other persons having legal custody of the youth to furnish services the court may desiguate;

(m) order further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community and that does not obligate funding from the department for services outside the state of Montana without the department's approval, except that a youth may not be placed by a youth court in a residential treatment facility as defined in 50-5-101. Only the department may, pursuant to subsection (1)(f), place a youth in a residential treatment facility.

(n) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. The youth is entitled to all rights provided by 53-21-114 through 53-21-119.

(i) A youth adjudicated mentally ill or seriously mentally ill as defined in 53-21-102 may not be committed or sentenced to a state youth correctional facility.

(a) A youth in need of supervision or adjudicated delinquent for commission of an act that would not be a criminal offense if committed by an adult may not be placed in a state youth correctional facility.

(b) A youth may not be held in a state youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. This section does not limit the power of the department to enter into an aftercare agreement with the youth pursuant to 52-5-126.

(c) A youth may not he placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.

HeinOnline -- 1997 vol. II 1745 1997

(3) A youth placed in a state youth correctional facility or other facility or program operated by the department or who signs an aftercare agreement under 52-5-126 must be supervised by the department. A youth who is placed in any other placement by the department, the youth court, or the youth court's juvenile probation officer must be supervised by the probation officer of the youth court having jurisdiction over the youth under 41-5-205 whether or not the youth is committed to the department. The county determined by the court as the residence of the youth is responsible for the cost of the evaluation, except as provided in subsection (5). A county may contract with the department or other public or private agencies to obtain evaluation services ordered by the court.

(5) The youth court shall determine the financial ability of the youth's parents to pay the cost of an evaluation ordered by the court under subsection (4). If they are financially able, the court shall order the youth's parents to pay all or part of the cost of the evaluation.

(6) The youth court may not order placement or evaluation of a youth at a state youth correctional facility unless the youth is found to be a delinquent youth or is alleged to have committed an offense that is transferable to criminal court under 41-5-206.

(7) An evaluation of a youth may not be performed at the Montana state hospital unless the youth is transferred to the district court under 41-5-206, 41-5-208, or 41-5-1105.

(8) An order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(9) Whenever the court commits a youth to the department, it shall transmit with the dispositional judgment copies of medical reports, social history material, education records, and any other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

(10) If a youth is committed to the department, the court shall examine the financial ability of the youth's parents or guardians to pay a contribution covering

all or part of the costs for the care, commitment, and treatment of the youth, including the costs of necessary medical, dental, and other health care.

(11) If the court determines that the youth's parents or guardians are financially able to pay a contribution as provided in subsection (10), the court shall order the youth's parents or guardians to pay an amount based on the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209.

(12) (a) Except as provided in subsection (12)(b), contributions ordered under this section and each modification of an existing order are enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. An order for contrihution that is inconsistent with this section is nevertheless subject to withholding for the payment of the contribution without need for an amendment of the support order or for any further action by the court.

(b) A court-ordered exception from contributions under this section must be in writing and be included in the order. An exception from the immediate income withholding requirement may be granted if the court finds there is:

(i) good cause not to require immediate income withholding; or

(ii) an alternative arrangement between the department and the person who is ordered to pay contributions.

(c) A finding of good cause not to require immediate income withholding must, at a minimum, be based upon:

(i) a written determination and explanation by the court of the reasons why the implementation of immediato income withholding is not in the best interests of the youth; and

(ii) proof of timely payment of previously ordered support in cases involving modification of contributions ordered under this section.

(d) An alternative arrangement must:

(i) provide sufficient security to ensure compliance with the arrangement;

(ii) be in writing and be signed by a representative of the department and the person required to make contributions; and

(iii) if approved by the court, be entered into the record of the proceeding.

(13) Upon a showing of a chango in the financial ability of the youth's parents or guardians to pay, the court may modify its order for the payment of contributions required under subsection (11).

(14) (a) If the court orders the payment of contributions under this section, the department shall apply to the department of public health and human services for support enforcement services pursuant to Title IV-D of the Social Security Act.

HeinOnline -- 1997 vol. II 1747 1997

AN ACT CREATING A PILOT PROJECT FOR THE USE OF MEDICAL SAVINGS ACCOUNTS IN CONJUNCTION WITH THE MONTANA MEDICAID PROGRAM; PROVIDING FOR THE DESIGN OF THE PROJECT; PROVIDING FOR ADMINISTRATION OF THE PROJECT BY THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES; PROVIDING THE POWERS AND DUTIES OF THE DEPARTMENT; REQUIRING CONTRACTS FOR THE ADMINISTRATION OF MEDICAL SAVINGS ACCOUNTS AND THE PROVISION OF HIGH-DEDUCTIBLE HEALTH CARE COVERAGE; REQUIRING REPORTS AND EVALUATION OF THE PROJECT; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Legislative findings and purpose.** The legislature finds that among the centrihuting causes of the increase in the cest of the medicaid program has been the lack of sufficient incentive by participants in the medicaid program to conserve gevernment funds used to pay for medicaid inedical benefits. The legislature believes that treatment of medicaid funds as the personal funds of medicaid recipients would provide that needed incentive. The purpose of [sections 1 through 10] is to create a pilot program by which the effect of that incentive may be tested by providing high-deductible health care coverage to a limited number of medicaid-eligible adults and miners and allowing those participants in a pilot project to keep a part of the state money that is not used by the participants for health care expenses below the amount at which coverage begins. In tbis way, the legislature will test the use of personal financial incentive to help reduce medicaid costs and educate medicaid consumers to make informed decisions about appropriate use of health care.

**Scction 2. Definitions.** As used in [sectiens 1 through 10], the following definitions apply:

HeinOnline -- 1997 vol. II 1769 1997

(4) "Medicaid" means the Montana medicaid program established by 53-6-101.

(5) "Medical savings account" or "account" means an account established for the purposes of [sections 1 through 10] with a state or federally chartered bank, savings and loan association, credit union, trust company, or other corporate fiduciary determined by the department.

(6) "Participant" means an individual eligible for medicaid chosen by the department in the manner provided in [section 5] to participate in the pilot project.

(7) "Pilot project" or "project" means the medicaid medical savings account pilot project established by [sections 1 through 10].

**Section 3. Medicaid medical savings accounts — pilot project elements — project timelines — contracts.** (1) The department shall design a pilot project in accordance with [section 4] and this section for the use of medical savings accounts in conjunction with the Montana medicaid program. Elements of the project as provided in subsection (2) of this section may be begun and completed at times determined by the department consistent with [sections 1 through 10]. However, medical savings accounts and high-deductible health care coverage for each participant must begin no later than January 1, 1999.

(4) Requests for proposals and contracts required or authorized by [sections 1 through 10] must comply in all respects with the provisions of Title 18. The department may also consult with the department of administration, the state insurance commissioner, and recognized experts in contracts for the types of services required or authorized by [sections 1 through 10] before committing the state to those contracts.

(5) The pilot project may not include mental health services.

**Section 4. Pilot project design plan required.** The department shall by contract create a design plan for the pilot project. The design plan must consist of the following project elements and the projected time periods and goals for each element:

Participation

HeinOnline -- 1997 vol. II 1771 1997

in tbe pilot project by those individuals chosen by the department is voluntary. In offering participation in the project, the department sball explain the aspects and objectives of the project as they will affect participants and explain the responsibilities of participants. DEPARTMENT OF COMMERCE AS THE REGULATING AUTHORITY; MANDATING COMPLIANCE WITH CERTAIN FEDERAL BANKING LAWS; PROVIDING FOR A NEW SOURCE OF STATE REVENUE DERIVED FROM AN ASSESSMENT BASED ON THE VALUE OF ASSETS ON DEPOSIT; AMENDING SECTIONS 15-1-501, 15-31-101, 15-31-102, 25-9-506, 25-9-603, 25-9-609, 32-1-101, 32-1-102, 32-1-202, 32-1-301, 32-1-446, 32-1-461, 32-1-462, 32-1-464, 32-1-468, 32-1-473, 32-1-491, 32-1-492, AND 32-1-501, MCA; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill gives the state banking board and the department of commerce authority to adopt administrative rules to effectuate the purposes, policies, and provisions of this bill. The legislature intends that rules be adopted by the state banking board to govern the processes and procedures for both issuing a charter and for suspending or revoking a charter for a foreign capital depository. Because the department of commerce bears responsibility for the regulation and supervision of a foreign capital depository, the legislature finds it prudent to delegate rulemaking authority to that department with respect to the conduct of examinations and inspections, for mandatory reports, and for other related administrative matters. Because the financial privacy of depository customers must be afforded the highest protection possible within the parameters of state and federal law and because an applicant for a depository charter must be provided a readily discernable combination of certainty and flexibility with respect to the services provided by a depository, a blanket delegation of rulemaking authority is not granted to either the board or the department.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Purpose.** The legislature finds and declares that:

(1) political instability, economic insecurity, and financial risk outside the United States create incentives for the transfer and investment of foreign capital derived from legitimate estates and business activities to relatively safe places such as Montana;

(2) political conditions in some countries are contrary to the fundamental freedoms and individual liberties codified in international human rights law and contained in the Montana constitution;

(3) it is in the public interest of Montana to attract legally derived foreign capital for investment, revenue enhancement, and other economic development purposes as well as to facilitate tax abatement for residents and businesses in the state;

(4) the legislature has the authority, in connection with its effort to improve economic conditions in the state, to treat foreign persons differently than it does Montana citizens with respect to equal protection of the law;

(5) because the Internal Revenue Code prohibits Montana from offering the type of tax shelters to American citizens that are available to them in foreign jurisdictions and because few of the conditions prevalent in other countries that give rise to capital flight exist in the United States, Montana is both compelled and rationally motivated to offer specialized private financial services exclusively to foreign customers;

HeinOnline -- 1997 vol. II 1776 1997

(6) the state has the competence, capacity, and legitimate authority to charter and regulate financial institutions under the dual banking system of the United States;

(7) a prudent blend of financial privacy, asset protection, and profitability may offer foreign depositors unique opportunities to build and preserve their wealth in Montana;

(8) it is the intent of the legislature to protect both state and national interests by promoting legal and technical standards and procedures to deter, prevent, and detect money laundering and other types of financial crime.

**Section 2. Short title and scope.** (1) [Sections 1 through 46 and 65 through 67] may be cited as the "Montana Foreign Capital Depository Act".

(2) [Sections 1 through 46] set forth the terms and conditions under which a foreign or domestic financial institution may do business in Montana as a state-chartered foreign capital depository.

**Section 3. Definitions.** As used in [sections 1 through 46 and 65 through 67], unless the context requires otherwise, the following definitions apply:

(1) "Bank holding company" means a company registered under the federal Bank Holding Company Act of 1956, as amended.

(2) "Board" means the state banking board provided for in 2-15-1803.

(3) "Capital" means currency that is convertible to U.S. dollars or personal property, including tangible personal property.

(4) "Cash" means currency, cashier's checks, money orders, and other monetary instruments as defined in the Bank Secrecy Act (Public Law 91-508).

(5) "Charter" means a certificate issued by the state banking board through the commissioner to a corporation verifying that the corporation is authorized to conduct business in Montana as a foreign capital depository.

(6) "Commissioner" means the commissioner of banking and financial institutions provided for in 32-1-211.

(7) "Controlling person" means a person who holds 5% or more of the equity in a depository or who is otherwise determined by the board to exercise controlling authority over decisions affecting the management and operation of the depository.

(8) "Customer" means a person who is using or has used the services of a foreign capital depository or for whom a foreign capital depository has acted as a fiduciary.

(9) "Department" means the department of commerce established in 2-15-1801.

(10) "Foreign bank" means a bank that has its primary office outside the jurisdiction of the United States and is licensed under the laws of a foreign country or a political subdivision of a foreign country.

HeinOnline -- 1997 vol. II 1777 1997

(11) "Foreign capital depository" or "depository" means a financial institution incorporated in Montana and chartered by the board to conduct business as a foreign capital depository in accordance with [sections 1 through 46].

(12) "Money laundering" is the process through which the existence, illegal source, true ownership, or unlawful application of illicitly derived funds is concealed or disguised to make the funds appear legitimate, thereby helping to evade detection, prosecution, seizure, or taxation.

(13) "Nonresident alien" means a person who is not a citizen or a resident of the United States.

(14) "Person" means an individual, partnership, corporation, limited liability company, association, trust, or other legal entity.

(15) "Supervisory agency" means any of the following:

(a) the attorney general and the department of justice, established by 2-15-2001, for the purpose of the enforcement of all criminal laws of the state;

(b) the department, for the purposes of the administration and enforcement of the state laws relating to the examination and supervision of a foreign capital depository;

(a) Montana is both a major gold producer and the only domestic source of commercially significant amounts of platinum and palladium, precious metals that have diverse uses in addition to serving as a store of exchangeable value;

(b) many nonresident aliens and foreign corporations place great value in the security inherent in precious metals as a hedge against currency depreciation, currency devaluation, and general inflation and prefer precious metals over other types of investments that may offer a higher or more certain rate of return;

(c) the expansion of the processing and refining capacity of the platinum and palladium mining operations in Montana's Stillwater complex may provide

HeinOnline -- 1997 vol. II 1787 1997

unique investment opportunities for nonresident aliens and a significant stimulus for economic development in the state; and

(d) helping to establish financial links between customers of the depository and products of the precious metals depository is in the economic interest of the state.

(2) The legislature further recognizes its responsibility to help deter money laundering and other financial crime and therefore acknowledges that restricting the liquidity of a precious metals account will reduce significantly any incentive there may be for a person to use a precious metals account for illicit purposes.

**Section 26. Definition.** For the purposes of [sections 1 through 46], a precious metals account is a depository account in which the depository, upon instructions of a customer, exchanges cash for a commensurately valued amount of platinum, palladium, gold, or silver bullion procured by the depository for the primary purpose of safekeeping over an extended period of time.

**Section 27. Account requirements — provisions.** (1) An agreement between the depository and a customer to establish a precious metals account must include the following provisions:

(a) the depository to convert the precious metals to currency at the spot market rate on the day of settlement; and

**Section 29. Financial privacy — purpose.** The legislature finds and declares that:

HeinOnline -- 1997 vol. II 1788 1997

(1) the viability of one or more foreign capital depositories in Montana depends to a large extent upon both the secure nature of the depository and the confidential nature of customer accounts and safe deposits in the depository and upon the confidential nature of transactions between a customer and a depository. Therefore, the purpose of [sections 29 through 46] is to clarify and protect the confidential relationship between foreign capital depositories and their customers and to balance a customer's right of privacy with the governmental interest in obtaining information for specific purposes and by specified procedures as set forth in [sections 29 through 46]. The confidential relationship between a foreign capital depository and its customers is to be protected by restrictions on the disclosure of financial records to supervisory agencies and a prohibition against disclosure of financial records to other state and local agencies and to private individuals except under specified conditions.

(2) a state offering secure and confidential depository services to its customers must be mindful that significant amounts of capital are derived from or moved for illegal purposes and that the United States and other jurisdictions have passed laws and worked diligently to prevent money laundering and other offenses from being conducted as part of otherwise lawful transactions;

(3) in licensing and supervising the operation of one or more foreign capital depositories, Montana needs to enforce its own criminal laws vigorously. It is also imperative that Montana cooperate with United States law enforcement and other authorities to effectively deter and, when deterrence fails, detect, investigate, and prosecute perpetrators of financial crimes.

(4) the purpose of [sections 29 through 46] is not to avoid the application of the Bank Secrecy Act, the Right to Financial Privacy Act of 1978, the Money Laundering Control Act of 1986, and the Annunzio-Wylie Anti-Money Laundering Act, which are intended to prevent or deter money laundering and other financial crimes while maintaining a degree of secrecy of customer bank accounts from federal agencies, but rather to apply state law in those areas unregulated by these and other relevant federal laws. However, it is the intent of the legislature that if there is a clear and direct conflict between [sections 29 through 46] and applicable federal statutes, treaties, or regnlations that cannot be resolved by other means, then the state law should be preempted in order to maintain the efficacy and integrity of United States laws intended to combat financial crimes.

**Section 30. Definitions.** Unless the context requires otherwise, in [sections 29 through 46], the following definitions apply:

(1) "Financial institution" includes state and national banks, state and federal savings and loan associations, trust companies, investment companies, and state and federal credit unions. The term does not include a title insurer while engaging in the conduct of the business of title insurance, an underwritten title company, or an escrow company.

(2) (a) "Financial record" means:

(i) an original or copy of a record or document held by a foreign capital depository that directly or indirectly pertains to a customer of the depository;

HeinOnline -- 1997 vol. II 1789 1997

(ii) information contained in the original or copy of the record or document; or

(iii) the name of a customer.

(b) A record or document may, for the purposes of this subsection (2), be in a paper, electronic, or other format.

(3) "Investigation" includes an inquiry by a peace officer, as defined by 46-1-202, a sheriff, or a county attorney or an inquiry made for the purpose of determining whether there has been a violation of a law enforceahle by imprisonment, fine, or monetary liability.

(4) "Local agency" includes a county, city, town, or other local government entity.

(5) "State agency" means an office, department, division, bureau, board, or commission of state government that is not a supervisory agency, including the legislature.

(6) "Subpoena" includes subpoena duces tecum.

**Section 31. Request or receipt of records and information prohibited — exceptions — records to be maintained.** (1) Except as provided in [sections 39 and 40] and this section, an officer, employee, or agent of a state or local agency may not request or receive a copy of a financial record from a foreign capital depository unless the financial record is consistent with the scope and purpose of any investigation by the state or local agency, is described with particularity, and:

(a) the customer has authorized disclosure of the financial record in accordance with [section 34];

(b) the financial record is disclosed in response to an administrative subpoena that meets the requirements of [section 35];

(c) the financial record is disclosed in response to a search warrant that meets the requirements of [section 36]; or

(d) the financial record is disclosed in response to a judicial subpoena that meets the requirements of [section 37].

(2) The hurden of proving that a required disclosure of a financial record is consistent with the scope and purpose of an investigation is upon the state agency or the local agoncy requiring disclosure of the financial record.

(3) Nothing in [sections 34, 35, 36, or 37] or this section requires a foreign capital depository to inquire or determine whether a person seeking disclosure of a financial record has complied with the requirements of those sections if the customer authorization, administrative subpoena, search warrant, or judicial subpoena served upon or delivered to the depository pursuant to any of those sections shows compliance on its face.

(4) A foreign capital depository shall maintain for a period of 5 years a record of all disclosures by a depository of the financial records of a customer pursuant to [sections 29 through 46], including the identity of the person examining the

HeinOnline -- 1997 vol. II 1790 1997

financial records, the state or local agency that the person represents, and a copy of the customer authorization, administrative subpoena, search warrant, or judicial subpoena providing for examination or disclosure. A record of disclosures maintained pursuant to this subsection must be available, within 5 days of request, during normal business hours of the depository for review by the customer at the office or branch of the depository where the customer's account or safe deposit box was located when examined. A paper or electronic copy of the record of disclosures must be furnished by the depository to the customer upon request by the customer.

(5) This section does not prevent a state or local law enforcement agency from initiating contact with a foreign capital depository if there is reason to believe that the depository is a victim of a crime perpetrated by a customer. After contact by a law enforcement agency, if the foreign capital depository reasonably believes it is a victim of a crime, it may, in its discretion, disclose relevant financial records pursuant to [section 32(2)]. Conviction of or admission by a customer of a crime against the depository is conclusive on the issue of the reasonable belief of the depository.

**Section 32. Disclosure of record to agency prohibited — exceptions.** (1) Except as provided in [section 40] and this section, a foreign capital depository and a director, executive officer, controlling person, or employee of a foreign capital depository may not provide or authorize another person to provide a financial record to an officer, employee, or agent of a state or local agency.

(2) This section does not preclude a foreign capital depository, in its discretion, from initiating contact with and disclosing a relevant financial record to a supervisory agency concerning a suspected violation of state or federal law if the depository reasonably believes that a violation of law has been committed. Conviction of or admission by a customer of a crime is conclusive on the issue of the reasonable belief of the depository.

**Section 33. Disclosure of record to private individual prohibited — exceptions.** (1) Except as provided in [section 40] and this section, a foreign capital depository and a director, executive officer, controlling person, or employee of a foreign capital depository may not provide or authorize another person to provide a financial record to an individual who is not an officer, employee, or agent of a state or local agency acting pursuant to Montana law or local ordinance or to an officer, employee, or agent of the United States acting pursuant to federal law.

(2) This section does not preclude a foreign capital depository, in its discretion, from initiating contact with and disclosing a relevant financial record to an appropriate state, local, or federal agency concerning a suspected violation of state or federal law if the depository reasonably believes that a violation of law has been committed. Conviction of or admission by a customer of a crime is conclusive on the issue of the reasonable belief of the depository.

**Section 34. Customer authorization — form — notice to customer.** (1) A director, executive officer, controlling person, or employee of a foreign capital depository may disclose or authorize another to disclose a financial record and an officer, employee, or agent of a supervisory, state, or local agency may obtain a financial record if the customer to whom the record relates has authorized disclosure of the record on a form provided by the depository that:

HeinOnline -- 1997 vol. II 1791 1997

(a) is signed and dated by the customer;

(b) authorizes disclosure for a period set forth in the authorization statement;

(c) specifies the name of the person, supervisory agency, state agency, or local agency to whom or to which disclosure is authorized and, if applicable, the statutory purpose for which the information is to be obtained; and

(d) identifies the financial record authorized to be disclosed.

(2) A foreign capital depository may not require a customer authorization to be signed by a customer as a condition of doing business with the depository.

(3) A customer may revoke an authorization by written notice to the foreign capital depository. The notice must contain a copy of the authorization to which it relates or contain the information originally required in the authorization to which it relates, must be signed and dated by the customer, and must contain a clear statement revoking the previous authorization.

(4) (a) A supervisory, state, or local agency obtaining a financial record pursuant to a customer authorization shall notify the customer in writing of the receipt of the financial record within 30 days of the agency's receipt of the financial record. However, by application to a judge of a court of competent jurisdiction in the county in which the financial record is located and upon a showing of good cause to believe that disclosure would impede the investigation, the notification requirements of this subsection (4)(a) may be extended for up to two additional 30-day periods. Thereafter, by application to a court upon a showing of extreme necessity for nondisclosure, the notification requirements of this subsection (4)(a) may be extended for up to three additional 30-day periods. At the end of that period or periods, the agency shall inform the customer that the customer has the right to make a written request as to the reason why the agency obtained the record. The notice must specify the financial record that was obtained and, if requested, the reason why the record was obtained.

(b) Whenever practicable, an application for an additional extension of the notification time provided in subsection (4)(a) must be made to the judge who granted the first extension of notification time. In deciding whether to grant an extension of the notification time, the judge shall provide the customer with prompt notification, consistent with the purpose of [sections 29 through 46].

**Section 35. Administrative subpoena.** (1) A director, executive officer, controlling person, or employee of a foreign capital depository may disclose or authorize another to disclose a financial record and an officer, employee, or agent of a supervisory, state, or local agency may obtain a financial record under [section 31(1)(b)] pursuant to an administrative subpoena otherwise authorized by law and served upon the foreign capital depository only if:

(a) the person issuing the administrative subpoena has served a copy of the subpoena on the customer pursuant to Rule 4D of the Montana Rules of Civil Procedure;

(b) the subpoena includes the name of the agency in whose name the subpoena is issued and the statutory purpose for which the record is to be obtained; and

HeinOnline -- 1997 vol. II 1792 1997

(c) 10 days have passed after service of the subpoena without the foreign capital depository or the customer moving to quash the subpoena.

(2) (a) The supervisory, state, or local agency issuing the administrative subpoena may not shorten or waive the requirements of subsection (1). However, the agency may petition a court of competent jurisdiction in the county in which the record is located, and the court, upon a showing of a reasonable inference that a law enforceable by the petitioning agency has been or is about to be violated, may order that service upon the customer pursuant to subsection (1)(a) or the 10-day period provided for in subsection (1)(c) be waived or shortened.

(b) For the purpose of this subsection (2), an "inference" is a deduction that may reasonably be drawn by the attorney general or the county attorney from facts relevant to the investigation.

(c) The petition may be presented to the court in person or by telephoned oral statement, which must be recorded and transcribed. In the case of telephonic petition, the recording of the sworn oral statement and the transcribed statement must be certified by the judge receiving it and must be filed with the clerk of the court.

(3) Except as provided in subsection (2) and this subsection, a foreign capital depository shall immediately notify a customer of the receipt of an administrative subpoena for a financial record of that customer. A court may order a depository to withhold notification to a customer of the receipt of an administrative subpoena when the court issues an order pursuant to subsection (2) and makes a finding that notice to the customer by the financial institution would impede the investigation.

**Section 36. Search warrants.** A director, executive officer, controlling person, or employee of a foreign capital depository may disclose or authorize another to disclose a financial record and an officer, employee, or agent of a supervisory, state, or local agency may obtain a financial record under [section 31(1)(c)] only if the officer, employee, or agent obtains a search warrant pursuant to Title 46, chapter 5, part 2. Examination of a financial record may occur as soon as the warrant is served upon the foreign capital depository. A foreign capital depository shall notify a customer of the receipt of a search warrant unless a court orders the depository to withhold notification to the customer upon a written finding that notice would impede the investigation.

**Section 37. Judicial subpoena.** (1) A director, executive officer, controlling person, or employee of a foreign capital depository may disclose or authorize another to disclose a financial record and an officer, employee, or agent of a supervisory, state, or local agency may obtain a financial record under [section 31(1)(d)] pursuant to a judicial subpoena only if one of the following has occurred:

(a) the subpoena is issued as otherwise authorized by law and served in compliance with Rule 4D of the Montana Rules of Civil Procedure and the requirements of subsections (1)(b), (1)(c), or (1)(d) have been met. In the event that actual service on the customer is not prohibited but has not been made prior to the time the financial record is required to be produced in response to the subpoena, the court shall, prior to turning over a record to the agency and upon

HeinOnline -- 1997 vol. II 1793 1997

good cause shown, make a finding that due diligence has been exercised by the agency in its attempt to effect service upon the customer.

(b) 10 days have passed after service of the subpoena on the customer and the depository without the customer or the depository having moved to quash the subpoena;

(c) the subpoena has been served upon the customer and the depository and a judge in a judicial proceeding to which the customer or the depository is a party rules that the subpoena should not be quashed. This subsection (1)(c) is not intended to preclude appellate remedies that may be available under existing law.

(d) the subpoena has been served upon the depository and a court orders that service of the subpoena upon the customer be delayed in accordance with this section. Service may be delayed for up to 30 days from the date of issuance of the judicial subpoena after the court makes a finding upon a written showing that service upon the customer would impede the investigation. The withholding of notification may be extended for additional 30-day periods if a court makes a finding upon a written showing, at the time of each extension, that service upon the customer would impede the investigation. Whenever practicable, an application for an extension of time must be made to the judge who issued the judicial subpoena. In deciding whether to grant an extension of the notification time, the judge shall endeavor to provide the customer with prompt notification, consistent with the purpose of [sections 29 through 46].

(2) If testimony is to be taken concerning a financial record or if a financial record is to be produced before a court, the 10-day period provided for in subsection (1)(b) may be shortened by the court upon a showing of good cause. The court shall direct that all reasonable measures be taken to notify the customer within the shortened time period. The motion to quash the subpoena must be made, whenever practicable, in the judicial proceeding pending before the court.

(3) (a) A grand jury, upon resolution adopted by a majority of its members, may obtain financial records pursuant to a judicial subpoena based upon a written showing to a judge that there exists a reasonable inference that a crime within the jurisdiction of the grand jury has been committed and that the financial record sought is reasonably necessary to the jury's investigation of that crime. The judicial subpoena must be is personally signed and issued by a judge in accordance with 46-4-301 and must otherwise comply with the requirements of this section.

(b) For the purpose of this subsection (3), an "inference" is a deduction that may be reasonably drawn by the grand jury from facts relevant to the investigation.

(4) A showing required to be made pursuant to this section, as well as the court record of any finding made pursuant to the showing, must be sealed until one person named in the indictment to which the showing related has been arrested or until the end of the term of the grand jury if no indictment to which the showing relates has been returned. However, a court may unseal the showing and the court record relating te the showing on a written showing of good cause.

HeinOnline -- 1997 vol. II 1794 1997

Grounds for qnashing subpoena — duty of depository.** (1) A customer or a foreign capital depository has 10 days after service of an administrative or judicial suhpoena upon either of them to file a motion to quash the subpoena before the administrative agency issuing the subpoena or a court with jurisdiction over the subpoena. If a foreign capital depository cannot determine from the customer or the customer's agent whether the customer or the agent has received actual notice of the subpoena, the depository shall move to quash the subpoena unless the customer and the depository have agreed in writing to the contrary.

(3) Failure of the customer or the depository to file a motion to quash the subpoena before the time established for the return of the subpoena constitutes a waiver of the right to object to the release or disclosure of the financial record.

(4) During the period for the filing of a motion to quash and continuing until a ruling is made upon a motion to quash, the depository shall, unless prohibited by the court, make available to its customer a copy of the subpoenaed financial record and shall preserve the original record without alteration.

(5) If a depository or a customer files a motion to quash an admimistrative or judicial subpoena issued pursuant to [section 35 or 37], the proceeding must be afforded priority on the calendar of the agency or the court.

(6) A depository may charge a customer a feo for the reasonable cost of representing the interests of the customer pursuant to this section.

Limitations on use of financial record.** (1) The original or a copy of a financial record ohtained by a state or local agency or another person pursuant to [sections 29 through 46] may not be used or retained in any form for a purpose other than the statutory purpose for which the record was originally obtained. HeinOnline -- 1997 vol. II 1795 1997

(2) A state or local agency may not provide a financial record obtained pursuant to [sections 29 through 46] to another state or local agency unless the other agency bas independently obtained authorization to receive the financial record pursuant to [sections 29 through 46]. (b) the transfer of a financial record obtained pursuant to [section 36] by one criminal justice agency to anotber criminal justice agency in accordance with the Montana Criminal Justice Information Act of 1979.

(3) A supervisory, state, or local agency or a court obtaiming a financial record by administrative subpoena, search warrant, or judicial subpoena shall, at the request of a customer or foreign capital depository, provide for the in camera review of the record to determine whether the record contains material that is not expected to be the subject of the investigation, inquiry, or proceeding. The supervisory, state, or local agency or the court shall liberally grant requests for in camera hearings, protective orders, and other appropriate processes to protect the confidential nature of a financial record. HeinOnline -- 1997 vol. II 1797 1997

**Section 47. Asset protection — purpose and perspective.** (1) The legislature understands that asset protection includes the ability to minimize or avoid both the potential financial impact and loss of privacy resulting from lawsuits. The legislature also recognizes that asset protection is a vital component of a foreign capital depository, as defined in [section 3], that is designed to serve the interests of high net worth individuals who are not U.S. citizens and do not reside in the United States.

(2) The legislature further acknowledges that foreigu judgments rendered in a foreign state are, unlike judgments rendered in other states of the union under the United States constitution, not entitled by Montana courts to conclusive full faith and credit under common law and that the principle of comity that encourages one country to extend legal recognition to the judicial acts of another country does not apply to the relations between Montana and a foreign country.

(3) The Uniform Foreign Money-Judgments Recognition Act, Title 25, chapter 9, part 6, signifies a departure from comity because it codifies the principles of comity but with certain exceptions and modifications. [Sections 47 through 55] enact a further departure from comity that is intended to uphold the state's interest in extending to a customer of a foreign capital depository the maximum amount of privacy possible within prudential limits as well as state and federal law.

(4) [Sections 47 through 55] are not intended to circumscribe or conflict with the provisions of Title 25, chapter 9, part 5 or 6, except in a case in which a foreign judgment has been obtained against the customer of a foreign capital depository.

HeinOnline -- 1997 vol. II 1798 1997

**Seetion 48. Definitions.** Unless the context requires otherwise, in [sections 47 through 55], the fellowing definitions apply:

(1) "Comity" means the recognition of judicial acts that one country extends to another as a matter of custom, convenience, and expediency.

(3) "Foreign state" has the same meaning as defined in 25-9-602.

**Seetion 49. Defense against enforcement of foreign judgments — depository obligations.** A foreign capital depository shall, unless relieved of the responsibility by a waiver signed by a depository customer, provide a customer with competent legal counsel and defense against:

(2) the execution of a foreign judgment in Montana pursuant to Title 25, chapter 13, or Title 25, chapter 14, but only to the extent that the execution would affect the customer's assets in the depository.

**Section 50. Filing fec.** A person seeking recognition of a foreign judgment rendered in a foreign state against a customer of the foreign capital depository shall pay a filing fee of $2,500 to the clerk of the court in which the judgment is filed.

Policy statement.** For the purposes of [sections 47 through 55], the legislature declares that the recognition of a foreign judgment pursuant to Title 25, chapter 9, part 6, and the execution of a foreign judgment against a customer of a foreign capital depository is repugnant to the public policy of the state if either would:

(1) facilitate the arbitrary or unlawful interference with an individual's privacy in contravention of international law;

(2) undermine the individual right of privacy and the right to private property provided for in the Montana constitution and state law;

(3) stimulate or engender lawsuits motivated by greed or pecuniary speculation and lacking a good faith argument or other legally sound purpose; or

(4) facilitate civil prosecution arising from class or ethnic hatred and nurtured by a corrupt legal system; and

(5) threaten the financial stability of the depository or the state by discouraging foreign depositors and investors from becoming customers or by encouraging customers to withdraw their capital from the depository.

**Section 52. Burden of preof — financial liabilities.** (1) A person seeking recognition of a foreign judgment pursuant to part 6 bears the burden of proving that:

(a) the judgment was rendered under a system that provides impartial tribunals or procedures that are compatible with the requirements of due process of law;

HeinOnline -- 1997 vol. II 1799 1997

(b) the foreign court had personal jurisdiction over the customer when the judgment was rendered; and

(c) the foreign court had jurisdiction over the subject matter.

(2) The customer or the foreign capital depository acting on behalf of a customer bears the burden of proving that any one of the grounds for nonrecognition provided for in 25-9-605(2) exist.

(3) If the court finds that the person seeking recognition of the foreign judgment has failed to prove the judgment valid in accordance with subsection (1) or if the customer or the depository succeeds pursuant to subsection (2), the court may not recognize the foreign judgment.

(4) If the person seeking recognition of a judgment under part 6 is unsuccessful in obtaining recognition of the judgment, that person shall pay the court costs and attorney fees for the parties opposing recognition or, if the customer has waived the depository's obligation provided for in [section 49], for the customer.

**Section 55. Nonrecognition — proceedures to protect privacy.** (1) The court shall, at the request of a customer or a foreign capital depository, provide for an in camera review of the pertinent documents to protect the confidential nature of financial records.

(2) The court may permit public disclosure of a financial record or proceedings closed pursuant to subsection (1) only if it finds that disclosure is necessary for the fair resolution of an issue before it.

(3) Documents produced in court containing a financial record must be sealed by the court at the conclusion of the proceedings to prevent access to the record and may be opened only for good cause shown.

**Section 56. State revenue from depository — purpose and preference.** (1) The legislature recognizes that revenue gains to the state and the possibility of subsequent tax reduction for Montana taxpayers are among the most significant reasons for establishing a statutory framework for the foreign capital depository, as defined in [section 3], and that a relatively steady,

predictable flow of revenue is preferable to a volatile one. The legislature also acknowledges that the depository is subject to competitive pressures in the international financial services market. It is therefore in the state's interest to balance revenue expectations with incentives that will enhance the commercial attractiveness and viability of a depository.

(2) The legislature recognizes the hazards of fortune that may be suffered by customers of a depository who are citizens or residents of countries with unstable or repressive governments and recognizes that capital in a depository may be abandoned as a consequence of a customer's disappearance or untimely death. It is in the state's interest to provide a decent interval of time before determining that capital is abandoned and, in keeping with subsection (1), to allow a depository to charge a reasonable fee for the maintenance of the abandoned capital prior to its escheatment to the state.

**Section 57. Tax status — exemption guarantees.** (1) A foreign capital depository is exempt from the corporation license tax as provided in 15-31-102 until October 1, 2012.

The total annual rate of assessment is 1.5%.

(2) The basis of the value ascribed to each asset is:

(a) the U.S. dollar exchange value of the currency on deposit on the date of assessment;

(b) the spot market price of the platinum, palladium, gold, or silver held in precious metals accounts, as defined in [section 26], as published in The Wall Street Journal on the date of assessment; or

(c) the market value of other tangible personal property held in safe deposit boxes or other accounts at the time of the assessment, as determined by the depository using a method approved by the department. The depository shall submit to the department within 60 days of the appraisal a report that documents the method and calculations of the appraisal.

(3) The semiannual assessment fee must be deposited into the general fund.

**Section 59. Revenue audits — charges.** (1) The department shall conduct an annual audit of a foreign capital depository to verify that internal financial records of the depository comply with state law and regulations pertaining to the depository and that fees owed to the state have been properly calculated and paid on time.

(2) A depository shall pay to the department the cost of an annual audit provided for in subsection (1).

HeinOnline -- 1997 vol. II 1801 1997

(3) The department may charge the depository up to $400 a day for each auditor involved in the conduct of an audit.

**Section 60. Deficiency assessment — notice — penalty and interest.** (1) If the department determines through an audit of a foreign capital depository that the amount collected pursuant to [section 59] is less than the amount owed hy the depository, the department shall send by certified mail to the depository a notice of the deficiency and require payment of the amount owed plus a 10% penalty within 60 days of the depository's receipt of the notice.

(2) The depository must bear the interest charge on any deficiency assessment issued by the department in accordance with subsection (1). The rate of interest charged to the depository may not exceed 12% a year.

**Section 62. Limitation on penalty and interest.** An amount of penalty or interest owed hy the depository pursuant to [section 60] may not be assessed or collected with respect to the year for which a semiannual fee is assessed unless the notice of tbe additional amount owed is mailed within 5 years from the date the fee was paid.

**Section 63. Action by attorney general.** An action may be brought by tbe attorney general in the name of the state at the request of the department to recover the amount of any fees, penalties, and interest due under [sections 58 through 61].

**Section 64. Abandoned capital — disposition — escbeatment.** (1) A foreign capital depository, as defined in [section 3], shall presume that capital on deposit in a depository account is abandoned in accordance with the provisions of 70-9-201.

(2) A depository shall dispose of the abandoned capital in the manner provided for in this chapter, except that:

(a) a notice of the property presumed abandoned may not be published as prescribed in 70-9-302;

(b) the record of deposit required under 70-9-309 may not be made available for public inspection; and

(c) all money received by the department of revenue as a consequeuce of the abandonment of capital in a depository must be deposited in the general fund.

The amount of the deduction is limited to an amount that is not unconscionable.

HeinOnline -- 1997 vol. II 1802 1997

**Section 65. Injunctions.** The department may institute and maintain in the name of the state actions for injunctive relief as provided in Title 27, chapter 19, to:

(1) enjoin a violation of [sections 1 through 46], a rule adopted pursuant to [sections 1 through 46], the terms or conditions of a charter, or an order of the department or the board; or

(2) require compliance with [sections 1 through 46], a rule adopted pursuant to [sections 1 through 46], the terms or conditions of a charter, or an order of the department or the board.

**Section 66. Civil penalties.** (1) Except for the penalties for wrongful disclosure provided for in [section 43], a person who violates a provision of [sections 1 through 46], a rule adopted under [sections 1 through 46], the terms and conditions of a charter or an order of the department or the board is subject to a civil penalty not to exceed $10,000 for each day of violation. Each day of violation of [sections 1 through 46], a rule adopted under [sections 1 through 46], the terms or conditions of a charter, or an order constitutes a separate violation.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upen request of the department, the atterney general or the county attorney of the county where the violation occurred shall petition the district court to impose, assess, and recover the civil penalty.

(3) Action under this section does not bar:

HeinOnline -- 1997 vol. II 1828 1997

(b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. AN ACT RELATING TO PATERNITY PROCEEDINGS; PROVIDING THAT WHEN THE CHILD SUPPORT ENFORCEMENT DIVISION IN A CASE UNDER TITLE IV-D OF THE SOCIAL SECURITY ACT RECEIVES A WRITTEN CLAIM FROM A CHILD'S MOTHER THAT NAMES A PERSON AS THE ALLEGED NATURAL FATHER OF A CHILD, THE DEPARTMENT SHALL PROMPTLY TAKE REASONABLE STEPS TO LOCATE AND NOTIFY THE ALLEGED FATHER OF THE EXISTENCE OF THE CLAIM; AND AMENDING SECTION 40-5-232, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 40-5-232, MCA, is amended to read:

"**40-5-232. Establishment of paternity — notice of paternity determination — contents.** (1) When the paternity of a child has not been legally established under the provisions of Title 40, chapter 6, part 1, or

HeinOnline -- 1997 vol. II 1858 1997

otherwise, the department may proceed to establish paternity under the provisions of 40-5-231 through 40-5-237. An administrative hearing held under the provisions of 40-5-231 through 40-5-237 is a contested case within the meaning of 2-4-102 and is subject to the provisions of Title 2, chapter 4, except as otherwise provided in 40-5-231 through 40-5-237.

(2) It is presumed to be in the best interest of a child to legally determine and establish paternity. A presumption under this subsection may be rebutted by a preponderance of the evidence.

(3) In any proceeding under 40-5-231 through 40-5-237, if a person acknowledges paternity of a child in writing and the acknowledgment is filed with the department, the department may enter an order establishing legal paternity. As a part of a voluntary acknowledgment, the department shall provide information to the parents regarding the rights and responsibilities of acknowledging paternity. An acknowledgment is binding on a parent who executes it, whether or not the parent is a minor.

(4) Full faith and credit must be given to a determination of paternity made by any other state, whether presumed by law, established through voluntary acknowledgment, or established by administrative or judicial processes.

(5) The department shall commence proceedings to establish paternity by serving on an alleged father a notice of paternity determination. The department may not serve the notice unless it has:

(a) a sworn statement from the child's mother claiming that the alleged father is the child's natural father;

(b) evidence of the existence of a presumption of paternity under 40-6-105; or

(c) any other reasonable cause to believe that the alleged father is the child's natural father.

*(6) Regardless of whether the department has grounds to or intends to commence a paternity proceeding against the alleged father, when the child support enforcement division in a case under Title IV-D of the Social Security Act receives a written claim from a child's mother that names a person as the alleged natural father of the child, the department shall promptly take reasonable steps to locate and notify the alleged father of the existence of the claim. The notification must be given to the alleged father in a manner that places the demands of individual privacy above the merits of public disclosure. The notification must include the name of the mother and the date of birth or the projected date of birth if the child has not yet been born.*

~~(6)~~*(7)* Service on the alleged father of the notice of paternity determination must be made as provided in 40-5-231(2). The notice must include:

(a) an allegation that the alleged father is the natural father of the child involved;

(b) the child's name and place and date of birth;

(c) the name of the child's mother and the name of the person or agency having custody of the child, if other than the mother;

HeinOnline -- 1997 vol. II 1859 1997

(d) the probable time or period of time during which conception took place;

(e) a statement that if the alleged father fails to timely deny the allegation of paternity, the question of paternity may be resolved against the alleged father without further notice;

(f) a statement that if the alleged father timely denies the allegation of paternity:

(i) the alleged father is subject to compulsory paternity blood testing;

(ii) a paternity blood test may result in a presumption of paternity; and

(iii) upon receipt of the paternity blood test results, if the alleged father continues to deny paternity, the alleged father may request the department to refer the matter to district court for a determination of paternity.

~~(7)~~*(8)* The alleged father may file a written denial of paternity with the department within 20 days after service of the notice of paternity determination.

~~(8)~~*(9)* When there is more than one alleged father of a child, the department may serve a notice of paternity determination on each alleged father in the same consolidated proceeding or in separate proceedings. Failure to serve notice on an alleged father does not prevent the department from serving notice on any other alleged father of the same child."

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 20-6-213, MCA, is amended to read:

**"20-6-213. Transfer of territory from one elementary district to another.** (1) A majority of the registered electors of an elementary district who reside in territory that is a part of an elementary district may petition the county superintendent to transfer the territory in which they reside to another elementary district if:

(a) the territory to be transferred is contiguous to the district to which it is to be attached;

(b) the territory to be transferred is not located within 3 miles, over the shortest practical route, of an operating school of the district from which it is to be detached;

(c) the transfer of the territory will not reduce the taxable value of the district to less than $100,000 unless the remaining territory of the district will contain not less than 50,000 acres of nontaxable Indian land;

(d) the board of trustees of the school district that would receive the territory has approved *the proposed transfer* in writing ~~the transfer~~; and

(e) the territory proposed to be transferred to another elementary district has not been included in a petition filed under this section in the previous 3 years.

(2) The petition must be addressed to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the elementary district to which it is to be transferred;

(a) file the petition;

(b) set a hearing place, date, and time for consideration of the petition that is not more than 40 days after receipt of the petition; and

(c) give notice of the place, date, and time of the hearing. The notices must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for school elections, with at least one notice posted in the territory to be transferred. ~~(8)~~*(7)* Whenever a petition to transfer territory from one elementary district to another elementary district creates a joint elementary district or affects the boundary of an existing joint elementary district, the petition to transfer territory must be presented to the county superintendent of the county where the territory is located. The county superintendent shall notify any other county superintendents of counties with elementary districts affected by the petition, and the duties prescribed in this section for the county superintendent ~~and the board of county commissioners~~ must be performed jointly ~~by the county officials~~. *If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (4) and issuing the decision required in subsection (5). # CHAPTER NO. 413

[SB 365]

AN ACT PROVIDING FOR THE REGULATION OF HEALTH INSURANCE CARRIERS WHO OFFER MANAGED CARE PLANS; PROVIDING FOR STATE NETWORK ADEQUACY AND QUALITY ASSURANCE STANDARDS AND A MEANS FOR ENFORCING THE STANDARDS; REGULATING CONTRACTS RELATING TO MANAGED CARE PLANS; PROVIDING REPORTING AND DISCLOSURE REQUIREMENTS; PROVIDING FOR CONFIDENTIALITY OF HEALTH CARE INFORMATION; PROVIDING DEFINITIONS; APPLYING PREMIUM INCREASE RESTRICTIONS TO HEALTH MAINTENANCE ORGANIZATIONS; REQUIRING HEALTH MAINTENANCE ORGANIZATIONS TO FILE FINANCIAL STATEMENTS; REQUIRING PROTECTION AGAINST INSOLVENCY BY HEALTH MAINTENANCE ORGANIZATIONS; AMENDING SECTIONS 33-22-1703, 33-22-1707, 33-31-102, 33-31-111, 33-31-211, AND 33-31-216, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 12, 13, and 22] require rules to be adopted by the department of public health and human services.

The rules adopted by the department must establish state network adequacy and quality assurance standards for managed care plans that amplify [sections 8 through 29] and must provide greater detail regarding specific means by which a health carrier meets the requirements of [sections 8 through 29].

A managed care plan accredited by a nationally recognized organization is not required to meet some of the provisions of [sections 8 through 29], hut the legislature acknowledges that small managed care plans may not be capable of meeting all of the accreditation requirements of national accrediting organizations.

In order to promote uniformity of standards applicable to all managed care plans, state quality assurance standards for small managed care plans must consist of standards that are appropriate for quality assurance in Montana.

The department may refer reports of noncompliance by a health carrier to the commissioner for corrective action. Under the department's rulemaking authority, the department shall specify network adequacy and quality assurance review processes.

[Section 19] designates the department of public health and human services as the place for insurance carriers to file documents related to managed care provider network adequacy and quality assurance. The department shall adopt rules establishing procedures for filing these documents and shall adopt rules specifying processes for amending or withdrawing documents already filed that relate to network adequacy and quality assurance.

This agreement does not prohibit a provider, except a health care professional who is employed full-time on the staff of a health carrier and who has agreed to provide services exclusively to that health carrier's covered persons and no others, and a covered person from agreeing to continue services solely at the expense of the covered person if the provider has clearly informed the covered person that the health carrier may not

Covered benefits to a covered person confined in an acute care inpatient facility on the date of insolvency or other cessation of operations must be continued by a provider until tbe confinement in an inpatient facility is no longer medically necessary.

(3) The contract provisions that satisfy the requirements of subsections (1) and (2) must be construed in favor of tlie covered person, survive the termination of tbe contract regardless of the reason for termination, including the insolvency of the health carrier, and supersede an oral or written contrary agreement between a participating provider and a covered person or the representative of a covered person if tbe contrary agreement is inconsistent with the hold harmless and continuation of covered benefits provisions required by subsections (1) and (2).

(4) A participating provider may not collect or attempt to collect from a covered person money owed to the provider by tlie health carrier.

**Seetion 15. Selection of providers — professional credcntials standards.** (1) A health carrier shall adopt standards for selecting participating providers who are primary care professionals and for each health care professional specialty within the health carrier's network. The healtli carrier sball use the standards to selecl health care professionals, the health carrier's intermediaries, and any prov!der network with which the healtb carrier contracts. A health carrier may not adopt selection criteria tliat allow the health carrier to:

(a) avoid high-risk populations by excluding a provider because tho provider is located in a geographic area tbat contains populations or providers presenting a risk of higher than average claims, losses, or use of health care services; or

(b) exclude a provider because tbe provider treats or specializes in treating populations presenting a risk of higher than average claims, losses, or use of healtli care services.

(2) Subsection (1) does not probibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier adopted in compliance with [sections 13 through 21] and the rules implementing [sections 13 through 21].

(3) [Sections 13 tbrough 21] do not require a health carrier, its intermediary, or a provider network with which the health carrier or its intermediary contract to employ specific providers or types of providers who may meet their selection criteria or to contract with or retain more providers or types of previders than are necessary to maintain an adequato network.

HeinOnline -- 1997 vol. II 1918 1997

**Section 16. (2) A health carrier may not offer an inducement under a managed care plan to a participating provider to provide less than medically necessary services to a covered person.

(3) A health carrier may not prohibit a participating provider from discussing a treatment option with a covered person or from advocating on behalf of a covered person within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

(4) A health carrier shall require a participating provider to make health records available to appropriate state and federal authorities, in accordance with the applicable state and federal laws related to the confidentiality of medical or health records, when the authorities are involved in assessing the quality of care or investigating a grievance or complaint of a covered person.

(5) A health carrier and participating provider shall provide at least 60 days' written notice to each other before terminating the contract between them without cause. The health carrier shall make a good faith effort to provide written notice of a termination, within 15 working days of receipt or issuance of a notice of termination from or to a participating provider, to all covered persons who are patients seen on a regular basis by the participating provider whose contract is terminating, irrespective of whether the termination is for cause or without cause. If a contract termination involves a primary care professional, all covered persons who are patients of that primary care professional must be notified.

(6) A health carrier shall ensure that a participating provider furnishes covered benefits to all covered persons without regard to the covered person's enrollment in the plan as a private purchaser or as a participant in a publicly financed program of health care services. This requirement does not apply to circumstances in which the participating provider should not render services because of the participating provider's lack of training, experience, or skill or because of a restriction on the participating provider's license.

(7) A health carrier shall notify the participating providers of their obligation, if any, to collect applicable coinsurance, copayments, or deductibles from covered persons pursuant to the evidence of coverage or of the participating providers' obligations, if any, to notify covered persons of the covered persons' personal financial obligations for noncovered benefits.

HeinOnline -- 1997 vol. II 1919 1997

A health carrier shall make its best effort to furnish copies of any reference documents, if requested by a participating provider, prior to execution of the contract.

**Section 17. Emergency services.** (1) A health carrier offering a managed care plan shall provide or pay for emergency services screening and emergency services and may not require prior authorization for either of those services. If an emergency services screening determines that emergency services or emergency services of a particular type are unnecessary for a covered person, emergency services or emergency services of the type determined unnecessary by the screening need not be covered by the health carrier unless otherwise covered under the health benefit plan. However, if screening determines that emergency services or emergency services of a particular type are necessary, those services must be covered by the health carrier. A health carrier shall cover emergency services if the health carrier, acting through a participating provider or other authorized representative, has authorized the provision of emergency services.

(2) A health carrier shall provide or pay for emergency services obtained from a nonnetwork provider within the service area of a managed care plan and may not require prior authorization of those services if use of a participating provider would result in a delay that would worsen the medical condition of the covered person or if a provision of federal, state, or local law requires the use of a specific provider.

(3) If a participating provider or other authorized representative of a health carrier authorizes emergency services, the health carrier may not subsequently retract its authorization after the emergency services have been provided or reduce payment for an item or health care services furnished in reliance on approval unless the approval was based on a material misrepresentation about the covered person's medical condition made by the provider of emergency services.

(4) Coverago of emergency services is subject to applicable coinsurance, copayments, and deductibles.

HeinOnline -- 1997 vol. II 1920 1997

Use of intermediaries — responsibilities of health carriers, intermediaries, and providers.** (1) A health carrier is responsible for complying with applicable provisions of [sections 8 through 29], and contracting with an intermediary for all or some of the services for which a health carrier is responsible does not relieve the health carrier of responsibility for compliance.

(2) A health carrier may determine whether a subcontracted provider participates in the provider's own network or a contracted network for the purpose of providing covered benefits to the health carrier's covered persons.

(3) A health carrier shall maintain copies of all intermediary health care subcontracts at the health carrier's principal place of business in this state or ensure that the health carrier has access to all intermediary subcontracts, including the right to make copies of the contracts, upon 20 days' prior written notice from the health carrier.

(4) If required in a contract or otherwise by a health carrier, an intermediary shall transmit utilization documentation and claims-paid documentation to the health carrier. The health carrier shall monitor the timeliness and appropriateness of payments made to providers and health care services received by covered persons. This duty may not be delegated to an intermediary by a health carrier.

(5) If required in a contract or otherwise by a health carrier, an intermediary shall maintain the books, records, financial information, and documentation of services provided to covered persons at its principal place of business in the state and preserve them for 5 years in a manner that facilitates regulatory review.

(6) An intermediary shall allow the commissioner and the department access to the intermediary's books, records, claim information, billing information, and other documentation of services provided to covered persons that are required by any of those entities to determine compliance with [sections 13 through 21] and the rules implementing [sections 13 through 21].

(7) A health carrier may, in the event of the intermediary's insolvency, require the assignment to the health carrier of the provisions of a participating provider's contract addressing the participating provider's obligation to furnish covered benefits.

**Section 19. Contract filing requirements — material changes — state access to contracts.** (1) On October 1, 1999, a health carrier offering a managed care plan shall file with the department sample contract forms proposed for use with its participating providers and intermediaries.

(2) A health carrier shall file with the department a material change to a contract. The change must be filed with the department at least 60 days before use of the proposed change. HeinOnline -- 1997 vol. II 1921 1997

(3) A health carrier shall maintain participating provider and intermediary contracts at its principal place of business in this state, or the health carrier must have access to all contracts and provide copies to the department upon 20 days' prior written notice from the department.

**Section 20. General contracting requirements.** (1) The execution of a contract for health care services with an intermediary hy a health carrier does not relieve the health carrier of its duty to provide health care services to a person with whom the health carrier has contracted and does not relieve the health carrier of its responsibility for compliance with [sections 8 through 29] or the rules implementing [sections 8 through 29].

**Section 22. Department rules.** The department may adopt rules to implement [sections 13 through 21].

**Section 23. Quality assurance — national accreditation.** (1) A health carrier whose managed care plan has been accredited by a nationally recognized accrediting organization shall annually provide a copy of the accreditation and the accrediting standards used by the accrediting organization to the department.

(2) If the department finds that the standards of a nationally recognized accrediting organization meet or exceed state standards and that the health carrier has been accredited by the nationally recognized accrediting organization, the department shall approve the quality assurance standards of the health carrier.

(3) The department shall maintain a list of accrediting organizations whose standards have been determined by the department to meet or exceed state quality assurance standards.

HeinOnline -- 1997 vol. II 1922 1997

The description must include a signed certification by a corporate officer of the health carrier that the health carrier's quality assessment program meets the requirements of [sections 23 through 27].

[SB 372]

AN ACT REQUIRING THE DEPARTMENT OF REVENUE, UPON A TIMELY SHOWING OF A CHANGE IN OWNERSHIP OR OF A LAND CONVEYANCE RESULTING IN A CHANGE OF OWNERSHIP, EXCEPT IN THE CASE OF LAND SPLITS, TO CHANGE THE CURRENT OWNERSHIP RECORDS; AMENDING SECTIONS 15-7-102, 15-8-201, AND 15-10-305, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Land split.** For the purposes of this title, a land split is the conveyance or transfer of a portion of a parcel of land that will require the department to change its ownerships records for the original parcel to show the creation of one or more new parcels under a new ownership.

**Section 2.** Section 15-7-102, MCA, is amended to read:

**"15-7-102. Notice of classification and appraisal to owners — appeals.** (1) (a) The department shall mail to each owner or purchaser under contract for deed a notice of the classification of the land owned or being

purchased and the appraisal of the improvements on the land only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational purposes:

(i) the total amount of mills levied against the property in the prior year;

(ii) the amount of the prior year's taxes resulting from levied mills;

(iii) an estimate of the current year's taxes based on the prior year's mills; and

(iv) a statement that the notice is not a tax bill.

(c) Any misinformation provided in the information required by subsection (1)(b) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) ~~The~~ *Except as provided in subsection (2)(c), the* department shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

*(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The date of mailing is the date reported to the county tax appeal board pursuant to 15-15-101.*

(3) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department, on forms provided by the department for that purpose, within 30 days after receiving the notice of classification and appraisal from the department. The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information

HeinOnline -- 1997 vol. II 1927 1997

presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review. After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal beard, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must he filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

**Section 3.** Section 15-8-201, MCA, is amended to read:

"**15-8-201. General assessment day.** (1) The department shall, between January 1 and the second Monday of July in each year, ascertain the names of all taxable inhabitants and assess all property subject to taxation in each county.

*(3)* The department shall also ascertain and assess all mobile homes arriving in the county after midnight of the preceding January 1.

*(4)* A mistake in the name of the owner or supposed owner of real property does not invalidate the assessment.

(b) motor homes, travel trailers, and campers;

**Section 4.** Section 15-10-305, MCA, is amended to read:

**"15-10-305. Clerk and recorder to report mill levy — department to compute and enter taxes.** (1) *(a)* ~~The~~ *The* county clerk and recorder shall by the third Monday in August notify the department of the number of mills needed to be levied for each taxing jurisdiction in the county. ~~The~~ *Except as provided in subsection (1)(b), the* department shall compute the taxes by multiplying the number of mills times the taxable value of the property to be taxed and shall add any fees or assessments required to be levied against a person owning property. All taxes, fees, and assessments must be itemized for the property listed in the property tax record.

*(b) In conveyances that result in a land split, the taxes must be based on the property as assessed on January 1 preceding the conveyance. The department is not required to include the name of the new owner in the computation of the amount of taxes, fees, and assessments to be levied against property that is part of a land conveyance if including the new owner's name would cause the department to violate the deadline provided in subsection (2).*

(2) The department shall complete the computation of the amount of taxes, fees, and assessments to be levied against the property and shall notify the county clerk and recorder and the county treasurer by the second Monday in October."

**Section 5. Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 15, chapter 7, part 1, and the provisions of Title 15, chapter 7, part 1, apply to [section 1].

**Section 6. Applicability.** [This act] applies to all conveyances and transfers of property resulting in a change of ownership effective after December 31, 1997.

The term does not apply to the state or a local government that acquired ownership or control through bankruptcy, tax delinquency, abandonment, lien foreclosure, or other circumstances in which the gevernment acquires title by virtue of its function as sovereign, unless the state or local government has caused or contributed to the release or threatened release of a hazardous or deleterious substance from the facility. The term also does not include the owner or operator of the Milltown dam licensed under part 1 of the Federal Power Act (FERC license No. 2543-004) if a hazardous or deleterious substance has been released into the environment upstream of the dam and has subsequently come to be located in the reservoir created by the dam, unless the owner or operator is a person who would otherwise be liable for a release or threatened release under 75-10-715(1).

~~(11)~~*(15)* "Person" means an individual, trust, firm, joint-stock company, joint venture, consortium, commercial entity, partnership, association, corporation, commission, state or state agency, political subdivision of the state, interstate body, or the federal government, including a federal agency.

~~(13)~~*(17)* "Reasonably anticipated future uses" means likely future land or resource uses that take into consideration:

(a) local land and resource use regulations, ordinances, restrictions, or covenants;

(b) historical and anticipated uses of the facility;

(c) patterns of development in the immediate area; and

(d) relevant indications of anticipated land use from the owner of the facility and local planning officials.

~~(14)~~*(18)* "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing of a hazardous or deleterious substance directly into the environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any hazardous or deleterious substance), but excludes releases confined to the indoor workplace environment, the use of pesticides as defined in 80-8-102(30) when they are applied in accordance with approved federal and state labels, and the use of commercial fertilizers, as defined in 80-10-101(2), when applied as part of accepted agricultural practice.

~~(15)~~*(19)* "Remedial action" includes all notification, investigation, administration, monitoring, cleanup, restoration, mitigation, abatement, removal, replacement, acquisition, enforcement, legal action, health studies, feasibility studies, and other actions necessary or appropriate to respond to a release or threatened release.

HeinOnline -- 1997 vol. II 1937 1997

"**75-10-702. Rulemaking authority.** *(1)* The department is authorized to adopt rules for the implementation of this part, *including but not limited to:*

*(a) rules for listing and delisting facilities on a priority list, required by 75-10-704, based on the following criteria:*

*(i) a facility eligible for listing must have a confirmed release or substantial threat of a release of a hazardous or deleterious substance that may pose an imminent and substantial threat to public health, safety, or welfare or the environment and the department shall provide a written description of the nature and severity of the threat;*

*(ii) if remedial actions to address the hazardous or deleterious substances are required at the facility by another state program, the department shall explain, in writing, its rationale for listing the facility;*

*(iii) listing and delisting must be done through a formal process that provides for public participation, including participation of the affected or potentially liable persons in the decisionmaking process, by giving public notice and providing opportunity for at least one public meeting in the community most likely to be threatened by the facility that is proposed for listing or delisting; and*

*(iv) a facility must be delisted when another state program assumes jurisdiction or when further remedial actions are not necessary;*

*(b) rules for establishing and implementing a system for prioritizing facilities, including categories for maximum and high-priority facilities, as required by 75-10-704, for remedial action based on potential effects on human health and the environment.*

*(2) The rulemaking authority granted in subsection (1) may not invalidate the existing priorities list. Rules promulgated pursuant to subsection (1) must provide for the reevaluation of facilities on the existing priorities list. A decision by the department to list, delist, or establish a priority for a facility must be made in writing."*

**Section 6.** Section 75-10-704, MCA, is amended to read:

"**75-10-704. persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(4) There must be deposited in the fund:

(a) all penalties, forfeited financial assurance, natural resource damages, and remedial action costs recovered pursuant to 75-10-715;

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the fund through tlie budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingoncy account established pursuant to 75-1-1101.

(7) (a) There is establislied a state special revenue account for all funds donated or granted from private parties to remediate a specific release at a specific facility. There must be deposited into the account tlie interest income earned on the account. A person is not liable under 75-10-715 solely as a result of contributing to tliis account.

(b) Funds donated or granted for a specific project pursuant to this subsection (7) must be accumulated in the fund until tlie balance of the donated or granted funds is sufficient, as determined by the department, to remediate tlie facility pursuant to the requirements of 75-10-721 for which tbe funds are donated.

(c) If the balance of the fund created in this subsection (7), as determined by the department pursuant to the requirements of 75-10-721, is not sufficient to remediate the facility within 1 year from the date of the initial contribution, all donated or granted funds, including any interest on those donated or granted funds, must be returned to the grantor.

(d) If the halance for a specific project is determined by the department to be sufficient to remediate the facility pursuant to the requirements of 75-10-721, the department shall give that site high priority for remedial action, using the funds donated under this subsection (7).

HeinOnline -- 1997 vol. II 1939 1997

Subsections (7) and (8) do not pertain to facilities where the department has initiated actions under this part.

(f) The department shall expend the funds in a manner that maximizes the application of the funds to physically remediating the specific release.

(8) (a) A person may donate in-kind services to remediate a specific release at a specific facility pursuant to subsection (7). A person that donates in-kind services is not liable under 75-10-715 solely as a result of the contribution of in-kind services.

(b) A person who donates in-kind services with respect to remediating a specific release at a specific facility is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss of or damage to property, or economic loss.

(c) Immunity from liability, pursuant to subsection (8)(b), does not apply in the case of a release that is caused by conduct of the entity providing in-kind services that is negligent or grossly negligent or that constitutes intentional misconduct.

(d) This subsection does not minimize the liability, lessen the standard of liability, or otherwise shield from liability a potentially liable person under 75-10-715 or section 107 of CERCLA for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance.

(e) Any donated in-kind services that are employed as part of a remedial action pursuant to this subsection (8) must be approved by the department as appropriate remedial action."

**Section 7.** Section 75-10-715, MCA, is amended to read:

**"75-10-715. Liability — reimbursement and penalties — proceedings — defenses *and exclusions*.** (1) *Except as provided in [sections 12 through 22], notwithstanding* ~~Notwithstanding~~ any other provision of law, and subject only to the defenses set forth in subsection (5) *and the exclusions set forth in subsection (7)*, the following persons are jointly and severally liable for a release or threatened release of a hazardous or deleterious substance from a facility:

(a) a person who owns or operates a facility where a hazardous or deleterious substance was disposed of;

(b) a person who at the time of disposal of a hazardous or deleterious substance owned or operated a facility where the hazardous or deleterious substance was disposed of;

(c) a person who generated, possessed, or was otherwise responsible for a hazardous or deleterious substance and who, by contract, agreement, or otherwise, arranged for disposal or treatment of the substance or arranged with a transporter for transport of the substance for disposal or treatment; and

(d) a person who accepts or has accepted a hazardous or deleterious substance for transport to a disposal or treatment facility.

HeinOnline -- 1997 vol. II 1940 1997

(2) A person identified in subsection (1) is liable for the following costs:

(a) all remedial action costs incurred by the state; and

(b) damages for injury to, destruction of, or loss of natural resources caused by the release or threatened release, including the reasonable technical and legal costs of assessing and enforcing a claim for the injury, destruction, or loss resulting from the release, unless the impaired natural resources were specifically identified as an irreversible and irretrievable commitment of natural resources in an approved final state or federal environmental impact statement or other comparable approved final environmental analysis for a project or facility that was the subject of a governmental permit or license and the project or facility was being operated within the terms of its permit or license.

(3) If the person liable under subsection (1) fails, without sufficient cause, to comply with a department order issued pursuant to 75-10-711(4) or to properly provide remedial action upon notification by the department pursuant to 75-10-711(3), the person may be liable for penalties in an amount not to exceed two times the amount of any costs incurred by the state pursuant to this section.

(4) The department may initiate civil proceedinga in district court to recover remedial action costs, natural resource damages, or penalties under subsections (1), (2), and (3). Proceedings to recover costs and penalties must be conducted in accordance with 75-10-722. Venue for any action to recover costs, damages, or penalties lies in the county where the release occurred or where the person liable under subsection (1) resides or has its principal place of business or in the district court of the first judicial district.

(5) A person *has a defense and* is not liable under subsections (1), (2), and (3) if the person can establish by a preponderance of the evidence that:

(a) the department failed to follow the notice provisions of 75-10-711 when required;

(b) the release did not emanate from any vessel, vehicle, or facility to which the person contributed any hazardous or deleterious substance or over which the person had any ownership, authority, or control and was not caused by any action or omission of the person;

(c) the release or threatened release occurred solely as a result of:

(i) an act or omission of a third party other than either an employee or agent of the person; or

(ii) an act or omission of a third party other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person, if the person establishes by a preponderance of the evidence that the person:

(A) exercised due care with respect to the hazardous or deleterious substance concerned, taking into consideration the characteristics of the hazardous or deleterious substance in light of all relevant facts and circumstances; and

(B) took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from those acts or omissions;

HeinOnline -- 1997 vol. II 1941 1997

(d) the release or threat of release occurred solely as the result of an act of God or an act of war;

(e) the release or threatened release was from a facility for which a permit had been issued by the department, the hazardous or deleterious substance was specifically identified in the permit, and the release was within the limits allowed in the permit;

(f) in the case of assessment of penalties under subsection (3), factors beyond the control of the person prevented the person from taking timely remedial action; or

(g) the person ~~accepted~~ *transported* only household refuse ~~(garbage, trash, or septic tank sanitary wastes generated by single or multiple residences, hotels, motels, restaurants, or similar facilities) for transport to a solid waste disposal facility~~, unless that person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse.

(6) (a) For the purpose of subsection (5)(c)(ii), the term "contractual relationship" includes but is not limited to land contracts, deeds, or other instruments transferring title or possession, unless the real property on which the facility is located was acquired by the person after the disposal or placement of the hazardous or deleterious substance on, in, or at the facility and one or more of the following circumstances is also established by the person by a preponderance of the evidence:

(i) At the time the person acquired the facility, the person did not know and had no reason to know that a hazardous or deleterious substance that is the subject of the release or threatened release was disposed of on, in, or at the facility.

(ii) The person is a governmental entity that acquired the facility by escheat, lien foreclosure, or through any other involuntary transfer or acquisition or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The person acquired the facility by inheritance or bequest.

(b) In addition to establishing one or more of the circumstances in subsection (6)(a)(i) through (6)(a)(iii), the person shall establish that the person has satisfied the requirements of subsection (5)(c)(i) or (5)(c)(ii).

(c) To establish that the person had no reason to know, as provided in subsection (6)(a)(i), the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of assessing this inquiry, the following must be taken into account:

(i) any specialized knowledge or experience on the part of the person;

(ii) the relationship of the purchase price to the value of the property if uncontaminated;

(iii) commonly known or reasonably ascertainable information about the property;

HeinOnline -- 1997 vol. II 1942 1997

(iv) the obviousness of the presence or the likely presence of contamination on the property; and

(v) the ability to detect the contamination by appropriate inspection.

(d) (i) ~~Nothing in subsections~~ *Subsections* (5)(b) and (5)(c) or ~~in~~ this subsection (6) may *not* diminish the liability of a previous owner or operator of the facility who would otherwise be liable under this part.

(ii) Notwithstanding this subsection (6), if the previous owner or operator obtained actual knowledge of the release or threatened release of a hazardous or deleterious substance at the facility when the person owned the real property and then subsequently transferred ownership of the property to another person without disclosing the knowledge, the previous owner is liable under subsections (1), (2), and (3) and ~~no~~ *a* defense under subsection (5)(b) or (5)(c) is *not* available to that person.

(e) ~~Nothing in this subsection~~ *Subsection* (6) ~~affects~~ *does not affect* the liability under this part of a person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous or deleterious substance that is the subject of the action relating to the facility.

*(7) A person has an exclusion and is not liable under this section if:*

*(a) the person generated or disposed of only household refuse, unless the person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse;*

*(b) the person owns or operates real property where hazardous or deleterious substances have come to be located solely as a result of subsurface migration in an aquifer from a source or sources outside the person's property, provided that the following conditions are met:*

*(i) the owner or operator did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substances through any act or omission. The failure to take affirmative steps to mitigate or address contamination that has migrated from a source outside the owner's or operator's property does not, in the absence of exceptional circumstances, constitute an omission by the owner or operator.*

*(ii) the person who caused, contributed to, or exacerbated the release or threatened release of any hazardous or deleterious substance is not and was not an agent or employee of the owner or operator and is not or was not in a direct or indirect contractual relationship with the owner or operator, unless the department provides a written determination that an existing or proposed contractual relationship is an insufficient basis to establish liability under this section;*

*(iii) there is no other basis of liability under subsection (1) for the owner or operator for the release or threatened release of a hazardous or deleterious substance; and*

*(iv) the owner or operator cooperates with the department and all persons conducting department-approved remedial actions on the property, including*

HeinOnline -- 1997 vol. II 1943 1997

*granting access and complying with and implementing all required institutional controls;*

*(c) the person owns or occupies real property of 20 acres or less for residential purposes, provided that the following conditions are met:*

*(i) the person did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substance through any act or omission;*

*(ii) the person uses or allows the use of the real property for residential purposes. This exclusion does not apply to any person who acquires or develops real property for commercial use or any use other than residential use.*

*(iii) at the time the person purchased or occupied the real property, there were no visible indications of contamination on the surface of the real property;*

*(iv) the person cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls; and*

*(v) there is no other basis of liability under subsection (1) for the owner or occupier for the release or threatened release of a hazardous or deleterious substance.*

*(8) A person is liable under this section if the department provides substantial credible evidence that the person fails to satisfy any element of each exclusion in subsections (7)(a) through (7)(c).*

~~(7)~~*(9)* The liability of a fiduciary under the provisions of this part for a release or a threatened release of a hazardous or deleterious substance from a facility held in a fiduciary capacity may not exceed the assets held in the fiduciary capacity that are available to indemnify the fiduciary unless the fiduciary is liable under this part independent of the person's ownership or actions taken in a fiduciary capacity.

~~(8)~~*(10)* A person who holds indicia of ownership in a facility primarily to protect a security interest is not liable under subsections (1)(a) and (1)(b) for having participated in the management of a facility within the meaning of 75-10-701~~(10)(b)~~*(14)(b)* because of any one or any combination of the following:

(a) holding an interest in real or personal property when the interest is being held as security for payment or performance of an obligation, including but not limited to a mortgage, deed of trust, lien, security interest, assignment, pledge, or other right or encumbrance against real or personal property that is furnished by the owner to ensure repayment of a financial obligation;

(b) requiring or conducting financial or environmental assessments of a facility or a portion of a facility, making financing conditional upon environmental compliance, or providing environmental information or reports;

(c) monitoring the operations conducted at a facility or providing access to a facility to the department or its agents or to remedial action contractors;

(d) having the mere capacity or unexercised right to influence a facility's management of hazardous or deleterious substances;

HeinOnline -- 1997 vol. II 1944 1997

(e) giving advice, information, guidance, or direction concerning the administrative and financial aspects, as opposed to day-to-day operational aspects, of a borrower's operations;

(f) providing general information concerning federal, state, or local laws governing the transportation, storage, treatment, and disposal of hazardous or deleterious substances and concerning the hiring of remedial action contractors;

(g) engaging in financial workouts, restructuring, or refinancing of a borrower's obligations;

(h) collecting rent, maintaining utility services, securing a facility from unauthorized entry, or undertaking other activities to protect or preserve the value of the security interest in a facility;

(i) extending or denying credit to a person owning or in lawful possession of a facility;

(j) in an emergency, requiring or undertaking activities to prevent exposure of persons to hazardous or deleterious substances or to contain a release;

(k) requiring or conducting remedial action in response to a release or threatened release if prior notice is given to the department and the department approves of the remedial action; or

(l) taking title to a facility by foreclosure, provided that the holder of indicia of ownership, from the time the holder acquires title, undertakes to sell, re-lease property held pursuant to a lease financing transaction (whether by a new lease financing transaction or substitution of the lessee), or otherwise divest itself of the property in a reasonably expeditious manner, using whatever commercially reasonable means are relevant or appropriate with respect to the facility and taking all facts and circumstances into consideration and provided that the holder does not:

(i) outbid or refuse a bid for fair consideration for the property or outbid or refuse a bid that would effectively compensate the holder for the amount secured by the facility;

(ii) worsen the contamination at the facility;

(iii) incur liability under subsection (1)(c) or (1)(d) by arranging for disposal of or transporting hazardous or deleterious substances; or

(iv) engage in conduct described in subsection ~~(9)~~ *(11)*.

~~(9)~~*(11)* The protection from liability provided in subsections ~~(7)~~ *(9)* and ~~(8)~~ *(10)* is not available to a fiduciary or to a person holding indicia of ownership primarily to protect a security interest if the fiduciary or person through affirmative conduct:

(a) causes or contributes to a release of hazardous or deleterious substances from the facility;

(b) allows others to cause or contribute to a release of hazardous or deleterious substances; or

HeinOnline -- 1997 vol. II 1945 1997

(c) in the case of a person holding indicia of ownership primarily to protect a security interest, actually participates in the management of a facility by:

(i) exercising decisionmaking control over environmental compliance; or

(ii) exercising control at a level comparable to that of a manager of the enterprise with responsibility for day-to-day decisionmaking either with respect to environmental compliance or substantially all of the operational, as opposed to financial or administrative, aspects of the facility."

**Section 8.** Section 75-10-719, MCA, is amended to read:

**"75-10-719. Settlement — bar to contribution liability.** (1) A person who has resolved ~~his~~ *that person's* liability to the state arising under 75-10-715 or section 107(a)(1) through (a)(4) of CERCLA, 42 U.S.C. 9607(a)(1) through (a)(4), in an administrative or judicially approved settlement is not liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other potentially liable persons unless its terms provide a discharge. The terms of the settlement may reduce the potential liability of the other potentially liable persons by the amount of the settlement.

(2) If the state has obtained less than complete relief from a person who has resolved ~~his~~ *that person's* liability to the state in an administrative or judicially approved settlement, the state may bring an action against any other person who has not resolved ~~his~~ *that person's* liability.

(3) A person who has resolved, in whole or in part, ~~his~~ *that person's* liability to the state for the release or for remedial action costs in an administrative or judicially approved settlement may seek contribution from a person who is not party to a settlement referred to in subsection (1).

(4) Whenever practicable and in the public interest, as determined by the director of the department, the department may, as promptly as possible, reach a final settlement with a *potentially liable or liable* person ~~liable~~ under 75-10-715 in an administrative or civil action under 75-10-711 if the settlement involves only a minor portion of the ~~response~~ *remedial action* costs at the facility concerned and, in the judgment of the department, *taking into account the toxicity of the hazardous or deleterious substances involved and the person's contribution of hazardous or deleterious substances in relation to the total volume of hazardous or deleterious substances at the facility,* the conditions in ~~either~~ *any* of the following ~~subsection~~ *subsections* (4)(a) ~~or (4)(b)~~ *through (4)(d)* are met:

(a) ~~Both of the following are minimal in comparison to other hazardous or deleterious substances at the facility:~~

~~(i) the amount of the hazardous or deleterious substances contributed by that person to the facility;~~

~~(ii) the toxic or other hazardous effects of the substances contributed by that person to the facility.~~ *the person is one whose liability is based solely on 75-10-715(1)(c) or (1)(d) and who presents substantial credible evidence that the person contributed less than 0.002% of the total volume or less than 100 gallons or 200 pounds of materials containing hazardous or deleterious substances at a facility that received hazardous or deleterious substances from multiple*

*contributors. The department may not require the payment of remedial action costs from this person.*

*(b) (i) the person is one whose liability is based solely on 75-10-715(1)(c) or (1)(d) and who presents substantial credible evidence that the person arranged for disposal or treatment of less than 5% of the total quantity of solid waste or hazardous or deleterious substances disposed of at a facility that received solid waste or hazardous or deleterious substances from multiple contributors.*

*(ii) For the purposes of subsection (5)(a) and this subsection (4)(b) only, the term "solid waste" means:*

*(A) all putrescible and nonputrescible wastes, including garbage, rubbish, refuse, or ashes;*

*(B) sludge from sewage treatment plants, water supply plants, or air pollution control facilities;*

*(C) construction and demolition wastes;*

*(D) dead animals, including offal;*

*(E) discarded home and industrial appliances; and*

*(F) wood products or wood byproducts and inert materials.*

~~(b)~~*(c)* (i) ~~The~~ *the* person:

(A) is the owner of the real property on or in which the facility is located;

(B) did not conduct or permit the generation, transportation, storage, treatment, or disposal of any hazardous or deleterious substance at the facility; and

(C) did not contribute to the release or threat of release of a hazardous or deleterious substance at the facility through any action or omission.

(ii) This subsection ~~(4)(b)~~ *(4)(c)* does not apply if the person purchased the real property with actual or constructive knowledge that the property was used for the generation, transportation, storage, treatment, or disposal of any hazardous or deleterious substance.

*(d) the person presents substantial credible evidence that the person has a defense under 75-10-715(5).*

*(5) When reaching a settlement under subsection (4)(b), (4)(c), or (4)(d), the department may require the payment of remedial action costs not to exceed two times the person's reasonably projected liability for remedial action costs as determined by the department. Except as provided in subsection (6), the settlement must contain a reservation of rights clause in the event that the department obtains new information showing that the settling person no longer qualifies for a settlement because:*

*(a) the solid waste or hazardous or deleterious substances contributed by the person was of a greater volume or toxicity than originally estimated; or*

*(b) the settlement was reached under subsection (4)(c) and, after settlement, the department finds that the person had actual or constructive knowledge that the property was used for the generation, transportation, storage, treatment, or disposal of any hazardous or deleterious substance.*

*(6) A person who agrees to a liability settlement may avoid the reservation of rights clause under subsection (5) by paying remedial action costs in the amount of four times the person's reasonably projected liability for remedial action costs as determined by the department.*

*(7) All funds received as a result of settlements under this section must be paid in the following order of priority:*

*(a) to the department as reimbursement for its remedial action costs at the facility;*

*(b) to liable persons as reimbursement for remedial action costs at the facility. In the event of an allocation under [sections 12 through 22], the reimbursement must be in proportion to each liable person's share of liability as determined under the provisions of [section 20 or 21];*

*(c) the remainder, if any:*

*(i) to the orphan share fund provided in [section 13] if the facility went through the allocation process provided in [sections 12 through 22]; or*

*(ii) to the fund provided in 75-10-704 if the facility did not undergo the allocation process provided in [sections 12 through 22].*

*(8) Any person who enters into a settlement under this section may not be subject to or assigned a share in the allocation process provided in [sections 12 through 22].*

~~(5)~~*(9)* As part of an administrative or judicially approved settlement agreement, the department may require the liable person to provide financial assurance, in an amount determined by the department, to ensure the long-term operation and maintenance of the remedial action site. The liable person shall provide the financial assurance by any one method or combination of methods satisfactory to the department, including but not limited to insurance, guarantee, performance or other surety bond, letter of credit, qualification as a self-insurer, or other demonstration of financial capability."

**Section 9.** Section 75-10-720, MCA, is amended to read:

**"75-10-720. Condemnation — creation of state lien.** (1) Whenever the department determines that property upon which a release or threatened release of a hazardous or deleterious substance has occurred may present an imminent and substantial endangerment to the public health, safety, or welfare or the environment, the department may condemn the property for public use to mitigate the threat. The taking of the property must be conducted in accordance with the procedure set forth in Title 70, chapter 30, parts 1 through 3.

(2) All costs, penalties, and natural resource damages for which a person has been judicially determined to be liable to the state pursuant to 75-10-715 constitute a lien in favor of the state upon all property and rights to the property that belong to the person.

HeinOnline -- 1997 vol. II 1948 1997

(3) The lien imposed by this section arises at the time notice incorporating a description of the property subject to the remedial action and an identification of the amount of costs, penalties, and natural resource damages is ~~duly~~ filed with the clerk and recorder of the county in which the real property is located. A copy of the notice must be served by certified mail upon the liable person.

(4) The costs, penalties, and natural resource damages constituting the lien may be recovered in an action in the district court for the district in which the property is located or in which the remedial action is occurring or has occurred. This section does not affect the right of the state to bring an action against a person to recover all costs, penalties, and natural resource damages for which that person is liable under this part or any other provision of state or federal law.

(5) The lien must continue until the liability for the costs and damages incurred as a result of the release of a hazardous or deleterious substance is satisfied.

*(6) If the department expends money from the fund for orphan share remedial action costs at a facility or for a facility at which a reimbursed orphan share exists, the state has a lien upon the facility for the unrecovered costs. The lien:*

*(a) may not exceed the increase in fair market value of the property attributable to the unfunded portion of the remedial action at the time of a subsequent sale or other disposition of the property;*

*(b) arises at the time costs are first incurred by the department with respect to a remedial action at the facility;*

*(c) must be filed according to subsection (3); and*

*(d) continues until the earlier of satisfaction of the lien or recovery of all remedial action costs incurred at the facility.*

*(7) Payment of any liens under this section must be deposited in one of the two accounts from which the remedial action costs originated, including the fund established in 75-10-704 or the orphan share fund established in [section 13].*"

**Section 10.** Section 75-10-724, MCA, is amended to read:

"**75-10-724. ~~Liability apportionment and contribution~~ *Private right of action.*** ~~(1)~~ Any person *who receives notice under 75-10-711, who is* held jointly and severally liable under 75-10-715, *or who initiates a voluntary cleanup under the provisions of 75-10-730 through 75-10-738 may bring a private right of action, including a claim for contribution or declaratory relief, against any other person who is liable or potentially liable under 75-10-715 for the recovery of remedial action costs. In resolving contribution claims, the court shall allocate remedial action costs among the liable persons based on the factors set out in [section 20].* ~~has the right at trial to have the trier of fact apportion liability among the parties as provided in this section. The burden is on each liable person to show how his liability should be apportioned. In apportioning the liability of any person under this section, the trier of fact shall consider the following:~~

~~(a) the extent to which the person's contribution to the release of a hazardous or deleterious substance can be distinguished;~~

~~(b) the amount of hazardous or deleterious substance involved;~~

HeinOnline -- 1997 vol. II 1949 1997

~~(c) the degree of toxicity of the hazardous or deleterious substance involved;~~

~~(d) the degree of involvement of and care exercised by the person in manufacturing, treating, transporting, or disposing of the hazardous or deleterious substance;~~

~~(e) the degree of cooperation by the person with federal, state, or local officials to prevent any harm to the public health, safety, or welfare or the environment; and~~

~~(f) knowledge by the person of the hazardous nature of the substance.~~

~~(2) If a person is held jointly and severally liable under 75-10-715 and establishes a proportionate share of the aggregate liability, the person has the right of contribution from any other liable person. If for any reason all or part of the contribution from a person liable for contribution cannot be obtained, each of the other persons against whom recovery is allowed is liable to contribute a proportional part of the unpaid portion of the noncontributing person's share and may obtain judgment in a pending or subsequent action for contribution from the noncontributing person.~~"

**Section 11. Citizens suit.** (1) Any person may commence a civil action to compel compliance by any liable or potentially liable person under 75-10-715 alleged to be in violation of a rule, notice letter, order, or department-approved remedial action required pursuant to a notice letter or order under this chapter.

(2) At least 60 days before commencing the action, the person shall give notice of intent to sue to all liable or potentially liable persons under 75-10-715 who are contemplated to be defendants in the proposed action.

(3) An action may not be commenced under subsection (1) if the liable or potentially liable person is diligently coming into compliance with the rule, notice letter, order, or department-approved remedial action plan or if the department has commenced and is diligently prosecuting an action to require compliance with the rule, notice letter, order, or department-approved remedial action plan.

**Section 12. Short title.** [Sections 12 through 22] may be cited as the "Controlled Allocation of Liability Act".

**Section 13. Orphan share state special revenue account — reimbursement of claims — payment of department costs.** (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and must be used to reimburse remedial action costs claimed pursuant to [sections 12 through 22] and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) money allocated from the metalliferous mines license tax pursuant to 15-37-117;

(b) all penalties assessed pursuant to [section 20(12)];

(c) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

HeinOnline -- 1997 vol. II 1950 1997

(d) funds allocated from the resource indemnity and ground water assessment tax proceeds provided for in 15-38-106;

(e) unencumbered funds remaining in the abandoned mines state special revenue account provided in section 19, Chapter 584, Laws of 1995, as of [the termination date of section 19, Chapter 584, Laws of 1995, as may be amended];

(f) interest income on the account;

(g) funds received from settlements pursuant to 75-10-719(7); and

(h) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsection (8), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of petition provided in [section 15]. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under [sections 12 through 22] in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the orphan share fund must pay the department's costs incurred in defending the orphan share in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under [sections 12 through 22] shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(7) If any money remains in the orphan share fund after [the termination date of this section] and after outstanding claims are paid, the money must be deposited in the general fund.

HeinOnline -- 1997 vol. II 1951 1997

(8) If the lead liable person under [section 16] presents evidence to the department that the person cannot complete the remedial actions without partial reimhursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

**Seetion 14. Eligibility — statute of limitations.** (1) Except for a facility that is listed on the national prioritics list pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. 9601, et seq., a facility listed on the priority list established pursuant to 75-10-702 is eligible for the allocation process under [sections 12 through 22].

(2) Only liability for remedial action costs is eligible for allocation and reimbursement from the orphan share fund. Allocation of liability and reimbursement of costs for natural resource damages is not permitted under [sections 12 through 22].

(3) Remedial action costs incurred prior to the date of the potentially liable person's written petition to the department as provided in [section 15] are not eligible for reimbursement from the orphan share fund.

(4) Only one allocation will be allowed for each facility unless:

(a) the department determines that an additional allocation is appropriate due to:

(i) the existence of more than one discrete unit of contamination at the facility;

(ii) the discovery of new releases after remedial actions at the facility are complete; or

(iii) other factors the department determines appropriate.

(b) all the liable or potentially liable persons under 75-10-715 agree in writing that an orphan share does not exist for the proposed allocation and either of the conditions in subsection (4)(a)(i) or (4)(a)(ii) is met.

(5) A liable or potentially liable person under 75-10-715 may not file a cost recovery or contribution action against any person participating in the allocation process provided for in [sections 12 through 22] until the allocation process is complete. The statute of limitations on the filing of cost recovery or contribution actions is tolled from the first date of a petition for allocation on a facility until 30 days after the submittal of the allocation report provided for in [section 20], or until 30 days following the expiration of the time period for appeal or the final decision on appeal.

HeinOnline -- 1997 vol. II 1952 1997

**Section 15. Allocation of liability — process initiation.** (1) For a facility at which the department has initiated a remedial action under 75-10-711 through the issuance of a notice letter prior to [the effective date of this section], any person determined to be potentially liable under 75-10-715 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(2) For a facility at which the department has not initiated a remedial action through the issuance of a notice letter under 75-10-711, any person potentially liable under 75-10-715 who has received approval of a voluntary cleanup plan under 75-10-730 through 75-10-738 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(3) For a facility at which the department initiates a remedial action through the issuance of a notice letter under 75-10-711 after [the effective date of this section], any person potentially liable under 75-10-715 may petition the department in writing within 60 days of the date of the notice letter to initiate the allocation process. Any potentially liable person under 75-10-715 who does not provide a written petition to the department within this timeframe waives the right to participate in the allocation process and remains liable as provided in 75-10-715. The notice letter sent by the department must advise that a failure to petition the department for allocation as provided in this subsection will result in a waiver of the right to participate in the allocation process.

(4) The allocation process may be initiated and may proceed upon written petition of one or more potentially liable persons.

(5) Prior to the initiation of discovery as provided in [section 17], all persons who participate in the allocation process shall agree in writing that the allocator's decision is binding, subject only to the provisions of [section 20(9)] and the appeal provisions of [section 21].

(6) All liable or potentially liable persons under 75-10-715 who do not participate in the allocation process under [sections 12 through 22] remain liable as provided in 75-10-715.

(7) Upon receipt of a written petition under subsections (1) or (2) or when initiating actions at a facility without a prior notice letter under subsection (3), the department shall:

(a) conduct a good faith investigation and may use its authority in 75-10-707 to identify persons who may be liable under 75-10-715; and

(b) issue notice letters to the persons it identifies as potentially liable under 75-10-715.

(8) A person who receives a notice letter may, within 60 days from the date of the notice letter, petition the department in writing to participate in an allocation process and provide the department with the identity of other potentially liable persons under 75-10-715 who were not noticed by the

HeinOnline -- 1997 vol. II 1953 1997

department. When identifying additional potentially liable persons, the noticed person shall provide to the department a statement and credible evidence showing that there is a basis in law and fact to determine that the identified person is potentially liable under 75-10-715.

(9) Within 30 days of receipt of the information provided for in subsection (8), the department may issue a notice letter to an identified person whom the department determines is a potentially liable person under 75-10-715. If the department does not issue a notice letter to an identified person, the department shall issue the person a nomination letter indicating that the person has been identified as potentially liable under 75-10-715. The nomination letter must state that the person has the right to participate in the allocation process and that if the person does not participate and is found liable, the person remains subject to liability as provided in 75-10-715. If the newly noticed or nominated person chooses to participate in the allocation process, the person shall provide a written petition of the person's intent to participate in the allocation process to the department within 30 days of the date of the notice or nomination letter. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

(10) If a person nominated under subsection (9) cannot he readily located, the department shall, within 30 days of receipt of the information provided for in subsection (8), publish one notice of the person's nomination, along with the information contained in a nomination letter under suhsection (9), in a newspaper of general circulation in the county where all or a portion of the facility is located. The notice must state that the person has 30 days from the date of the notice to petition the department, in writing, to participate in the allocation process. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

(11) If one or more potentially liable persons petition in writing for an allocation process under subsection (1), (2), or (3) and the department determines that the facility has a potential orphan share, the department shall:

(a) publish a notice and brief description of the facility in a newspaper of general circulation in the area affected and provide at least 30 days for submission of public comment on the identification of potentially liable persons under 75-10-715; and

(b) notify interested persons and the county commissioners of each county in which all or a portion of the facility is located and provide at least 30 days for submission of comments on the identification of potentially liable persons under 75-10-715.

(12) If a nominated person participates in the allocation and the person is assigned a zero share of liability by the allocator, that person's reasonable costs of participating in the allocation, including attorney fees, must be borne by the person who proposed the addition of the nominated person to the allocation.

(13) If the department anticipates that a facility may have an orphan share, the department shall represent the orphan share in the allocation process. If the state is a potentially liable person under 75-10-715, an agency or entity other than the department shall represent the state in the allocation process.

HeinOnline -- 1997 vol. II 1954 1997

(14) Except as provided in subsection (15), whenever the department is involved in allocation processes on five facilities, other allocation processes may be stayed before the discovery stage provided in [section 17]. Upon completion of an allocation provided in [section 20 or 21], execution of a stipulated agreement under [section 20], or a default to liability as provided in 75-10-715 for one of the five facilities, the department shall notify the potentially liable persons for the facility on the waiting list that has the earliest date of written petition. Discovery under [section 17] must begin within 10 days of department notification.

(15) A stay on the allocation process may not occur under subsection (14) if all persons participating in the allocation process agree in writing that there is no orphan share and that the state is not a potentially liable person under 75-10-715. The agreement is binding upon all noticed or nominated persons.

(16) If, after initiating the process, a potentially liable person elects to discontinue participation in the process, the person remains subject to liability as provided in 75-10-715.

**Section 16. Emergency actions — remedial action requirements — designation of lead person — enforcement.** (1) If the department determines that immediate response to an imminent threat to public health, safety, or welfare or the environment is necessary to avoid substantial injury or damage to persons, property, or resources, the department may require any potentially liable person to take remedial actions without the prior written notice required by 75-10-711(3). The department has 30 days to comply with the notification requirements provided in 75-10-711(3) and [section 15] when requiring emergency remedial actions.

(2) Within 30 days of the issuance of the notice letters, the noticed persons shall designate a lead person who shall conduct remedial actions at the facility. Upon request of the noticed persons and for good cause shown, the department may grant a 30-day extension of time to identify the lead person.

(3) If the department determines that the identified lead person is financially or otherwise incapable of completing remedial actions required by the department, the department shall notify all noticed persons of this determination in writing and request that another lead person be designated within 15 days.

(4) The designated lead person shall undertake all remedial actions required by the department.

(5) If the noticed persons do not designate an approved lead person within the timeframes provided under subsection (2) or (3), the department shall designate a lead person to undertake required remedial actions.

(6) If the department finds that the lead person has not complied with the requirements of a notice letter, order, stipulated agreement, or any department-approved remedial action plan, the department shall notify all potentially liable persons of the noncompliance.

(7) If the noncompliance continues for 30 days after the date of the notice provided in subsection (6), the potentially liable persons have not demonstrated that the noncompliance is due to good cause, and the facility is a maximum or high-priority facility on the department's priority list established pursuant to 75-10-702, the department shall take one or more of the following actions:

HeinOnline -- 1997 vol. II 1955 1997

(a) issue a unilateral order requiring the potentially liable persons to comply with the requirements of the notice letter, order, stipulated agreement, or department-approved remedial action plan;

(b) file a civil action as provided in 75-10-711;

(c) conduct the required remedial actions and seek cost recovery and penalties as provided in 75-10-711;

(d) file a cost recovery action as provided in 75-10-722; or

(e) void approval of the voluntary cleanup plan as provided in 75-10-736.

(8) If the noncompliance continues for 30 days after the date of the notice provided in subsection (6), the potentially liable persons have not demonstrated that the noncompliance is due to good cause, and the facility is not a maximum or high-priority facility on the department's priority list, the department may take one or more of the actions provided for in subsection (7).

(9) For purposes of subsections (7), (8), and (10), "good cause" means factors beyond a person's control that include severe weather conditions, third-party interference, an act of God, or an act of war. Before a person may claim good cause due to third-party interference, the person shall show that the person used reasonable efforts to obtain cooperation or compliance from the third party.

(10) If the lead person fails to comply with the requirements of a notice letter, order, stipulated agreement, or other department-approved remedial action plan, the facility and all noticed persons remain subject to liability as provided in 75-10-715 unless another person assumes the lead role in implementing the required remedial actions or the lead person can establish that the noncompliance is due to good cause.

**Section 17. Discovery.** (1) Each person participating in the allocation process for a facility may conduct discovery for a period of not more than 90 days from the date of the last notice or nomination letter. Discovery requests by each person participating in the allocation process, including the orphan share representative, are limited to the following unless otherwise agreed to by all persons participating in the allocation, including the orphan share representative:

(a) 5 1-day oral depositions not to exceed 8 hours each;

(b) 25 written interrogatories, including subparts;

(c) 50 requests for admission; and

(d) 50 requests for production of documents.

(2) The persons participating in the allocation process may extend the discovery period for up to 30 days if all persons agree to the extension in writing.

(3) Any participating person who is not responsive to discovery requests or who does not participate in the subsequent allocation proceeding and is allocated a share of liability remains subject to liability as provided in 75-10-715.

HeinOnline -- 1997 vol. II 1956 1997

**Section 18. Preallocation negotiations.** (1) After discovery pursuant to [section 17] closes, all persons participating in the allocation process shall conduct good faith settlement negotiations for a period of 30 days.

(2) The participating potentially liable persons may use an impartial mediator when conducting settlement negotiations.

(3) If a settlement is reached under subsection (1), the persons shall execute a stipulated agreement as provided in [section 20].

(4) If a stipulated agreement is not executed as provided in [section 20], the persons shall select an allocator as provided in [section 19].

**Section 19. Allocator selection — payment of fees.** (1) If the preallocation negotiations pursuant to [section 18] fail to produce a stipulated agreement within the timeframe provided in [section 18], the participating persons shall select an allocator within 30 days after the preallocation negotiations end. All participating persons shall agree on the selected allocator.

(2) Before selection or appointment as an allocator, a person shall disclose all conflicts of interest, including whether the allocator is or has been a relative, attorney, agent, employee, creditor, or contractor of, or in any manner is or has been interested financially or personally with, any person involved in the allocation.

(3) If the participating persons are unable to agree on an allocator within the required 30 days, one or more of the participating persons shall apply for judicial resolution, within 10 days, to the district court in the county where the release occurred or where any potentially liable person under 75-10-715 resides or has a principal place of business or in the district court of the first judicial district. If an application to the district court is not made within 10 days, all persons remain subject to liability as provided in 75-10-715 and the allocation process ends.

(4) Upon selection or appointment of the allocator, the lead person shall advance, if required by the allocator, up to $5,000 toward the allocator's expenses. Any expenses accrued by the allocator for legal or technical expertise must be approved in advance by all the participating persons. The allocator's fees and reasonable expenses must be divided among the participating liable persons, except the orphan share, in proportion to their allocated shares. The orphan share fund established in [section 13] is not responsible for any portion of the allocator's fees and expenses.

**Section 20. Allocating liability.** (1) Upon selection or appointment, the allocator shall establish the process and schedule for determining the allocation, including the length and scope of any documents to be presented.

(2) The participating persons shall submit to the allocator and to each other a statement of position and exhibits of a factual nature. Each person's statement must identify the factors listed in subsection (5) that the person believes are relevant to allocation of liability for the facility.

(3) The allocator may convene the participating persons as the allocator believes necessary to clarify the facts and may pose additional questions, interview any person or the person's representative, and impose presumptions

HeinOnline -- 1997 vol. II 1957 1997

concerning missing information. The allocator may seek department assistance with information gathering pursuant to 75-10-707.

(4) The allocator may not engage in ex parte communications with any person or the person's representative.

(5) The allocator shall allocate each participating and nonparticipating person's share of liability based only on information presented or collected during the allocation process and, taking into account facility characteristics, shall apportion liability on a percentage basis according to the following factors:

(a) the extent to which the person caused the release of the hazardous or deleterious substance;

(b) the extent to which the person's contribution to the release of a hazardous or deleterious substance can be distinguished;

(c) the amount or volume of hazardous or deleterious substance and the amount contributed by the person;

(d) the relative hazard of the hazardous or deleterious substance contributed by the person, including volatility, carcinogenicity, mobility, persistence, reactivity, and toxicity;

(e) the degree of past and present cooperation by the person with the government to prevent harm to the public health, safety, or welfare and the environment, including participation in remedial actions occurring concurrently with the allocation process and compliance and cooperation with discovery pursuant to [section 17];

(f) what the person knew or should have known of the hazardous nature of the substance, the risk associated with that substance, and proper waste disposal practices;

(g) the circumstances of the property acquisition, including the documented price paid and discounts granted;

(h) the person's knowledge of or acquiescence to waste generation, storage, handling, treatment, or disposal;

(i) the length of time of ownership, operation, generation, or transportation;

(j) any violations of or noncompliance with health and environmental regulations, including permit violations or violations relating to public notification;

(k) the degree to which a person providing publicly owned landfill or sewer and water systems had or has a reasonable ability to control disposed materials and the person's degree of care in maintaining those services;

(l) the person's financial or economic benefit from:

(i) ownership or operation of the facility;

(ii) the generation, transportation, or disposal of the hazardous or deleterious substance; and

(iii) cleanup of the facility;

(m) whether the person exercised due diligence in generating, transporting, or disposing of hazardous or deleterious substances and the person's control over those activities; and

(n) other equitable factors that are appropriate.

(6) Within 60 days of selection or appointment, the allocator shall submit to the department and all noticed and nominated persons a written allocation report that allocates each person's share of liability and that documents the rationale for the percentage of liability allocated to each person.

(7) The allocator or the participating persons may extend the allocation proceeding by up to 30 days if agreed to by the allocator and all the participating persons.

(8) Within 30 days of the date of the allocation report, the persons who participated in the allocation and who were allocated a share of liability, except for the orphan share, shall prepare and sign a stipulated agreement that contains:

(a) the percentage share of liability for each person as determined by the allocator;

(b) procedures for paying for the orphan share prior to reimbursement from the orphan share fund;

(c) a waiver of contribution rights against all persons who are potentially liable for the remedial action as well as a waiver of any rights to challenge any settlement that the department enters into with any other potentially liable person;

(d) covenants not to sue and provisions regarding performance or adequate assurance of performance of remedial actions;

(e) how remedial actions will be conducted;

(f) a penalty provision in accordance with subsection (12);

(g) acknowledgment of contribution protection, consistent with 75-10-719(1), regarding matters addressed in the settlement; and

(h) provisions detailing how the persons signing the stipulated agreement should receive reimbursement from the orphan share fund for any remedial action costs incurred by the persons in excess of their allocated share.

(9) If the department determines that the stipulated agreement does not satisfy the requirements of subsection (8), the liable persons who participated in the allocation remain subject to liability as provided in 75-10-715.

(10) A person who did not participate in the allocation but who was assigned a share of liability may sign the stipulated agreement prepared according to subsection (8).

(11) Any liable person allocated a share of liability who does not sign the stipulated agreement remains subject to liability as provided in 75-10-715.

HeinOnline -- 1997 vol. II 1959 1997

(12) Any liable person who signs the stipulated agreement and fails to comply with the terms of the stipulated agreement shall pay, in addition to the person's share of remedial action costs, a penalty of two times the amount of the person's allocated share of liability. Any funds received must be applied to the facility's orphan share and any funds in excess of the facility's orphan share amount must be deposited in the orphan share fund established under [section 13].

(13) If a liable person becomes bankrupt or defunct after the stipulated agreement is signed and before remedial actions are complete at the facility, that person's share of liability becomes an orphan share.

**Section 21. Appeal of allocator's decision.** (1) A person may appeal the allocator's decision to district court within 30 days of the date of the allocation report. Venue lies in the county where the release occurred or where the liable person resides or has a principal place of business or in the first judicial district.

(2) The allocator's decision must be upheld unless the person appealing the decision demonstrates that the decision was:

(a) made upon unlawful procedure;

(b) affected by other error of law;

(c) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or

(d) arbitrary and capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion or was fraudulent.

(3) If the appeal is successful, the district court shall allocate the liability of the potentialiy liable persons using the factors outlined in [section 20].

(4) After decision on the appeal, all liable persons shall submit a stipulated agreement as provided in [section 20] to the department based on the court order.

**Section 22. Effect of termination on allocations.** (1) Persons participating in the allocation process may complete the allocation process for the facility at issue and claim reimbursement from the orphan share fund provided that the discovery process under [section 17] had been initiated by [the termination date of sections 12 through 22].

~~(iii) does not deny coverage to any small employer member of its association or any employee of its small employer members who applies for coverage as part of a group.~~

~~(27)~~*(25)* "Small employer carrier" means a carrier that offers health benefit plans that cover eligible employees of one or more small employers in this state.

~~(28)~~*(26)* "Standard health benefit plan" means a health benefit plan that is developed by a small employer carrier and that contains the provisions required pursuant to 33-22-1828."

**Section 22.** Section 33-22-1804, MCA, is amended to read:

**"33-22-1804. Applicability and scope.** (1) This part applies to a health benefit plan marketed through a small employer that provides coverage to the employees of a small employer in this state if any of the following conditions are met:

(a) a portion of the premium or benefits is paid by or on behalf of the small employer;

(b) an eligible employee or dependent is reimbursed, whether through wage adjustments or otherwise, by or on behalf of the small employer for any portion of the premium; ~~or~~

(c) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of section 106, 125, or 162 of the Internal Revenue Code, except a plan or program that is funded entirely by contributions from the employees*; or*

*(d) all of the premium is paid by the employee who obtains coverage through the employer's group health benefit plan.*

(2) ~~A payroll deduction or a list-billed premium is not a reimbursement for the purposes of subsection (1)(b)~~ *This part does not apply to an individual health benefit plan for which the entire premium is paid by an employee through payroll deduction or other means.*

*(3) This part applies to an individual health benefit plan if the eligible employee or dependent is directly or indirectly reimbursed, whether through wage adjustments or otherwise, by or on behalf of the small employer for any portion of the premium.*"

**Section 23.** Section 33-22-1809, MCA, is amended to read:

**"33-22-1809. Restrictions relating to premium rates.** (1) Premium rates for health benefit plans under this part are subject to the following provisions:

(a) The index rate for a rating period for any class of business may not exceed the index rate for any other class of business by more than 20%.

HeinOnline -- 1997 vol. II 1985 1997

(b) For each class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage or the rates that could be charged to the employer under the rating system for that class of business may not vary from the index rate by more than 25% of the index rate.

(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period; in the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) any adjustment, not to exceed 15% annually and adjusted pro rata for rating periods of less than 1 year, because of the claims experience, health status, or duration of coverage of the employees or dependents of the small employer, as determined from the small employer carrier's rate manual for the class of business; and

(iii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(d) Adjustments in rates for claims experience, health status, and duration of coverage may not be charged to individual employees or dependents. Any adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) If a small employer carrier uses industry as a case characteristic in establishing premium rates, the rate factor associated with any industry classification may not vary from the average of the rate factors associated with all industry classifications by more than 15% of that coverage.

(f) In the case of health benefit plans delivered or issued for delivery prior to January 1, 1994, a premium rate for a rating period may exceed the ranges set forth in subsections (1)(a) and (1)(b) until January 1, 1997. In that case, the percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period; in the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers; and

HeinOnline -- 1997 vol. II 1986 1997

(ii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(g) A small employer carrier shall:

(i) apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors must produce premiums for identical groups that differ only by the amounts attributable to plan design and that do not reflect differences because of the nature of the groups. Differences among base premium rates may not be based in any way on the actual or expected health status or claims experience of the small employer groups that choose or are expected to choose a particular health benefit plan.

(ii) treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(h) For the purposes of this subsection (1), a health benefit plan that includes a restricted network provision may not be considered similar coverage to a health benefit plan that does not include a restricted network provision.

(2) A small employer carrier may not transfer a small employer involuntarily into or out of a class of business. A small employer carrier may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claims experience, health status, or duration of coverage since the insurance was issued.

(3) The commissioner may suspend for a specified period the application of subsection (1)(a) for the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the commissioner either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the fairness and efficiency of the small employer health insurance market.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of each of the following:

(a) the extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or upon the actual or expected variation in health status of the employees of small employers and the employees' dependents;

(b) the provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claims experience, that affect changes in premium rates;

(c) the provisions relating to renewability of policies and contracts; and

(d) the provisions relating to any preexisting condition.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that

HeinOnline -- 1997 vol. II 1987 1997

demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(b) Each small employer carrier shall file with the commissioner annually, on or before March 15, an actuarial certification certifying that the carrier is in compliance with this part and that the rating methods of the small employer carrier are actuarially sound. The actuarial certification must be in a form and manner and must contain information as specified by the commissioner. A copy of the actuarial certification must be retained by the small employer carrier at its principal place of business.

(c) The filing required in subsection (5)(b) must contain the small employer carrier's ~~benefit equivalency and~~ benefit value.

(d) A small employer carrier shall make the information and documentation described in subsection (5)(a) available to the commissioner upon request. Except in cases of violations of the provisions of this part and except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction, the information must be considered proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside of the department.

(6) The commissioner may not require prior approval of the rating methods used by small employer carriers or the premium rates of the health benefit plans offered to small employers."

**Section 24.** Section 33-22-1811, MCA, is amended to read:

**"33-22-1811. Availability of coverage — required plans.** (1) (a) As a condition of transacting business in this state with small employers, each small employer carrier ~~shall offer to small employers~~ *must have approved for issuance to small employer groups* at least two health benefit plans. One plan must be a basic health benefit plan, and one plan must be a standard health benefit plan.

(b) (i) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible small employer that applies for ~~either~~ *either* plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with this part. *If, pursuant to Public Law 104-191, an agency of the United States or a court does not prohibit a small employer carrier from doing so, a small employer carrier may offer and issue a group health benefit plan other than a basic or standard plan on an underwritten basis.*

(ii) In the case of a small employer carrier that establishes more than one class of business pursuant to 33-22-1808, the small employer carrier shall maintain and offer to eligible small employers at least one basic health benefit plan and at least one standard health benefit plan in each established class of business. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

(A) the criteria are not intended to discourage or prevent acceptance of small employers applying for a ~~basic or standard~~ health benefit plan;

HeinOnline -- 1997 vol. II 1988 1997

(B) the criteria are not related to the health status or claims experience of the small employers' employees;

(C) the criteria are applied consistently to all small employers that apply for coverage in that class of business; and

(D) the small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business.

(iii) The provisions of subsection (1)(b)(ii) may not be applied to a class of business into which the small employer carrier is no longer enrolling new small businesses.

(c) A small employer carrier that elects not to comply with the requirements of subsections (1)(a) and (1)(b) may continue to provide coverage under health benefit plans previously issued to small employers in this state for a period of no more than 7 years from October 1, 1995, if the carrier:

(i) complies with all other applicable provisions of this part, except 33-22-1810, 33-22-1813, and subsections (2) through (4) of this section; and

(ii) does not amend or alter the benefits and coverages of the previously issued health benefit plans unless required to do so by law or rule.

(2) (a) A small employer carrier shall, pursuant to 33-1-501, file the basic health benefit plans and the standard health benefit plans to be used by the small employer carrier.

(b) The commissioner may at any time, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this part.

(3) Health benefit plans covering small employers must comply with the following provisions:

(a) A health benefit plan may not~~:~~

*(i)* because of a preexisting condition, deny, exclude, or limit benefits for a covered individual for losses incurred more than 12 months following the effective date of the individual's coverage. A health benefit plan may not define a preexisting condition *exclusion* more restrictively than ~~33-22-110(2)~~ *[section 33]*.

*(ii) use a preexisting condition exclusion more restrictive than exclusions allowed under [section 39].*

(b) A health benefit plan must waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time *that* an individual was previously covered by ~~qualifying previous~~ *creditable* coverage that provided benefits with respect to those services if the ~~qualifying previous~~ *creditable* coverage was continuous to a date not more than ~~30~~ *63* days prior to the submission of an application for new coverage. This subsection (3)(b) does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan.

HeinOnline -- 1997 vol. II 1989 1997

(c) A health benefit plan may exclude coverage for late enrollees for 18 months or for an 18-month preexisting condition exclusion, provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed 18 months from the date the individual enrolls for coverage under the health benefit plan.

(d) (i) Requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, must be applied uniformly among all small employers that have the same number of eligible employees and that apply for coverage or receive coverage from the small employer carrier.

(ii) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.

(e) (i) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subsection (3)(c).

(ii) A small employer carrier may not modify a basic or standard health benefit plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(iii) A small employer carrier shall secure a waiver of coverage from each eligible employee who declines, at the sole discretion of the eligible employee, an offer of coverage under a health benefit plan provided by the small employer. The waiver must be signed by the eligible employee and must certify that the employee was informed of the availability of coverage under the health benefit plan and of the penalties for late enrollment. The waiver may not require the eligible employee to disclose the reasons for declining coverage.

(iv) A small employer carrier may not issue coverage to a small employer if the carrier or a producer for the carrier has evidence that the small employer induced or pressured an eligible employee to decline coverage due to the health status or risk characteristics of the eligible employee or of the dependents of the eligible employee.

(4) (a) A small employer carrier may not be required to offer coverage or accept applications pursuant to subsection (1) in the case of the following:

(i) ~~to a small employer when the small employer is not physically located in the carrier's established geographic service area;~~

~~(ii)~~ to an ~~employee when the employee does~~ *employer whose employees do* not work or reside within the *small employer* carrier's established geographic service area *for a network plan, as defined in [section 33]*; or

~~(iii)~~*(ii)* within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will

not have the capacity within its established geographic service area to deliver service adequately to the members of a group because of its obligations to existing group policyholders and enrollees. *The small employer carrier may not deny coverage under this subsection unless the small employer carrier acts uniformly without regard to claims experience or health status-related factors of employers, employees, or dependents.*

(b) A small employer carrier may not be required to provide coverage to small employers pursuant to subsection (1) ~~for any period of time~~ for which the commissioner determines that ~~requiring the acceptance of small employers in accordance with the provisions of subsection (1) would place the small employer carrier in a financially impaired condition~~ *the small employer carrier does not have the financial reserves necessary to underwrite additional coverage and that the small employer carrier has denied coverage of small employers uniformly throughout the state and without regard to the claims experience and health status-related factors of the applicant small employer groups. The small employer carrier exempted from providing coverage under this subsection may not offer coverage to small employer groups in this state for 180 days after the date on which coverage is denied or until the small employer carrier has demonstrated to the commissioner that the small employer carrier has sufficient financial reserves to underwrite additional coverage, whichever is later.*"

**Section 25.** Section 33-22-1819, MCA, is amended to read:

"**33-22-1819. Program plan of operation — treatment of losses — exemption from taxation.** (1) Within 180 days after the appointment of the initial board, the board shall submit to the commissioner a plan of operation and may at any time submit amendments to the plan necessary or suitable to ensure the fair, reasonable, and equitable administration of the program. The commissioner may, after notice and hearing, approve the plan of operation if the commissioner determines it to be suitable to ensure the fair, reasonable, and equitable administration of the program and if the plan of operation provides for the sharing of program gains or losses on an equitable and proportionate basis in accordance with the provisions of this section. The plan of operation is effective upon written approval by the commissioner.

(2) If the board fails to submit a suitable plan of operation within 180 days after its appointment, the commissioner shall, after notice and hearing, promulgate and adopt a temporary plan of operation. The commissioner shall amend or rescind any temporary plan adopted under this subsection at the time a plan of operation is submitted by the board and approved by the commissioner.

(3) The plan of operation must:

(a) establish procedures for the handling and accounting of program assets and money and for an annual fiscal reporting to the commissioner;

(b) establish procedures for selecting an administering carrier and setting forth the powers and duties of the administering carrier;

(c) establish procedures for reinsuring risks in accordance with the provisions of this section;

(d) establish procedures for collecting assessments from assessable carriers to fund claims incurred by the program;

HeinOnline -- 1997 vol. II 1991 1997

(e) establish procedures for allocating a portion of premiums collected from reinsuring carriers to fund administrative expenses incurred or to be incurred by the program; and

(f) provide for any additional matters necessary for the implementation and administration of the program.

(4) The program has the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition, the program may:

(a) enter into contracts as are necessary or proper to carry out the provisions and purposes of this part, including the authority, with the approval of the commissioner, to enter into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions;

(b) sue or be sued, including taking any legal actions necessary or proper to recover any premiums and penalties for, on behalf of, or against the program or any reinsuring carriers;

(c) take any legal action necessary to avoid the payment of improper claims against the program;

(d) define the health benefit plans for which reinsurance will be provided and to issue reinsurance policies in accordance with the requirements of this part;

(e) establish conditions and procedures for reinsuring risks under the program;

(f) establish actuarial functions as appropriate for the operation of the program;

(g) appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in operation of the program, policy and other contract design, and any other function within the authority of the program;

(h) to the extent permitted by federal law and in accordance with subsection (8)(c), make annual assessments against assessable carriers and make interim assessments to fund claims incurred by the program; and

(i) borrow money to effect the purposes of the program. Any notes or other evidence of indebtedness of the program not in default are legal investments for carriers and may be carried as admitted assets.

(5) A reinsuring carrier may reinsure with the program as provided for in this subsection (5):

(a) With respect to a basic health benefit plan or a standard health benefit plan, the program shall reinsure the level of coverage provided and, with respect to other plans, the program shall reinsure up to the level of coverage provided in a basic or standard health benefit plan.

(b) A small employer carrier may reinsure an entire employer group within 60 days of the commencement of the group's coverage under a health benefit plan.

HeinOnline -- 1997 vol. II 1992 1997

(c) A reinsuring carrier may reinsure an eligible employee or dependent within a period of 60 days following the commencement of coverage with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within 60 days of the commencement of coverage.

(d) (i) The program may not reimburse a reinsuring carrier with respect to the claims of a reinsured employee or dependent until the carrier has incurred an initial level of claims for the employee or dependent of $5,000 in a calendar year for benefits covered by the program. In addition, the reinsuring carrier is responsible for 20% of the next $100,000 of benefit payments during a calendar year and the program shall reinsure the remainder. A reinsuring carrier's liability under this subsection (d)(i) may not exceed a maximum limit of $25,000 in any calendar year with respect to any reinsured individual.

(ii) The board annually shall adjust the initial level of claims and maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment may not be less than the annual change in the medical component of the consumer price index for all urban consumers of the United States department of labor, bureau of labor statistics, unless the board proposes and the commissioner approves a lower adjustment factor.

(e) A small employer carrier may terminate reinsurance with the program for one or more of the reinsured employees or dependents of a small employer on any anniversary of the health benefit plan.

(f) A small employer group health benefit plan in effect before January 1, 1994, may not be reinsured by the program until January 1, 1997, and then only if the board determines that sufficient funding sources are available.

(g) A reinsuring carrier shall apply all managed care and claims-handling techniques, including utilization review, individual case management, preferred provider provisions, and other managed care provisions or methods of operation consistently with respect to reinsured and nonreinsured business.

(6) (a) As part of the plan of operation, the board shall establish a methodology for determining premium rates to be charged by the program for reinsuring small employers and individuals pursuant to this section. The methodology must include a system for classification of small employers that reflects the types of case characteristics commonly used by small employer carriers in the state. The methodology must provide for the development of base reinsurance premium rates that must be multiplied by the factors set forth in subsection (6)(b) to determine the premium rates for the program. The base reinsurance premium rates must be established by the board, subject to the approval of the commissioner, and must be set at levels that reasonably approximate the premiums necessary to recover one-half of the expenses for the calendar year. For purposes of this section, expenses include administrative expenses~~, one-half of the program net loss for the previous calendar year,~~ and the actuarially anticipated claims to be incurred, adjusted to reflect retention levels required under this part.

(b) Premiums for the program are as follows:

HeinOnline -- 1997 vol. II 1993 1997

(i) An entire small employer group may be reinsured for a rate that is one and one-half times the base reinsurance premium rate for the group established pursuant to this subsection (6).

(ii) An eligible employee or dependent may be reinsured for a rate that is five times the base reinsurance premium rate for the individual established pursuant to this subsection (6).

(c) The board shall annually review the methodology established under subsection (6)(a), including the system of classification and any rating factors, to ensure that it is actuarially sound and that it reasonably reflects the claims experience of the program. The board may propose changes to the methodology that are subject to the approval of the commissioner.

(d) The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.

(7) If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued must meet the requirements relating to premium rates set forth in 33-22-1809.

(8) (a) Prior to March 1 of each year, the board shall determine and report to the commissioner the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses, and the actuarially anticipated losses for the calendar year. The sum of ~~one-half of~~ the program net loss for the previous calendar year plus *one-half of* the *actuarially* anticipated ~~net loss for the calendar year~~ *claims to be incurred during the current calendar year and one-half of anticipated administrative expenses during the current calendar year* must equal the total assessment amount. ~~If the program net loss for the previous calendar year is zero or less, the total assessment amount must equal the actuarially anticipated losses for the calendar year.~~

(b) (i) Each assessable carrier shall share in the program in an amount determined by multiplying the total assessment amount by a fraction, the numerator of which is the number of individuals in this state covered under disability insurance by the assessable carrier and the denominator of which is the number of all individuals in this state covered under disability insurance by all assessable carriers.

(ii) The board shall make a reasonable effort to ensure that each insured individual is counted only once for the purpose of assessment. The board shall require each assessable carrier that provides excess of loss or stop loss insurance to include in its count of insured individuals all individuals whose coverage is reinsured in whole or in part, including coverage under excess of loss or stop loss insurance. The board shall allow an assessable carrier who is an excess of loss or stop loss insurer to exclude from its count of insured individuals those who have been counted by a primary disability insurer or by a primary reinsurer.

(iii) The board shall base each assessable carrier's assessment on reports filed with the commissioner as required by ~~33-22-1820~~ *33-2-704*. The board may use

HeinOnline -- 1997 vol. II 1994 1997

any reasonable method of estimating the number of individuals insured by an assessable carrier if the specific number is unknown.

(c) The board shall make an annual determination in accordance with this section of each assessable carrier's liability for its share of the contribution to the program and, except as otherwise provided by this section, make an annual assessment against each assessable carrier to the extent of that liability. Payment of an assessment is due within 30 days of receipt by the assessable carrier of written notice of the assessment. An assessable carrier that ceases doing business within the state is liable for assessments until the end of the calendar year in which the assessable carrier ceased doing business. The board may determine not to assess an assessable carrier if the assessable carrier's liability determined in accordance with this section does not exceed $10.

(d) The board may establish and maintain program reserves not to exceed five times the actuarially anticipated losses for the calendar year.

(e) If the sum of the reinsurance premiums and assessments in any calendar year exceeds the sum of the administrative expenses and incurred claims for that year, the board may proportionately credit the excess to assessable carriers or it may place the excess in program reserves, subject to the limits in subsection (8)(d).

(9) The participation in the program as reinsuring carriers; the establishment of rates, forms, or procedures; or any other joint collective action required by this part may not be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers, either jointly or separately.

(10) The board, as part of the plan of operation, shall develop standards setting forth the minimum levels of compensation to be paid to producers for the sale of basic and standard health benefit plans. In establishing the standards, the board shall take into consideration the need to ensure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to small employers, the levels of compensation currently used in the industry, and the overall costs of coverage to small employers selecting these plans.

(11) The program is exempt from taxation.

(12) On or before March 1 of each year, the commissioner shall evaluate the operation of the program and report to the governor and the legislature in writing the results of the evaluation. The report must include an estimate of future costs of the program, assessments necessary to pay those costs, the appropriateness of premiums charged by the program, the level of insurance retention under the program, the cost of coverage of small employers, and any recommendations for change to the plan of operation.

(13) All premiums and other money paid to the small employer carrier reinsurance program and all property and securities acquired through the use of money and interest and dividends earned on money belonging to the small employer carrier reinsurance program are solely the property of the program and must be used exclusively for the operations and obligations of the program. Money collected by the program is not subject to legislative appropriation."

(c) coverage for conversion of henefits required by 33-22-508 and 33-22-510 or by 33-30-1007.

(2) The smali employer carrier may determine varying levels of deductibles, copayments, maximum annual out-of-pocket expenses, maximum lifetime benefits, and other financial cost-sharing arrangements with the insured that give the basic health benefit plan a lower benefit value than the standard health benefit plan.

(3) A hasic health benefit plan provided by a health maintenance organization or a basic health benefit plan with a restricted network provision must provide a comparahle level of benefits to those required by subsections (1) and (2), as determined by the ~~benefit equivalency and~~ benefit value."

The coverage must include a limitation of $2,000 per person or $4,000 per family on the total annual out-of-pecket expenses for services covered. The coverage may be subject to a maximum lifetime benefit, but a maximum, if any, may not be less than $1 million.

(2) The commissioner may not require coverage in a standard health benefit plan for any benefit unless other provisions of Title 33, chapter 22, 30, or 31, specifically require coverage for the benefit. A small employer carrier may offer coverage for additional services and articles.

(3) A standard health benefit plan provided by a health maintenance organization or a basic health benefit plan with a restricted network provision must provide a comparahle level of henefits to those required by subsection (1), as determined hy the ~~benefit equivalency and~~ henefit value."
